TRISTIN DONAVAN

Harlequin
NEW YORK TIMES BESTSELLER • Bestselling historian Alison Weir tells the poignant, suspenseful and sometimes tragic story of Elizabeth, eldest daughter of the Yorkist King Edward IV and sister of the Princes in the Tower, a woman whose life was inextricably caught up in the turmoil of the Wars of the Roses and the establishment of the usurping Tudor dynasty. She was the wife of Henry VII and mother of Henry VIII. Many are familiar with the story of the much-married King Henry VIII of England and the celebrated reign of his daughter, Elizabeth I. But it is often forgotten that the life of the first Tudor queen, Elizabeth of York,

Henry's mother and Elizabeth's grandmother, spanned one of England's most dramatic and perilous periods. Now New York Times bestselling author and acclaimed historian Alison Weir presents the first modern biography of this extraordinary woman, whose very existence united the realm and ensured the survival of the Plantagenet bloodline. Her birth was greeted with as much pomp and ceremony as that of a male heir. The first child of King Edward IV, Elizabeth enjoyed all the glittering trappings of royalty. But after the death of her father; the disappearance and probable murder of her brothers—the Princes in the Tower; and the usurpation of the throne by her calculating uncle Richard III, Elizabeth found her world turned upside-down: She and her siblings were declared bastards. As Richard's wife, Anne Neville, was dying, there were murmurs that the king sought to marry his niece Elizabeth, knowing that most people believed her to be

England's rightful queen. Weir addresses Elizabeth's possible role in this and her covert support for Henry Tudor, the exiled pretender who defeated Richard at the Battle of Bosworth and was crowned Henry VII, first sovereign of the House of Tudor. Elizabeth's subsequent marriage to Henry united the houses of York and Lancaster and signaled the end of the Wars of the Roses. For centuries historians have asserted that, as queen, she was kept under Henry's firm grasp, but Weir shows that Elizabeth proved to be a model consort—pious and generous—who enjoyed the confidence of her husband, exerted a tangible and beneficial influence, and was revered by her son, the future King Henry VIII. Drawing from a rich trove of historical records, Weir gives a long overdue and much-deserved look at this unforgettable princess whose line descends to today's British monarch—a woman who overcame tragedy and danger to become one of England's most beloved consorts. Praise for Elizabeth of York “Weir tells Elizabeth's story well. . . . She is a meticulous scholar. . . . Most important, Weir sincerely admires her subject, doing honor to an almost forgotten queen.”—The New York Times Book Review “In [Alison] Weir's skillful hands, Elizabeth of York returns to us, full-bodied and three-dimensional. This is a must-read for Tudor fans!”—Historical Novels Review “This bracing biography reveals a woman of integrity, who . . . helped [her husband] lay strong groundwork for the success of the new Tudor dynasty. As always in a Weir book, the tenor of the times is drawn with great color and authenticity.”—Booklist “Weir once again demonstrates that she is an outstanding portrayer of the Tudor era, giving us a fully realized biography of a remarkable woman.”—Huntington News Mistress of the Monarchy Doubleday

Elizabeth Woodville is undoubtedly a historical character whose life no novelist would ever have dared invent. She has been portrayed as an enchantress; as an unprincipled advancer of her family's fortunes and a plucky but pitiful queen in Shakespeare's histories. She has been alternatively championed and vilified by her contemporaries and five centuries of historians, dramatists and novelists, but what was she really life? In this revealing account of Elizabeth's life David Baldwin sets out to tell the story of this complex and intriguing woman. Was she the malign influence many of her critics held her to be? Was she a sorceress who bewitched Edward IV? What was the fate of her two sons, the 'Princes in the Tower'? What did she, of all people, think had become of them, and why did Richard III mount a campaign of vilification against her? David Baldwin traces Elizabeth's career and her influence on the major events of her husband Edward IV's reign, and in doing so he brings to life the personal and domestic politics of Yorkist England and the elaborate ritual of court life.

Elizabeth Springer

As the 100 Years War ground to its dismal end, England groaned under the misrule of Henry VI and his Lancastrian favorites. The House of York rose in rebellion; and Parliament restored York in the line of inheritance to the throne. Edward, Earl of March, triumphed at the Battle of Mortimer's Cross; Parliament asked him to be King and the people proclaimed him Edward IV. His life and legacy are chronicled in Edward IV, England's Forgotten Warrior King. For ten years, Edward struggled against repeated Lancastrian rebellions. He was driven from his kingdom by Richard, Earl of Warwick, but then he won decisive victories at the Battles of Barnet and Tewkesbury in 1471. For another twelve

years, he reigned wisely with peace and prosperity, as a beloved King; but then he died at age forty one and his twelve-year-old son was proclaimed Edward V. Richard, Duke of Gloucester, seized the throne and put young Edward and his brother in the Tower of London, from where they never emerged alive. Richard III was a good King and wanted to be respected, but the people believed he had murdered the Princes in the Tower, and would not forgive him. Queen Elizabeth and Margaret Beaufort plotted with Henry Tudor, who invaded England in 1485. Henry Tudor then defeated and killed Richard III at the Battle of Bosworth Field. Henry Tudor (Henry VII) was crowned King and married Edward IV's daughter Elizabeth; the resultant Tudor dynasty would rule England for another 118 years.

Mother of Richard III Penguin

Profiles Henry VII as an enigmatic and ruthless king of a country ravaged by decades of conspiracy and civil war, discussing the costs of establishing a Tudor monarchy and the ways he set the stage for Henry VIII's reign.

Gone, But Not Forgotten Penguin

Forgotten New York is your passport to more than 300 years of history, architecture, and memories hidden in plain sight. Houses dating to the first Dutch settlers on Staten Island; yellow brick

roads in Brooklyn; clocks embedded in the sidewalk in Manhattan; bishop's crook lampposts in Queens; a white elephant in the Bronx—this is New York and this is your guide to seeing it all. *Forgotten New York* covers all five boroughs with easy-to-use maps and suggested routes to hundreds of out-of-the-way places, antiquated monuments, streets to nowhere, and buildings from a time lost. *Forgotten New York* features: Quiet Places Truly Forgotten History Happened Here What is this Thing? Forgotten People And so much more. No matter if you are a lifelong New Yorker, recent resident, or weekend visitor, this magical book is the only guide to true New York.

Daniel Murray and the Story of a Forgotten Era Ballantine Books

This book tells the story of the queen whose marriage to King Henry VII ended England's Wars of the Roses and inaugurated the 118-year Tudor dynasty. Best known as the mother of Henry VIII and grandmother of Elizabeth I, this Queen Elizabeth contributed far beyond the act of giving birth to future monarchs. Her marriage to Henry VII unified the feuding houses of Lancaster and York, and her popularity with the people helped her husband survive rebellions that plagued his first decade of rule. Queen Elizabeth's gracious manners and large family created a warm, convivial Court marked by a rather exceptional fondness between the royal couple. Her love for music, literature, and architecture also helped inspire England's Renaissance.

Take a 500-year journey back in time and experience the Tudor

Era through the five senses. Much has been written about the lives of the Tudors, but it is sometimes difficult to really grasp how they experienced the world. Using the five senses, Amy Licence presents a new perspective on the material culture of the past, exploring the Tudors' relationship with the fabric of their existence, from the clothes on their back, roofs over their heads and food on their tables, to the wider questions of how they interpreted and presented themselves, and beliefs about life, death and beyond. This book helps recapture the past: what were the Tudors' favorite perfumes? How did the weather affect their lives? What sounds from the past have been lost? Take a journey back 500 years, to experience the Tudor world as closely as possible, through sights, sound, smell, taste and touch.

The Forgotten Tudor Queen Penguin

Edward IV's struggle to gain and retain the kingship of England during a period of sustained dynastic turmoil in the middle of the Wars of the Roses

Forgotten New York Sweetwater Books

New York Times bestselling authors Karen White, Beatriz Williams, and Lauren Willig present a masterful collaboration—a rich, multigenerational novel of love and loss that spans half a century.... 1945: When critically wounded Captain Cooper Ravenel is brought to a private hospital on Manhattan's Upper East Side, young Dr. Kate Schuyler is drawn into a complex mystery that connects three generations of women in her family to a single extraordinary room in a Gilded Age mansion. Who is the woman in Captain Ravenel's miniature portrait who looks so much like Kate? And why is she wearing the ruby pendant handed down to Kate by her mother? In their pursuit of answers,

they find themselves drawn into the turbulent stories of Olive Van Alan, driven in the Gilded Age from riches to rags, who hired out as a servant in the very house her father designed, and Lucy Young, who in the Jazz Age came from Brooklyn to Manhattan seeking the father she had never known. But are Kate and Cooper ready for the secrets that will be revealed in the Forgotten Room? READERS GUIDE INCLUDED

The Later Years Penguin

Set against the turbulent backdrop of 14th-century England, a portrait of Katherine Swynford documents the colorful life and times of a woman who became the mistress and eventual wife of the powerful John of Gaunt, Duke of Lancaster, played a key role during the age of chivalry and gave birth to a line of royal descendants. Reprint.

The Lost Family Penguin

A deeply reported look at home genetic testing and the seismic shock it has had on our culture and on individual lives You swab your cheek or spit in a vial, then send it away to a lab somewhere. Weeks later you get a report that might tell you where your ancestors came from or if you carry certain genetic risks. Or, the report could reveal a long-buried family secret that upends your entire sense of identity. Soon a lark becomes an obsession, a relentless drive to find answers to questions at the core of your being, like "Who am I?" and "Where did I come from?" Welcome to the age of home genetic testing. In *The Lost Family*, journalist Libby Copeland investigates what happens

when we embark on a vast social experiment with little understanding of the ramifications. She explores the culture of genealogy buffs, the science of DNA, and the business of companies like Ancestry and 23andMe, all while tracing the story of one woman, her unusual results, and a relentless methodical drive for answers that becomes a thoroughly modern genetic detective story. Gripping and masterfully told, *The Lost Family* is a spectacular book on a big, timely subject.

City of Girls Kensington Books

In the tradition of the spellbinding historical novels of Philippa Gregory and Kate Morton comes a stunning story based on a real-life Tudor mystery, of a curse that echoes through the centuries and shapes two women's destinies... 1560: Amy Robsart is trapped in a loveless marriage to Robert Dudley, a member of the court of Queen Elizabeth I. Surrounded by enemies and with nowhere left to turn, Amy hatches a desperate scheme to escape—one with devastating consequences that will echo through the centuries... Present Day: When Lizzie Kingdom is forced to withdraw from the public eye in a blaze of scandal, it seems her life is over. But she's about to encounter a young man, Johnny Robsart, whose fate will interlace with hers in the most unexpected of ways. For Johnny is certain that Lizzie is linked to a terrible secret dating back to Tudor times. If Lizzie is brave enough to go in search of the truth, then what she discovers will change the course of their lives forever.

The Life of Katherine Swynford, Duchess of Lancaster Simon and Schuster

The fascinating story of Queen Elizabeth's secret outreach to the Muslim world, which set England on the path to empire, by The

New York Times bestselling author of *A History of the World in Twelve Maps* We think of England as a great power whose empire once stretched from India to the Americas, but when Elizabeth Tudor was crowned Queen, it was just a tiny and rebellious Protestant island on the fringes of Europe, confronting the combined power of the papacy and of Catholic Spain. Broke and under siege, the young queen sought to build new alliances with the great powers of the Muslim world. She sent an emissary to the Shah of Iran, wooed the king of Morocco, and entered into an unprecedented alliance with the Ottoman Sultan Murad III, with whom she shared a lively correspondence. The Sultan and the Queen tells the riveting and largely unknown story of the traders and adventurers who first went East to seek their fortunes—and reveals how Elizabeth's fruitful alignment with the Islamic world, financed by England's first joint stock companies, paved the way for its transformation into a global commercial empire.

Clap When You Land Amberley Publishing Limited

COSTA AWARD FINALIST ECONOMIST BOOK OF THE YEAR

FINANCIAL TIMES BOOK OF THE YEAR Film rights acquired by Gold Circle Films, the team behind *My Big Fat Greek Wedding* "A fresh, thrilling portrait... Guy's Elizabeth is deliciously human."

—Stacy Schiff, *The New York Times* Book Review A

groundbreaking reconsideration of our favorite Tudor queen, Elizabeth is an intimate and surprising biography that shows her at the height of her power. Elizabeth was crowned queen at twenty-five, but it was only when she reached fifty and all hopes of a royal marriage were behind her that she began to wield power in her own right. For twenty-five years she had struggled to assert her authority over advisers, who pressed her to marry

and settle the succession; now, she was determined not only to reign but to rule. In this magisterial biography, John Guy introduces us to a woman who is refreshingly unfamiliar: at once powerful and vulnerable, willful and afraid. We see her confronting challenges at home and abroad: war against France and Spain, revolt in Ireland, an economic crisis that triggers riots in the streets of London, and a conspiracy to place her cousin Mary Queen of Scots on her throne. For a while she is smitten by a much younger man, but can she allow herself to act on that passion and still keep her throne? For the better part of a decade John Guy mined long-overlooked archives, scouring handwritten letters and court documents to sweep away myths and rumors. This prodigious historical detective work has enabled him to reveal, for the first time, the woman behind the polished veneer: determined, prone to fits of jealous rage, wracked by insecurity, often too anxious to sleep alone. At last we hear her in her own voice expressing her own distinctive and surprisingly resonant concerns. Guy writes like a dream, and this combination of groundbreaking research and propulsive narrative puts him in a class of his own. "Significant, forensic and myth-busting, John Guy inspires total confidence in a narrative which is at once pacey and rich in detail." -- Anna Whitelock, TLS "Most historians focus on the early decades, with Elizabeth's last years acting as a postscript to the beheading of Mary Queen of Scots and the defeat of the Spanish Armada. Guy argues that this period is crucial to understanding a more human side of the smart redhead." - The Economist, Book of the Year

[Views of a Lost Metropolis](#) The History Press
NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST

BOOKS OF THE YEAR BY THE INDEPENDENT • From bestselling author and acclaimed historian Alison Weir comes the first biography of Margaret Douglas, the beautiful, cunning niece of Henry VIII of England who used her sharp intelligence and covert power to influence the succession after the death of Elizabeth I. Royal Tudor blood ran in her veins. Her mother was a queen, her father an earl, and she herself was the granddaughter, niece, cousin, and grandmother of monarchs. Lady Margaret Douglas, Countess of Lennox, was an important figure in Tudor England, yet today, while her contemporaries—Anne Boleyn, Mary, Queen of Scots, Elizabeth I—have achieved celebrity status, she is largely forgotten. Margaret's life was steeped in intrigue, drama, and tragedy—from her auspicious birth in 1530 to her parents' bitter divorce, from her ill-fated love affairs to her appointment as lady-in-waiting for four of Henry's six wives. In an age when women were expected to stay out of the political arena, alluring and tempestuous Margaret helped orchestrate one of the most notorious marriages of the sixteenth century: that of her son Lord Darnley to Mary, Queen of Scots. Margaret defiantly warred with two queens—Mary, and Elizabeth of England—and was instrumental in securing the Stuart ascension to the throne of England for her grandson, James VI. The life of Margaret Douglas spans five reigns and provides many missing links between the Tudor and Stuart dynasties. Drawing on decades of research and myriad original sources—including many of Margaret's surviving letters—Alison Weir brings this captivating character out of the shadows and presents a strong, capable woman who operated effectively and fearlessly at the very highest levels of power. Praise for *The Lost Tudor Princess* "This is a substantial, detailed

biography of a fascinating woman who lived her extraordinary life to the full, taking desperate chances for love and for ambition. It will appeal to anyone with an interest in the powerful women of the Tudor period.”—Philippa Gregory, *The Washington Post*
 “Tackling the family from an unexpected angle, Weir offers a blow-by-blow account of six decades of palace intrigue. . . . Weir balances historical data with emotional speculation to illuminate the ferocious dynastic ambitions and will to power that earned her subject a place in the spotlight.”—*The New York Times Book Review*

[The Forgotten Waltz: A Novel](#) HarperCollins

To contemporaries, the Wars of the Roses were known collectively as a “cousins' war.” The series of dynastic conflicts that tore apart the ruling Plantagenet family in fifteenth-century England was truly a domestic drama, as fraught and intimate as any family feud before or since. As acclaimed historian Sarah Gristwood reveals in *Blood Sisters*, while the events of this turbulent time are usually described in terms of the male leads

who fought and died seeking the throne, a handful of powerful women would prove just as decisive as their kinfolds' clashing armies. These mothers, wives, and daughters were locked in a web of loyalty and betrayal that would ultimately change the course of English history. In a captivating, multigenerational narrative, Gristwood traces the rise and rule of the seven most critical women in the wars: from Marguerite of Anjou, wife of the Lancastrian Henry VI, who steered the kingdom in her insane husband's stead; to Cecily Neville, matriarch of the rival Yorkist clan, whose son Edward IV murdered his own brother to maintain power; to Margaret Beaufort, who gave up her own claim to the throne in favor of her son, a man who would become the first of a new line of Tudor kings. A richly drawn, absorbing epic, *Blood Sisters* is a tale of hopeful births alongside bloody deaths, of romance as well as brutal pragmatism. It is a story of how women, and the power that women could wield, helped to end the Wars of the Roses, paving the way for the Tudor age—and the creation of modern England.
