From the author of the bestselling *Anam Cara* comes a beautiful collection of blessings to help readers through both the everyday and the extraordinary events of their lives. John O'Donohue, Irish teacher and poet, has been widely praised for his gift of drawing on Celtic spiritual traditions to create words of inspiration and wisdom for today. In *To Bless the Space Between Us*, his compelling blend of elegant, poetic language and spiritual insight offers readers comfort and encouragement on their journeys through life. O'Donohue looks at life's thresholds—getting married, having children, starting a new job—and

offers invaluable guidelines for making the transition from a known, familiar world into a new, unmapped territory. Most profoundly, however, O'Donohue explains “blessing” as a way of life, as a lens through which the whole world is transformed. O'Donohue awakens readers to timeless truths and shows the power they have to answer contemporary dilemmas and ease us through periods of change.

Bless This House begins the epic series about the history of the White House, nerve center of the world. In 1792 the new nation called it The American Palace, and as it rose above the Potomac,

it symbolized the magnificence of the American dream. The House of Brand: two brothers, Jeremy the builder and Zebulon the adventurer. Rivals for Rebecca Breech, a lone woman competing in a man's world, but a blazing beauty whose ambitions were even greater than theirs. Together they formed a dynasty whose destiny is forever entwined with that of Washington, the Nation and the White House.

"Pairing modern psychology with liberal Christian spirituality, Dr. Ellen O'Donnell and Rev. Molly Baskette deliver a clear and compelling modus operandi for making family life work--one rooted in research on parenting and Christian values, peppered with personal stories and a heavy dose of humor. When authors Ellen O'Donnell and Molly Baskette became parents, they read lots of books on parenting--many of them great. But when it came to practical suggestions that would help their family spiritually and psychologically, they came up short. Together, they sought out brainstorming actionable

steps to help their families in ways that weren't being discussed in parenting books. This book is the fruit of their brainstorming and discussions. In Bless This Mess, readers will gain tools as they learn how to talk to kids about money, bodies, God, ethics, disability, and difference; how to stress less (really); how to embody an ethic of service to others; how to live a practice of deep generosity and gratitude; and, most of all, how to stop being so afraid all the damn time, as we raise our kids in an increasingly chaotic and often scary world. Both Christian spirituality and modern science can help us parent more fearlessly in an age of anxiety. With real-life examples and strategies to address the challenges of raising a toddler, preteen, or teenager, Bless This Mess guides parents of children at all stages of their development. Readers will shed stress with this resource they can turn to again and again for practical guidance as their children grow and the family encounters new challenges. Most important, readers will not feel alone, as they peruse relatable stories and are reminded of the

companionship of God in their parenting journey"--

The arrival of every new child is an opportunity for many in the community to celebrate. In Bless This Child, Unitarian Universalist minister Edward Searl has collected a wide range of poetry and prose for every occasion surrounding a new life: composing birth announcements, birthday cards, and notes to new mothers and fathers/ performing readings at birth ceremonies and naming rituals/ and honoring an adoption. An indispensable tool for well-wishers, this collection will also provide quiet spiritual sustenance to new and expecting parents. The selections are contemplative, contemporary, and spiritual but not overtly religious. They are drawn from ancient and modern sources from the famous to the obscure and from various cultures and faith traditions. Many works are previously uncollected.

Includes passages from Lao Tzu, Charles Dickens, George Bernard Shaw, Nelson Mandela, Hillary Rodham Clinton, and Erica Jong, among many others. Filled with wonder and hope, *Bless This Child* is the perfect gift -- a keepsake for expecting mothers and their partners, new parents, grandparents, clergy, and anyone who has a role in nurturing the sacred life of a new baby.

Bless this House Tiger Tales

A New York Times bestseller. "My life was a complete mess, and God bless all of it. Because it's in the messes where we learn the most—as long as we slow down enough to realize what God is trying to show us."

Suddenly in the spotlight, twenty-four-year-old Hannah Brown realized that she wasn't sure what she wanted. After years of competing in beauty pageants, and then starring on *The Bachelorette* and *Dancing with the Stars*, she had become incredibly visible. There she was, in her early twenties, with millions around the world examining and weighing in on her every decision. She found herself wondering what it would mean to live on her terms. What it would mean to stop seeking approval from others and decide—for the first time—what it was she wanted from her own life. An honest and earnest examination of her own mid-twenties, *God Bless This Mess* is a memoir that doesn't claim to have

all the answers. Hannah knows she doesn't have all the answers. What she does have is the insight of someone who has spent critical years of her youth under public scrutiny. Thus what emerges is a quarter-life memoir that speaks to the set of difficulties young women face, and how to move through them with grace. By pushing against her engrained need to seek approval, and learning how to think critically about her own goals and desires, Hannah inspires others to do the same—and to embrace the messiness that comes hand-in-hand with self-discovery (even if that sometimes means falling flat on your face). Using her time on *The Bachelorette* as a launching pad, Hannah doesn't shy away from the most painful experiences of her life: moments when her faith was tested, when she feared it was lost, and the moments when she reclaimed it on national television. "And Jesus still loves me." Fans will be inspired by the never-

before-told stories: the ones about facing depression and anxiety during her pageant years, the ways in which therapy and journaling have proven to be a saving grace, and the previously private moments—both at home and on television—that have shaped the star's outlook. Honest and emotionally urgent, *God Bless This Mess* is a reminder that true growth doesn't come without strife—and it's through those dark, messy moments that self-acceptance and love can bloom.

From Slapstick's "Turkey Farm" to Slaughterhouse-Five's eternity in a Tralfamadorean zoo cage with Montana Wildhack, the question of the afterlife never left Kurt Vonnegut's mind. In *God Bless You, Dr. Kevorkian*, Vonnegut skips back and forth between life and the Afterlife as if the difference between them were rather slight. In thirty odd "interviews," Vonnegut trips down "the

blue tunnel to the pearly gates" in the guise of a roving reporter for public radio, conducting interviews: with Salvatore Biagini, a retired construction worker who died of a heart attack while rescuing his schnauzer from a pit bull, with John Brown, still smoldering 140 years after his death by hanging, with William Shakespeare, who rubs Vonnegut the wrong way, and with socialist and labor leader Eugene Victor Debs, one of Vonnegut's personal heroes. What began as a series of ninety-second radio interludes for WNYC, New York City's public radio station, evolved into this provocative collection of musings about who and what we live for, and how much it all matters in the end. From the original portrait by his friend Jules Feiffer that graces the cover, to a final entry from Kilgore Trout, *God Bless You, Dr. Kevorkian* remains a joy.
