This book provides detailed information on methodologies used in biological, serological and nucleic acid based assays for the detection, diagnosis and management of plant viruses. The content is divided into six main parts, the first of which presents techniques used in the biological characterization and transmission of viruses, while Part II covers purification and techniques

concerning the physico-chemical properties of viruses. In turn, Part III focuses on in vitro expression, production of polyclonal and monoclonal antibodies; and on various serological assays including precipitin tests, ELISA, blot immunoassays, immunosorbent electron microscopy and lateral flow immunoassays. Part IV addresses the isolation of DNA and RNA from plants and nucleic acid based assays such as dot-blot, polymerase chain reaction, real-time PCR, loop-mediated isothermal amplification, rolling circle amplification, recombinase polymerase amplification, and next-generation sequencing approaches. Part V discusses cloning, sequencing, sequence analysis and the production of infectious clones, while the last part (Part VI) provides

biotechnological approaches for the management of viruses. Given its scope, the book will be a valuable resource for every laboratory, student and teacher, and for everyone interested in plant virology, plant pathology, plant biology and molecular biology, offering them a practical manual on various aspects of plant viruses.

In the second edition the author has enhanced the content as per the latest trend in examination . As a result this book would act as a highly focused and effective resource for students aspiring to crack the 'Integrated Program in Management (IPM)' entrance examination. The book has been designed keeping in mind the busy

schedule of aspirants , currently preparing for their 10+2 examinations , by providing 'to-the-point' concepts and 'quality' practice questions. The last five years' examination pattern and the scope of Aptitude Tests as conducted by IIM Indore have also been incorporated across all chapters. It would also be a useful resource to crack undergraduate level entrance examinations of 'University of Delhi', 'Symbiosis', 'Narsee Monjee (NMIMS)' and other key BBA offering institutions.

RANBIR is a dreamer; he has a well-paying job, but his aspirations are higher. He is a good lover; he adores Adah and can forego any comfort of the world for her sake. But even then, he is not happy. Because his true calling is not in the corporate; it's in writing. After much deliberation, he takes the plunge and leaves his job to write full-time. While he struggles for balance, Adah also starts keeping herself away. Was

she really in love with him, or was it just a facade? Amidst all this confusion, Pihu Sharma enters his life – his first ever fan, who seems to be head over heels in love with him. While Ranbir's equation with Adah deteriorates, Pihu leaves behind her luxurious life to shift in with him. Is this the true love Ranbir had been waiting for? Join Ranbir as he makes his way through a world that kills for money and dies for love.
