High School Penguin

I would have climbed up a mountain to get on the list [to serve overseas]. We were going to do our duty. Despite all the bad things that happened, America was our home. This is where I was born. It was where my mother and father were. There was a feeling of wanting to do your part. -- Gladys Carter, member of the 6888th To Serve My Country, to Serve my Race is the story of the historic 6888th, the first United States Women's Army Corps unit composed of African-American women to serve overseas. While African-American men and white women were invited, if belatedly, to serve their country abroad, African-American women were excluded for overseas duty throughout most of

WWII. Under political pressure from legislators like Adam Clayton Powell, Jr., the NAACP, the black press, and even President Roosevelt, the U.S. War Department was forced to deploy African-American women to the European theater in 1945. African-American women, having succeeded, through their own activism and political ties, in their quest to shape their own lives, answered the call from all over the country, from every socioeconomic stratum. Stationed in France and England at the end of World War II, the 6888th brought together women like Mary Daniel Williams, a cook in the 6888th who signed up for the Army to escape the slums of Cleveland and to improve her ninth-grade education, and Margaret Barnes Jones, a public relations officer of the 6888th, who grew up in a comfortable household with a politically active mother who encouraged her to

challenge the system. Despite the social, political, and economic restrictions imposed upon these African-American women in their own country, they were eager to serve, not only out of patriotism but out of a desire to uplift their race and dispell bigoted preconceptions about their abilities. Elaine Bennett, a First Sergeant in the 6888th, joined because "I wanted to prove to myself and maybe to the world that we would give what we had back to the United States as a confirmation that we were full- fledged citizens." Filled with compelling personal testimony based on extensive interviews, To Serve My Country is the first book to document the lives of these courageous pioneers. It reveals how their Army experience affected them for the rest of their lives and how they, in turn, transformed the U.S. military forever. *A True Story of Japanese American Experience During and After the World*

War II Internment Walch Education

This timely reissue of Richard Hofstadter's classic work on the fringe groups that influence American electoral politics offers an invaluable perspective on contemporary domestic affairs. In *The Paranoid Style in American Politics*, acclaimed historian Richard Hofstadter examines the competing forces in American political discourse and how fringe groups can influence — and derail — the larger agendas of a political party. He investigates the politics of the irrational, shedding light on how the behavior of individuals can seem out of proportion with actual political issues, and how such behavior impacts larger groups. With such other classic essays as “Free Silver and the Mind of 'Coin' Harvey” and “What Happened to the Antitrust Movement?”, *The Paranoid Style in American Politics* remains both a seminal text of political history and a vital analysis of the ways in which political groups function in the United States.

A Treatise on Domestic Economy John Wiley & Sons

In the days before the attack on Pearl Harbor, eyes in America were focused on the war in Europe or distracted by the elevated mood sweeping the country in the final days of the Great Depression. But when planes dropped out of a clear blue sky and bombed the American naval base and aerial targets in Hawaii, all of that changed. December 1941 takes readers into the moment-by-moment ordeal of a nation waking to war. Best-selling author Craig Shirley celebrates the American spirit while reconstructing the events that called it to shine with rare and piercing light. By turns nostalgic and critical, he puts readers on the ground in the stir and the thick of the action. Relying on daily news reports from around the country and recently declassified government papers, Shirley sheds light on the crucial diplomatic exchanges leading up to the attack, the policies on internment of Japanese living in the U.S. after the assault, and the near-total overhaul of the U.S. economy for war. Shirley paints a compelling portrait of pre-war American culture: the fashion, the celebrities, the pastimes. And his portrait of America at war is just as vivid: heroism, self-sacrifice, mass military enlistments, national unity and resolve, and the prodigious talents of Hollywood and Tin Pan Alley aimed at the Axis Powers, as well as the more troubling price-controls and rationing, federal economic takeover, and censorship. Featuring colorful personalities such as Franklin Roosevelt, Winston Churchill, U.S. Secretary of State Cordell Hull, and

General Douglas MacArthur, December 1941 highlights a period of profound change in American government, foreign and domestic policy, law, economics, and business, chronicling the developments day by day through that singular and momentous month. December 1941 features surprising revelations, amusing anecdotes, and heart-wrenching stories, and also explores the unique religious and spiritual dimension of a culture under assault on the eve of Christmas. Before the attack on Pearl Harbor, the closest thing to war for the Americans was uncoordinated, mediocre war games in South Carolina. Less than thirty days later, by the end of December 1941, the nation was involved in a pitched battle for the preservation of its very way of life, a battle that would forever change the nation and the world.

Understanding American Public Opinion from World War II to Iraq NYU Press

An American story of heroism in the face of discrimination The newly released non-fiction book, *When the Akimotos Went to War: An untold story of family, patriotism and sacrifice during World War II*, captures the story of three Japanese American brothers—Victor, Johnny, and Ted Akimoto—who volunteered for military service while their family members were forced into an internment camp. Despite the nation-wide fear of the Nisei—the first generation of Japanese children born in the United States who were American citizens—the Akimoto brothers pledged their loyalty and bravery to the U.S. military, wanting to prove that being an American ran deeper than race. This story will engage middle school students and above to identify and understand the struggles that Japanese-American soldiers endured during World War II. This content will help students expand their knowledge about U.S. history to include an understanding of training camps, shipping out overseas, loss of life, and prisoner of war camps during World War II.

Perspectives on the Civil War Penguin

The American-born author describes her family's experiences and impressions when they were forced to relocate to a camp for the Japanese in Owens Valley, California, called Manzanar, during World War II, detailing how she, among others, survived in a place of oppression, confusion, and humiliation. Reissue.

A Boy at War University of Chicago Press

The Advanced Placement test preparation guide that delivers 75 years of proven Kaplan experience and features exclusive strategies, practice, and review to help students ace the AP U.S. History exam! Students spend the school year preparing

for the AP U.S. History test. Now it's time to reap the rewards: money-saving college credit, advanced placement, or an admissions edge. However, achieving a top score on the AP U.S. History exam requires more than knowing the material—students need to get comfortable with the test format itself, prepare for pitfalls, and arm themselves with foolproof strategies. That's where the Kaplan plan has the clear advantage. Kaplan's AP U.S. History 2017-2018 contains many essential and unique features to help improve test scores, including: * Four full-length practice tests and a diagnostic test to target areas for score improvement * Detailed answer explanations * A two-page, full-color study sheet packed with key dates, terms, and facts * Tips and strategies for scoring higher from expert AP U.S. History teachers and students who got a perfect 5 on the exam * Targeted review of the most up-to-date content, including key information that is specific to the AP U.S. History exam * A comprehensive index and glossary of key terms and concepts * Video tutorials available at kaptest.com/APUSH17 Kaplan's AP U.S. History 2017-2018 authors Krista Dornbush, Steve Mercado, and Diane Vecchio have a combined total of over 40 years of experience teaching U.S. history as well as world and European history. Their expertise has helped make this and other books the best that Kaplan has to offer in AP test prep. Kaplan has helped millions of students to prepare for standardized tests. We invest millions of dollars annually in research and support for our products. We know that our test-taking techniques and strategies work. AP U.S. History 2017-2018 is the must-have preparation tool for every student looking to do better on the AP U.S. History test! *The "Maine" An Account of her Destruction in Havana Harbor* Simon and Schuster Using previously unreleased documents, the author reveals new evidence that FDR knew the attack on Pearl Harbor was coming and did nothing to prevent it.

A Brief History with Documents and Essays Social Studies

The author of the Pulitzer Prize-winning *Battle Cry of Freedom* and the New York Times bestsellers *Crossroads of Freedom* and *Tried by War*, among many other award-winning books, James M. McPherson is America's preeminent Civil War historian. In this collection of provocative and illuminating essays, McPherson offers fresh insight into many of the enduring questions about one of the defining moments in our nation's history. McPherson sheds light on topics large and

small, from the average soldier's avid love of newspapers to the postwar creation of the mystique of a Lost Cause in the South. Readers will find insightful pieces on such intriguing figures as Harriet Tubman, John Brown, Jesse James, and William Tecumseh Sherman, and on such vital issues as Confederate military strategy, the failure of peace negotiations to end the war, and the realities and myths of the Confederacy. This *Mighty Scourge* includes several never-before-published essays--pieces on General Robert E. Lee's goals in the Gettysburg campaign, on Lincoln and Grant in the Vicksburg campaign, and on Lincoln as Commander-in-Chief. All of the essays have been updated and revised to give the volume greater thematic coherence and continuity, so that it can be read in sequence as an interpretive history of the war and its meaning for America and the world. Combining the finest scholarship with luminous prose, and packed with new information and fresh ideas, this book brings together the most recent thinking by the nation's leading authority on the Civil War.

Day Of Deceit Oxford University Press
This practical resource shows you how to apply Sam Wineburg's highly acclaimed approach to teaching, "Reading Like a Historian," in your middle and high school classroom to increase academic literacy and spark students curiosity. Chapters cover key moments in American history, beginning with exploration and colonization and ending with the Cuban Missile Crisis.

PublicAffairs

Assembling more than 30 primary documents — including proposals, memoranda, decrypted messages, and imperial conferences — Iriye presents diplomatic exchanges from both American and Japanese perspectives to determine how and why the United States and Japan went to war in 1941. A detailed introduction provides background on Japanese aggression in China and Southeast Asia during the 1930s and economic unrest and isolationism in the United States. Readings add an interpretive dimension, placing Pearl Harbor in global context; essays from American, Japanese, Chinese, Soviet, German, British, and Indonesian perspectives explain how various countries applied pressure, offered assistance, exacerbated rifts, and significantly affected negotiations and Japan's ultimate decision for war.

A Novel of Pearl Harbor Simon and Schuster

The Incas is a captivating exploration of one of the greatest civilizations ever seen.

Seamlessly drawing on history, archaeology, and ethnography, this thoroughly updated new edition integrates advances made in hundreds of new studies conducted over the last decade. • Written by one of the world's leading experts on Inca civilization • Covers Inca history, politics, economy, ideology, society, and military organization • Explores advances in research that include pre-imperial Inca society; the royal capital of Cuzco; the sacred landscape; royal estates; Machu Picchu; provincial relations; the khipu information-recording technology; languages, time frames, gender relations, effects on human biology, and daily life • Explicitly examines how the Inca world view and philosophy affected the character of the empire • Illustrated with over 90 maps, figures, and photographs

Civil Liberties In An Age Of Terrorism

Houghton Mifflin Harcourt

They rowed hard, away from the battleships and the bombs. Water sprayed over them. The rowboat pitched one way and then the other. Then, before his eyes, the Arizona lifted up out of the water. That enormous battleship bounced up in the air like a rubber ball and split apart. Fire burst out of the ship. A geyser of water shot into the air and came crashing down. Adam was almost thrown out of the rowboat. He clung to the seat as it swung around. He saw blue skies and the glittering city. The boat swung back again, and he saw black clouds, and the Arizona, his father's ship, sinking beneath the water. -- from *A Boy at War* "He kept looking up, afraid the planes would come back. The sky was obscured by black smoke....It was all unreal: the battleships half sunk, the bullet holes in the boat, Davi and Martin in the water." December 7, 1941: On a quiet Sunday morning, while Adam and his friends are fishing near Honolulu, a surprise attack by Japanese bombers destroys the fleet at Pearl Harbor. Even as Adam struggles to survive the sudden chaos all around him, and as his friends endure the brunt of the attack, a greater concern hangs over his head: Adam's father, a navy lieutenant, was stationed on the USS Arizona when the bombs fell. During the subsequent days Adam -- not yet a man, but no longer a boy -- is caught up in the war as he desperately tries to make sense of what happened to his friends and to find news of his father. Harry Mazer, whose autobiographical novel, *The Last Mission*, brought the European side of World War II to vivid life, now turns to the Pacific theater and how the impact of war can alter young lives forever.

Years of Infamy Simon and Schuster

Today's students need to know how to evaluate sources and use evidence to support their conclusions. This K-12 resource for teachers provides instructional support as well as a variety of learning opportunities for students.

Through the activities in this book, students will ask and answer compelling questions, analyze primary sources, approach learning through an inquiry lens, and hone their historical thinking skills.

The lessons teach skills and strategies for analyzing historical documents, partnered with document-based assessments.

Graphic organizer templates help students structure their analyses. This resource prepares students for standardized tests and engages students with inquiry. The scaffolded approach to teaching analysis skills can be applied across grades K-12.

AP Us Hist 2016 The Japanese-American

Internment: Bigotry or Security?

"James M. McPherson's *Tried by War* is a perfect primer . . . for anyone who wishes to understand the evolution of the president's role as commander in chief. Few historians write as well as McPherson, and none evoke the sound of battle with greater clarity." —The New York Times Book Review The Pulitzer Prize-winning author reveals how Lincoln won the Civil War and invented the role of commander in chief as we know it As we celebrate the bicentennial of Lincoln's birth, this study by preeminent, bestselling Civil War historian James M. McPherson provides a rare, fresh take on one of the most enigmatic figures in American history. *Tried by War* offers a revelatory (and timely) portrait of leadership during the greatest crisis our nation has ever endured. Suspenseful and inspiring, this is the story of how Lincoln, with almost no previous military experience before entering the White House, assumed the powers associated with the role of commander in chief, and through his strategic insight and will to fight changed the course of the war and saved the Union.

An Untold Story of Family, Patriotism, and Sacrifice During World War II

Oxford University Press

In clear, concise language, this book deals with fundamental issues that must be addressed if teachers are to construct coherent and powerful history curricula, including: What are the purposes and goals that different types of teachers establish for their history teaching?, and What do children know and think about history, and what are the teaching implications for our schools? This book represents a major advance in developing

a knowledge base about children's historical learning and thinking that applies to history teaching some of the principles involved in teaching for understanding and conceptual change teaching, methods that have been so successful in other school subjects.

What Was Pearl Harbor? Greenwood Publishing Group

Enhances the world history curriculum through analysis of primary and secondary sources. Features 23 new and revised document-based questions covering significant eras. Teacher support includes scoring rubric and tips for implementation.

The Paranoid Style in American Politics Perfection Learning

On rare occasions in American history, Congress enacts a measure so astute, so far-reaching, so revolutionary, it enters the language as a metaphor. The Marshall Plan comes to mind, as does the Civil Rights Act. But perhaps none resonates in the American imagination like the G.I. Bill. In a brilliant addition to Oxford's acclaimed Pivotal Moments in American History series, historians Glenn C. Altschuler and Stuart M. Blumin offer a compelling and often surprising account of the G.I. Bill and its sweeping and decisive impact on American life. Formally known as the Serviceman's Readjustment Act of 1944, it was far from an obvious, straightforward piece of legislation, but resulted from tense political maneuvering and complex negotiations. As Altschuler and Blumin show, an unlikely coalition emerged to shape and pass the bill, bringing together

both New Deal Democrats and conservatives who had vehemently opposed Roosevelt's social-welfare agenda. For the first time in American history returning soldiers were not only supported, but enabled to pursue success—a revolution in America's policy towards its veterans. Once enacted, the G.I. Bill had far-reaching consequences. By providing job training, unemployment compensation, housing loans, and tuition assistance, it allowed millions of Americans to fulfill long-held dreams of social mobility, reshaping the national landscape. The huge influx of veterans and federal money transformed the modern university and the surge in single home ownership vastly expanded America's suburbs. Perhaps most important, as Peter Drucker noted, the G.I. Bill "signaled the shift to the knowledge society." The authors highlight unusual or unexpected features of the law—its color blindness, the frankly sexist thinking behind it, and its consequent influence on race and gender relations. Not least important, Altschuler and Blumin illuminate its role in individual lives whose stories they weave into this thoughtful account. Written with insight and narrative verve by two leading historians, *The G.I. Bill* makes a major contribution to the scholarship of postwar America. [In Defense of Internment](#) Taylor & Francis 70 years later, the bombing of Pearl Harbor comes to life for a new generation of readers! History's most terrifying moments are brought vividly to life in the action-packed fictional I SURVIVED series!

Do you have what it takes to survive ... the bombing of Pearl Harbor? Eleven-year-old Danny Crane is alone on his favorite beach in Hawaii when the world is torn apart and World War II officially hits the United States. Does he have what it takes to find his way home in the midst of the bombs, the smoke, and the destruction of the day that will live in infamy?

Using Primary Sources from the National Archives Government Printing Office

Begins with Churchill's Prime Ministership in 1940 and concludes with the African campaign victory at Torbruk.

When the Akimotos Went to War Scholastic Inc.

A Pulitzer Prize-winning history of the mistreatment of black Americans. In this 'precise and eloquent work' - as described in its Pulitzer Prize citation - Douglas A. Blackmon brings to light one of the most shameful chapters in American history - an 'Age of Neoslavery' that thrived in the aftermath of the Civil War through the dawn of World War II. Using a vast record of original documents and personal narratives, Blackmon unearths the lost stories of slaves and their descendants who journeyed into freedom after the Emancipation Proclamation and then back into the shadow of involuntary servitude thereafter. By turns moving, sobering and shocking, this unprecedented account reveals these stories, the companies that profited the most from neoslavery, and the insidious legacy of racism that reverberates today.
