Daisy Lee Monroe thought she'd brushed the dust of Lovett, Texas, off her high-heeled shoes years ago, but she's come back home only to find that little has changed. Her sister is still crazy, and her mom still has pink plastic flamingos in her front yard. And Jackson Lamott Parrish, the bad boy she'd left behind, is still so sexy it hurts. She'd like nothing better than to avoid this particular man, but she can't. Daisy has something to say to Jackson, and she's not going anywhere until he listens. Jackson learned his lesson about Daisy the hard way, and now the only word he's interested in hearing from Daisy's red lips is good-bye. But she's popping up everywhere, and he doesn't believe in coincidence. It seems the only way to keep her quiet is with his mouth, but kissing Daisy had once been his downfall. Is he strong enough to resist her now? Strong enough to watch her walk out of his life again? Is he strong enough to make her stay?

Texas Cowboys Protection Penguin
Now, do not misunderstand me, America is great. But we are fed up with being over-taxed and over-regulated. We are tired of being told how much salt to put on our food, what kind of cars we can drive, what kinds of guns we can own, what kind of prayers we are allowed to say and where we can say them, what we are allowed to do to elect political candidates, what kind of energy we can use, what doctor we can see. What kind of nation are we becoming? I fear it's the very kind the Colonists fought against. But perhaps most of all, we are fed up because deep down we know how great America has always been, how many great things the people do in spite of their government, and how great the nation can be in the future if government will just get out of the way. Our fight is

clear. We must step up and retake the reins of our government from a Washington establishment that has abused our trust. We must empower states to fight for our beliefs, elect only leaders who are on our team, set out to remind our fellow Americans why liberty is guaranteed in the Constitution, and take concrete steps to take back our country. The American people have never sat idle when liberty's trumpet sounds the call to battle -- and today that battle is for the soul of America.

Fed Up! Hal Leonard Publishing Corporation

A vivid history of America's biggest, baddest prison system and how it came to lead the nation's punitive revolution In the prison business, all roads lead to Texas. The most locked-down state in the nation has led the way in criminal justice severity, from assembly-line executions to isolation supermaxes, from prison privatization to sentencing juveniles as adults. Texas Tough, a sweeping history of American imprisonment from the days of slavery to the present, shows how a plantation-

based penal system once dismissed as barbaric became the national template. Drawing on convict accounts, official records, and interviews with prisoners, guards, and lawmakers, historian Robert Perkinson reveals the Southern roots of our present-day prison colossus. While conventional histories emphasize the North's rehabilitative approach, he shows how the retributive and profit-driven regime of the South ultimately triumphed. Most provocatively, he argues that just as convict leasing and segregation emerged in response to Reconstruction, so today's mass incarceration, with its vast racial disparities, must be seen as a backlash against civil rights. Illuminating for the first time the origins of America's prison juggernaut, *Texas Tough* points toward a more just and humane future.
