*Introduction to Radar  
Using Python and MATLAB*  
Artech House  
The X-Men are back in the  
cinema. Wolverine,  
Professor X, Cyclops, Jean  
Grey and the rest of the  
team return in X2, facing  
a new threat so  
dangerous that former  
enemy Magneto must join  
their ranks to defeat it.  
In the Wet VeloPress  
In Mordin On Time, Nick  
Mordin sets out his

method for answering the  
most fundamental  
question facing punters in  
any race, namely: which  
is the fastest horse? He  
was timing the sections of  
races with a stop watch,  
estimating wind strength  
and direction, adjusting  
for movements of running  
rails, using projected  
times and calculating  
average times years  
before the best-selling  
American books on speed  
rating were published.  
This new edition  
incorporates much new  
material, including  
standard times for all Irish

racecourses (plus the  
major French ones).  
Mordin On Time enables  
the reader to construct  
their own speed ratings  
wherever they live.

This book is dedicated to Aristed Lindenmayer on the occasion of his 60th birthday on November 17, 1985. Contributions range from mathematics and theoretical computer science to biology. Aristed Lindenmayer introduced language-theoretic models for developmental biology in 1968. Since then the models have been customarily referred to as L systems. Lindenmayer's invention turned out to be one of the most beautiful

examples of interdisciplinary science: work in one area (developmental biology) induces most fruitful ideas in other areas (theory of formal languages and automata, and formal power series). As evident from the articles and references in this book, the interest in L systems is continuously growing. For newcomers the first contact with L systems usually happens via the most basic class of L systems, namely, DOL systems. Here "0" stands for zero context between

developing cells. It has been a major typographical problem that printers are unable to distinguish between 0 (zero) and 0 (oh). Thus, DOL was almost always printed with "oh" rather than "zero", and also pronounced that way. However, this misunderstanding turned out to be very fortunate. The wrong spelling "DOL" of "DOL" could be read in the suggestive way: DO L. Indeed, hundreds of researchers have followed this suggestion. Some of them appear as

contributors to this book. Of the many who could not contribute, we in particular regret the absence of A.

Ehrenfeucht, G. Herman and H.A. Maurer whose influence in the theory of L systems has been most significant.

Mordin on Time Twelfth Planet Press

A sober hedonist's guide to living a decadent, wild, and soulful life--alcohol-free. In a culture where sipping "rosé all day" is seen as the epitome of relaxation, "grabbing a drink" the only way to

network; and meeting at a bar the quintessential "first date," many of us are left wondering if drinking alcohol really is the only way to cultivate joy and connection in life. Jardine Libaire and Amanda Eyre Ward wanted to live spontaneous and luxurious lives, to escape the ordinary and enjoy the intoxicating. Their drinking, however, had started to numb them to the present moment instead of unlocking it. Ward was introduced to Libaire when she first got

sober. As they became friends, the two women talked about how they yearned to create lives that were Technicolor, beautifully raw, connected, blissed out, and outside the lines . . . but how? In *The Sober Lush*, Libaire and Ward provide a road map for living a lush and sensual life without booze. This book offers ideas and instruction for such nonalcoholic joys as: • The allure of "the Vanish," in which one disappears early from the party without saying goodbye to

a soul, to amble home under the stars • The art of creating zero-proof cocktails for all seasons • Having a fantastic first date while completely sober • A primer on setting up your own backyard beehive, and honey tastings For anyone curious about lowering their alcohol consumption or quitting drinking altogether, or anyone established in sobriety who wants inspiration, this shimmering and sumptuous book will show you how to keep indulging in life even if you stop

indulging in alcohol. *Gaia Cominato* D.C. Heath Canada DK Eyewitness Travel Guide: Egypt is your in-depth guide to the very best of the oldest tourist destination on Earth. Take day trips and excursions to see ancient pyramids, visit the monuments of the Nile Valley and the souks, mosques and madrassas of Islamic Cairo, experience local festivals and markets, and don't miss out on the delicious street food. Discover DK Eyewitness Travel Guide: Egypt. +

Detailed itineraries and "don't-miss" destination highlights at a glance. + Illustrated cutaway 3-D drawings of important sights. + Floor plans and guided visitor information for major museums. + Guided walking tours, local drink and dining specialties to try, things to do, and places to eat, drink, and shop by area. + Area maps marked with sights. + Detailed city map of Cairo includes street finder indexes for easy navigation. + Insights into history and culture to help you

understand the stories behind the sights. + Hotel and restaurant listings highlight DK Choice special recommendations. With hundreds of full-color photographs, hand-drawn illustrations, and custom maps that illuminate every page, DK Eyewitness Travel Guide: Egypt truly shows you this country as no one else can.

#### Moon at Nine

Harpercollins Pub Limited  
When she agrees to take on one of the abused horses just rescued by the local SPCA, a new chapter

opens in Susan Richards's difficult life. She lost her mother at the age of five and was raised by uncaring relatives; she married unhappily and divorced; and she'd been an alcoholic. Now, at the age of forty-three, she lives with three horses who keep her company: the diva-like Georgia, boyish Tempo and hopelessly romantic Hotshot. While trying to capture another horse assigned to her, Lay Me Down, a skeletal mare, walks into Susan's horse trailer of her own volition.

When Susan agrees to take her, she begins to forge a special, healing relationship that alters her life. Poignant and evocative, this is a book for anyone who has ever loved a horse, and for everyone who has ever lost a loved one.

Heinemann  
Rebecca Rusch is one of the great endurance athletes of our time. Known today as the Queen of Pain for her perseverance as a relentlessly fast runner,

paddler, and mountain bike racer, Rusch was a normal kid from Chicago who abandoned a predictable life for one of adventure. In her new book *Rusch to Glory: Adventure, Risk & Triumph on the Path Less Traveled*, Rusch weaves her fascinating life's story among the exotic locales and extreme conditions that forged an extraordinary athlete from ordinary roots. Rusch has run the gauntlet of endurance sports over her career as a professional athlete-- climbing,

adventure racing, whitewater rafting, cross-country skiing, and mountain biking--racking up world championships along the way. But while she might seem like just another superhuman playing out a fistful of aces, her empowering story proves that anyone can rise above self-doubt and find their true potential. First turning heads with her rock climbing and paddling skills, Rusch soon found herself spearheading adventure racing teams like Mark Burnett's Eco-

Challenge series. As she fought her way through the jungles of Borneo, raced camels across Morocco, threaded the rugged Tian Shan mountains, and river-boarded the Grand Canyon in the dead of winter, she was forced to stare down her own demons. Through it all, Rusch continually redefined her limits, pushing deep into the pain cave and emerging ready for the next great challenge. At age 38, Rusch faced a tough decision: retire or reinvent

herself yet again. Determined to go for broke, she shifted her focus to endurance mountain bike racing and rode straight into the record books at a moment when most athletes walk away. Rusch to Glory is more than an epic story of adventure; it is a testament to the rewards of hard work, determination, and resilience on the long road to personal and professional triumph. *Life with Hope* Cengage Learning Following the Pulitzer

prize-winning collection Stag's Leap, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender "Ode to the Hymen," Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier

collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as "Ode to My Sister," "Ode of Broken Loyalty," "Ode to My Whiteness," "Blow Job Ode," and "Ode to the Last Thirty-Eight Trees in New York City Visible from This Window," Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those

dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

Marijuana Anonymous  
Better than fireworks, this classic Beginner Book edited by Dr. Seuss celebrates all the wonderful things that come with summer! From trips to the beach and eating watermelon to fireworks and fishing, Alice Low and Roy McKie's Summer will have young readers eager for the kind

of fun only warm breezes and sunny weather can bring. Originally created by Dr. Seuss, Beginner Books encourage children to read all by themselves, with simple words and illustrations that give clues to their meaning.

*Fangtales* Penguin  
This last book in the six-volume series from NEXTmanga combines cutting-edge illustration with fast-paced storytelling to deliver biblical truth to an ever-changing, postmodern culture. More than 10 million books in over 40

different languages have been distributed worldwide in the series.

**Precalculus with Limits: A Graphing Approach, AP\* Edition**

LOM Art

This comprehensive resource provides readers with the tools necessary to perform analysis of various waveforms for use in radar systems. It provides information about how to produce synthetic aperture (SAR) images by giving a tomographic formulation and implementation for SAR imaging. Tracking

filter fundamentals, and each parameter associated with the filter and how each affects tracking performance are also presented. Various radar cross section measurement techniques are covered, along with waveform selection analysis through the study of the ambiguity function for each particular waveform from simple linear frequency modulation (LFM) waveforms to more complicated coded waveforms. The text includes the Python tool

suite, which allows the reader to analyze and predict radar performance for various scenarios and applications. Also provided are MATLAB® scripts corresponding to the Python tools. The software includes a user-friendly graphical user interface (GUI) that provides visualizations of the concepts being covered. Users have full access to both the Python and MATLAB source code to modify for their application. With examples using the tool suite are given at the end

of each chapter, this text gives readers a clear understanding of how important target scattering is in areas of target detection, target tracking, pulse integration, and target discrimination.

DK Eyewitness Top 10 Travel Guide: Seoul will lead you straight to the very best on offer. Whether you're looking for the things not to miss at the Top 10 sights, or want to find the best nightspots; this guide is

the perfect companion. Rely on dozens of Top 10 lists - from the Top 10 museums to the Top 10 events and festivals - there's even a list of the Top 10 things to avoid. The guide is divided by area with restaurant reviews for each, as well as recommendations for hotels, bars and places to shop. You'll find the insider knowledge every visitor needs and explore every corner effortlessly with DK Eyewitness Top 10 Travel Guide: Seoul. DK Eyewitness Top 10 Travel Guide: Seoul -

showing you what others only tell you. Now available in PDF format. **The Berenstains' B Book** CreateSpace Wicked Words - a collection of saucy and compelling short stories. Outrageous sex and lust-filled liasons are plentiful yet again in the third volume of Wicked Words short stories. Written by women at the cutting edge of erotic literature, the series is the best in contemporary fiction aimed at women who desire unashamed, indulgent fantasies. Fun,

delicious, daring and seductive, the anthology combines imaginative writing and wild hilarity, making Wicked Words collections the juiciest erotic stories to be found anywhere in the world. **After Promontory** Dorling Kindersley Ltd From being spray-painted onto walls and trains, to enjoying acclaim in galleries and museums, the graffiti movement has changed. Far from being viewed as mindless vandalism, graffiti, or urban street art, has become prized as a highly

valued and socially relevant art form.

Renowned graffiti artist KET selects 38 of the most influential and pioneering urban artists from around the world who have driven this transformation.

Alongside selections of their artwork, KET explores their mediums, methods and backgrounds, and why they've chosen to challenge classical ideas of art to convey messages about urban culture. From well-known names such as Banksy, Shepard Fairey and Blek le Rat to

superstars of the underground movement, these are artists who have moved far away from the clichéd lettering and tags to develop individual styles that reflect and critique modern life.

Urban Art Legends is the perfect companion for anyone wanting to learn more about this vibrant, exciting and constantly evolving art form.
