ANGIE CANTRELL

A suspenseful, gripping psychological thriller with a nail-biting ending HarperCollins

"Jennifer Snow is one clever writer."—RT Book Reviews The Alaskan wilderness may be the best place to protect her client, but also where it's impossible to protect her heart. Needing a safe place to hide her latest client, agent Leslie Sanders returns to her hometown of Wild River to wait out the search for the young Hollywood star's stalker. Just being back in Alaska is stirring up emotions she'd buried, and as much as Leslie believed she was moving on with her life in LA, she's still not over the death of her fiancé. The sun, sand and surf made it easy to forget cold Alaskan nights snuggled by the fire, planning a future with Dawson...but seeing Levi Grayson just makes everything that much harder. Levi Grayson has been one of Alaska's elite group of wildland firefighters for almost ten years, but nothing about his job rattles him as much as seeing Leslie again. When Leslie left Wild River after Dawson's death, it had hurt to lose his two best

friends in a matter of weeks. Resisting his feelings for her when Dawson was alive was tough, but he's not sure he's strong enough anymore to fight the attraction between them, or to let this last chance at love slip away like smoke through his fingers. Don't miss Alaska Dreams, the next book in Jennifer Snows Wild River series! A Wild River Novel Book 1: An Alaskan Christmas Book 2: Under an Alaskan Sky Book 3: A Sweet Alaskan Fall Book 4: Stars Over Alaska Book 5: Alaska Reunion

It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.

It is morning in America, many years in the future. As the 22nd century approaches, the United States and Canada have been shattered by war and upheaval and have broken up into separate ethnic, racial, and political enclaves. On the east coast a crumbling, bankrupt and tottering United States government still holds a weak and impotent sway over a ragged collection of tattered states and cities, but life is chaotic and plagued with poverty, violence, and desperation. The entire Southwest, beginning with Texas and extending westward to southern California and north as far as Utah, has become the Spanish-speaking Mexican state of Aztlan. And in the Pacific Northwest, from northern California on up to Alaska, a brutal fascist and white supremacist dictatorship rules the Northwest American Republic. Colonel Donald Redmond of the Bureau of State Security (BOSS) is one of the Northwest Republic's most ruthless and skillful political policemen. Then on a bright October morning he is called into the office of the State President, where he is

given a top-secret assignment. A skeleton from the bloody and treacherous days of the revolution against America is about to emerge from the closet, and one of the most carefully guarded and suppressed mysteries of that revolution may become public knowledge. That long hidden truth may undermine the very moral and political foundations of the white supremacist state. A woman's life hangs in the balance, but possibly even the fate of a continent as well, as Donald Redmond and his partner Sergeant Nel plunge into the past and seek for the answer: who betrayed the Olympic Flying Column, and why? In *The Hill of the Ravens*, underground cult novelist H. A. Covington offers us a grim and chilling view of a future that may yet come to be.
