BOONE BATES

85 Years of Motorcycling Excellence "O'Reilly Media, Inc."

Now in paperback and filled with stunning full-color photographs, Steve Swinburne's concept book introduces children to the basics of shadows. He then leads them on a shadow hunt, playing a game called "Guess Whose Shadow?," in which young ones will discover there's more to shadows than first meets the eye.

The Art of BMW Learning Media Ltd

The aim of this manual is to help readers get the best from their vehicle. It provides information on routine maintenance and servicing and the tasks are described and photographed in a step-by-step sequence so that even a novice can do the work.

All Models 1948 to 1971 Haynes Manuals N. America, Incorporated

Subtitle on cover: Step-by-step repair and maintenance.

Revolution Girl Spectra

Year-by-year evolution of the BSA Bantam, a simple commuter bike that thousands learnt to ride on. It became the standard GPO 'telegram bike' in the 1950s and was a huge success, with 100,000 built in the first four years of production. It's a story with interesting asides, like the Hummer, Harley-Davidson's version of the DKW that inspired the Bantam, and survived into the 1960s. But it's a sad story too - BSA failed to follow up the Bantam's early success by developing it, and by the mid-1960s it was looking outdated, especially next to the new breed of four-stroke Hondas. That the Bantam was allowed to fizzle out in 1971 symbolised the state of the industry that produced it, but today there's a thriving community of Bantam owner/riders. The book ends with a guide to buying a secondhand Bantam, along with useful appendices on specifications, engine/frame numbers, and contacts among the clubs and Bantam specialists. Every Bantam owner, or would be owner, needs this book - the Bantam Bible!

All Air-cooled Models 1970-1996 (Except R45, R65, G/S & GS) Haynes Manuals N. America, Incorporated

If you can build websites with CSS and JavaScript, this book takes you to the next level—creating dynamic, database-driven websites with PHP and MySQL. Learn how to build a database, manage your content, and interact with users. With step-by-step tutorials, this completely revised edition gets you started with expanded coverage of the basics and takes you deeper into the world of server-side programming. The important stuff you need to know: Get up to speed quickly. Learn how to install PHP and MySQL, and get them running on both your computer and a remote server. Gain new techniques. Take advantage of the all-new chapter on integrating PHP with HTML web pages. Manage your content. Use the file system to access user data, including images and other binary files. Make it dynamic. Create pages that change with each new viewing. Build a good database. Use MySQL to store user information and other data. Keep your site working. Master the tools for fixing things that go wrong. Control operations. Create an administrative interface to oversee your site.

Rockers, Rock'n' Roll and the Coffee-bar Cult Applewood Books

Practical guide for anyone planning a long-distance motorcycling trip. Choosing, preparing and equipping a motorbike, documentation and shipping, life on the road, trans-continental route outlines: Asia, Africa & Latin America. Updated and now in full colour, this best-seller has been in print for almost 30 years.

Global Marketing Motorbooks International

Long awaited reprint of this "How to ride a bike" guide. It is meant for anyone who has never ridden a motorcycle, for enthusiasts who would like to know more on the function and behaviour of the main parts of the motorcycle, but also for hands and centaurs with years of experience and for well-informed technical experts who have plenty of know-how in the sector. Moreover, the reader will find a complete illustration of the main components of the motorcycle and their basic functioning, with lots of drawings and figures supported by technical concepts that have never been so thoroughly explained. In a word, this is a book for any two-wheeler enthusiast.

Servicing and minor repairs for all motorcycles and scooters Redline Books

While the history of European ompetition motorcycles has been largely dominated by Italian, British, and German marques, other builders around the continent have also played significant roles from the turn of the century to present. Arranged by nation, this book examines more than two dozen important marques, including Bultaco, CZ, Elf, Husqvarna, KTM, Ossa, Peugeot, and many others. A wealth of rare photography, including a special color section, includes candid shots of the top personalities and the bikes both at rest and at speed.

Polymer Clay for Everyone Nicholas Brealey Publishing

The air-cooled boxer BMW twins were among the most significant motorcycles of the late 1970s and 1980s, providing an unparalleled combination of comfort, reliability, and performance. Written by a world-renowned motorcycle journalist and featuring 190 colour photographs, here is the authoritative work on these machines.

Guess Whose Shadow? Haynes Manuals

Ever since Max Friz first mounted his innovative M2B32 opposed-twin engine in a motorcycle frame in 1923, the history of BMW motorcycles has been defined by a constant and relentless quest for perfection. In the 95 years that have followed, the company has created the most innovative and

technologically advanced motorcycles produced anywhere on earth. BMW has earned a reputation for not doing things the way everyone else does, but its motorcycles aren't different simply for the sake of being different. Each distinctive feature represents a brilliant and elegant solution to a real problem, leading BMW to be the first company to introduce many of the features that were later adopted by other manufacturers. But there's more to a BMW motorcycle than innovation and technology—there's also art. And as beautiful as the bikes are in their totality, they may be even more so when broken down into their individual details. This book captures the elegance of these amazing machines, both in their details and in the sum of their parts, through the masterful photography of Henry von Wartenberg and writing of author Peter Gantriis. *The Art of BMW: Ninety Years of Motorcycling Excellence* features the Peter Nettesheim collection, one of the world's premier collections of BMW motorcycles. These wonderfully restored pieces exemplify the design and engineering prowess that have defined the BMW motorcycle tradition for almost a century.

DIVPhotographer bio: Henry von Wartenberg was born in Mar del Plata, Argentina, in 1967 and has been a professional photographer since 1990. He worked as a photojournalist for *Gente* magazine for nine years before opening his own office near Buenos Aires in 1999. He has worked for many companies and publishers in Argentina and overseas, including *Geographic Adventure* magazine. With his publishing firm, Triple Ve Editores, he has also published several books of his photography: *Red Deer-Stag Hunting in Argentina*, *iMotos Clasicas en Argentina/i*, *iThe Best of Argentine Polo/i*, and *iBuenos Aires in Stone and Bronze/i*. Henry lives in Tigre, Argentina, with his wife and two daughters. You can visit his website at www.henryvowartenberg.com.

divAuthor bio:
divPeter Gantriis is founder and president of RPM Research LLC, a market research and consulting firm that works with the world's leading automotive and powersports manufacturers. Peter earned an MBA from the University of Minnesota. He is an avid motorcycle enthusiast and lives in Mahtomedi, Minnesota.
