Young adults are actively looking for anything that connects them with the changes happening in their lives, and the books discussed throughout Literature for Young Adults have the potential to make that connection and motivate them to read. It explores a great variety of works, genres, and formats, but it places special emphasis on contemporary works whose nontraditional themes, protagonists, and literary conventions make them well suited to young adult readers. It also looks at the ways in which contemporary readers access and share the works they're reading, and it shows teachers ways to incorporate nontraditional ways of accessing and sharing books throughout their literature programs. In addition to traditional genre chapters, Literature for Young Adults includes chapters on literary nonfiction; poetry, short stories, and drama; cover art, picture books, illustrated literature, and graphic novels; and film. It recognizes that, while films can be used to complement print literature, they are also a literacy format in their own right--and one that young adults are particularly familiar and comfortable with. The book's discussion of literary language--including traditional elements as well as metafictional terms--enables readers to share in a literary conversation with their students (and others) when communicating about books. It will help readers teach young adults the language they need to articulate their responses to the books they are reading.

This is a history, a diary, a dossier of a radical's working life and circumstances among some of the most momentous years of the century. Its pages echo with the crash of rubble, of the old regimes of the Soviet Union and Eastern Europe, of the illusions of the post-Cold War West, of physical landscapes in upheaval. Cockburn's own reflections, both personal and political, are interspersed with letters from Claud Cockburn, Graham Greene, friends and irate readers. There are discussions with Noam Chomsky, dippings into criticism, Colette, transvestism, sexual manners, hate mail. **NCC** Oxford University Press

Three Men in a Boat (To Say Nothing of the Dog), published in 1889, is a humorous account by

Jerome K. Jerome of a boating holiday on the Thames between Kingston and Oxford. The book was initially intended to be a serious travel guide, with accounts of local history along the route, but the humorous elements took over to the point where the serious and somewhat sentimental passages seem a distraction to the comic novel. One of the most praised things about *Three Men in a Boat* is how undated it appears to modern readers, the jokes seem fresh and witty even today. The three men are based on Jerome himself (the narrator J.) and two real-life friends, George Wingrave (who went on to become a senior manager in Barclays Bank) and Carl Hentschel (the founder of a London printing business, called Harris in the book), with whom he often took boating trips. The dog, Montmorency, is entirely fictional, but "as Jerome admits, developed out of that area of inner consciousness which, in all Englishmen, contains an element of the dog." The trip is a typical boating holiday of the time in a Thames camping skiff. This is just after commercial boat traffic on the Upper Thames had died out, replaced by the 1880s craze for boating as a leisure activity.

This guide highlights the place of translation in our culture, encouraging awareness of the process of translating and the choices involved, making the translator more 'visible'. Concentrating on major writers and works, it covers translations out of many languages, from Greek to Hungarian, Korean to Turkish. For some works (e.g. Virgil's Aeneid) which have been much translated, the discussion is historical and critical, showing how translation has evolved over the centuries and bringing out the differences between versions. Elsewhere, with less familiar literatures, the Guide examines the extent to which translation has done justice to the range of work available.

The Field Guide to Chickens Wafa Khan

The goddess weeps for me. She places the golden mask on my face as her glittering tears fall like fluttering rose petals through air that trembles with light. Her eyes are fixed upon the golden mask. The mask shines, ornamenting the grim contours of my loveless visage. Moments ago, Clytemnestra drove daggers through me. Her murderous eyes fell upon the merciless stream of blood coursing through the now-uninhabited citadel of my body. The sight of the sacrificed Iphigenia was still emblazoned on her grieving mind. My wife watched as my life flooded out me, and I slowly felt myself being swept by a dark tide into the underworld. I felt a golden world slip away, and all that is left of it is the mask that now covers my lifeless face. I was told that the mask would allow my face to remain untouched while the rest of my body decomposed. I was told that a thousand years from now, someone will remove the mask and marvel at the immortal complexion underneath. The goddess continues to weep for me as everyone else has ceased to pour wordless whispers of longing upon my empty throne. The mask blissfully seared into my flesh and began its act of preserving my features so that they would live on. Destiny wears a mask, and now it will reveal its visage to me. It removes its mask as it stands before. I am young again, but this time I am wearing the golden mask. I realize that destiny will show its face to me as my face remains hidden behind gold. Moments ago, destiny entered the throne room with a shroud. My mask allowed me to see each movement destiny made. I wonder whether things will be different now. I already know everything that will transpire in the future: the abduction of Helen, the sacrifice of Iphigenia, the siege of Troy, the death of Achilles, and my own murder at the hands of Clytemnestra. I wonder whether I can prevent my daughter from being needlessly sacrificed. I wonder whether the voices of the gods will no longer push me to the brink of madness. Now, destiny holds its mask. The moment I look into its eyes, I know that everything that happened will happen again. I am wearing the mask now because I will wear it during my funeral. It is, after all, a funeral mask. Everything will happen as before because whether destiny is masked and unmasked is of no consequence to me anymore. Death has already come, for destiny spoke it.

Spanish is a fun, social activity! What makes "Spanish with Amigos" different from the many other Spanish books out there is that instead of studying Spanish by yourself, this book was designed for you to practice your Spanish conversation skills right from the start with a friend (an intercambio), a conversation group (grupo de conversación), or even a beginning Spanish conversation class (clase de conversación). "Spanish with Amigos" has been intentionally designed to be very simplistic - with little grammar included.
