A Teacher's Guide is included for most lessons and a Student Tip Sheet and a Sample Topics List will help make writing an essay a breeze.

Strategies That Work! Essay Writing, Grades 6 & Up Routledge

From noted historian Bruce Chadwick—acclaimed as “a writer incapable of dull storytelling”—Triumvirate is the dramatic story of the uniting of a nation and the unlikely alliance at the heart of it all. When the smoke cleared from Revolutionary War battlefields, independent-minded Americans turned against each other. Strong individuals with wildly different personalities, Alexander Hamilton, James Madison, and John Jay joined forces to convince wary Americans and thirteen headstrong states to unite as one. Together they wrote the startlingly original Federalist Papers not as an exercise in governmental philosophy, but instead aimed at overcoming the common man's fears. Their relentless efforts laid the groundwork for ratifying the Constitution against rampant opposition. United by an intense love for their emerging nation, Hamilton, Madison, and Jay forged its legacy in

pen and ink. "Dr. Chadwick tells an exciting story. His analysis will provoke further debate about this momentous period in American history." Dr. Paul Clemens, the Chairman of the Rutgers University Department of History PRAISE FOR TRIUMVIRATE "The author effectively details the fierce debates in Massachusetts, Virginia, and New York and the serpentine political machinations that helped bring about the birth of a nation...Not just a history lesson, but an examination of the fundamental ideas that gave birth to the United States." Kirkus Reviews "Chadwick tells an exciting story...His analysis will provoke further debate about this momentous period in American history." Dr. Paul Clemens, Rutgers University "If you think you know how America's founding document came about, think again. In this remarkable new book, Bruce Chadwick reminds us of the three extraordinary men who worked state by state, individual by individual, to ensure passage of the Constitution. It's a fascinating tale, well told." Terry Golway, author of Washington's General and Ronald Reagan's America PRAISE FOR BRUCE CHADWICK "A writer incapable of dull storytelling." Kirkus Reviews "Chadwick vividly brings to life a time of turmoil and hope in a book that should endure as a fine example of historical journalism." Willard Sterne Randall, author of George Washington: A Life

The Federalist Papers Read Books Ltd

Everyone Can Write is an easy-to-understand, practical, 'how to write' book that is accessible to everyone from a business executive wanting to polish his reports to a retiree wanting to chronicle her family history. It solves the problems that beginning writers struggle with by giving them an easy-to-follow and simple set of rules that allows them to write rapidly and clearly. The book outlines the three forms of non-fictionwriting: report, narrative and essay. Each one is dissected and a set of rules applied to each structure. The rules are easily put into practice and vary for each structure. For example, in report writing, two easy-to-apply rules are: 25 words to a sentence and 3 or 4 sentences in a paragraph. The author has also developed a foolproof method of structuring your writing, so that you make effective use of your time. It's based on the easy-to-remember three step formula: Pre-write, Free-write, Re-write. Pre-write refers to researching the necessary information. Free-write refers to getting the information onto the computer screen. Re-write refers to the essential task of editing the writing into clear readable text. This technique allows writers to become the editors of their own writing, thereby dramatically improving its quality. The essentials of grammar and punctuation, easily confused words and other useful tips for writers are also covered.

Just Be Cool, Jenna Sakai Scientific e-Resources

Classic Books Library presents this brand new edition of “The Federalist Papers”, a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. “The Federalist”, as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755–1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

The Coming Newspaper Sourcebooks, Inc.

The present book has been brought into being in view of incessant demand pertaining to the subject Journalism, inherently requires that stories be told in-depth. Many newspapers have cut out long articles even before the Internet. They have followed the example set by television news. They have been hit by the rising price of newsprint, and the renewed emphasis on cost cutting. They are convinced that readers are pressed for time, impatient with detail, and conditioned to ingest the news in pellet-like form. The bulk of broadcast news is reporting in the sense that is used is different rather than journalism. It is epitomized by the two-minute wire service radio bulletin on the hour already a fast disappearing format. In this incisive and well-presented work, the book has synthesized the findings to lay down principles of sound journalism for both those in the industry and the citizens, who rely on the free press as a fundamental element of democracy. First and foremost among these principles is journalism's obligation to the truth. It will immensely benefit students, teachers, mass communicators, theoreticians and practitioners alike. Something usable today, a ready reckoner for years to come and a collector's item for all times. A must read durable and preservable

Fans of Lisa Greenwald and Wendy Mass are sure to fall head-over-heels for this funny, sweet story of crushes, competition, and the confusing reality of middle school. "Heartbreak is for suckers." -- Jenna Sakai When Jenna gets dumped over winter break, it confirms what she learned from her parents' messy divorce: Relationships are risky and only lead to disappointment. So even though she still has to see her ex-boyfriend Elliott at newspaper club, Jenna is going to be totally heartless this semester -- no boys, just books. But keeping her cool isn't always easy. Jenna's chief competition for a big journalism scholarship is none other than Elliott. Her best friend Keiko always seems busy with her own boyfriend. And cute-but-incredibly-annoying Rin Watanabe keeps stealing her booth at the diner she's been hiding at every day after school. Rin is every bit as stubborn and detached as Jenna. And the more Jenna gets to know him, the more intriguing a mystery he seems. Soon Jenna is starting to realize that being a loner is kind of, well, lonely. And letting people in might just be a risk worth taking.

Writing is crucial to anthropology, but which genres are anthropologists expected to master in the 21st century? This book explores how anthropological writing shapes the intellectual content of the discipline and academic careers. First, chapters identify the different writing genres and contexts anthropologists actually engage with. Second, this book argues for the usefulness and necessity of taking seriously the idea of writing as a craft and of writing across and within genres in new ways. Although academic writing is an anthropologist's primary genre, they also write in many others, from drafting administrative texts and filing reports to composing ethnographically inspired journalism and fiction.

[Writing a Personal Essay](#) University Press of Colorado

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' - 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' - and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can - and must - be rediscovered with every age.' — Irish Times

Taking a thematic approach, this new companion provides an interdisciplinary, cross-cultural, and international study of American literary journalism. From the work of Frederick Douglass and Walt Whitman to that of Joan Didion and Dorothy Parker, literary journalism is a genre that both reveals and shapes American history and identity. This volume not only calls attention to literary journalism as a distinctive genre but also provides a critical foundation for future scholarship. It brings together

cutting-edge research from literary journalism scholars, examining historical perspectives; themes, venues, and genres across time; theoretical approaches and disciplinary intersections; and new directions for scholarly inquiry. Provoking reconsideration and inquiry, while providing new historical interpretations, this companion recognizes, interacts with, and honors the tradition and legacies of American literary journalism scholarship. Engaging the work of disciplines such as sociology, anthropology, African American studies, gender studies, visual studies, media studies, and American studies, in addition to journalism and literary studies, this book is perfect for students and scholars of those disciplines.
