Discover the benefits of effective risk management practices Risk management may not be a standard course in architecture school, but it is an essential concern for architects and related professionals working today. Managing Project Risk is a key resource for integrating good risk management into professional practice. Based on a popular series of articles in *AIArchitect*, this accessible volume offers an on-the-ground perspective of what can happen on the job and what architects can do to prevent or mitigate threatening conditions and events. With an engaging, non-legalistic style, authors Atkins and Simpson draw upon their considerable experience and upon AIA Contract Documents to show how sound risk management strategies work in a variety of real-world settings, covering such practical areas as: * Risk management fundamentals * Contracts * Relationships with clients * Understanding the architect's role in the project * Risk issues with digital drawings * The modern architectural workplace Rendering potentially dry topics lively with wit and anecdote, Managing Project Risk resonates with the experience of contemporary architects, while offering helpful suggestions applicable not only to risk management but also to project management and professional development.

Intended for long-term care providers, consumers, and gerontology students, this valuable new guidebook and manual encourages the promotion and enhancement of adult day care as an essential link in long-term care. Since the early 1970s, the number of adult day care centers in the United States has grown from 20 to more than 620. This rapid increase in adult day care programs indicates that it is an important health care and social resource that has begun to fill a necessary gap in the long-term care system. To further meet the increasing needs, this new book provides information regarding the history, definition, and concept of adult day care; models of care; scope of activities; state and national policy; and samples of forms and reports needed for daily operations.
