The Universal Cyclopædia Random House India

A monolithic collection of images captured by photographer Joey L. over the course of thirteen

years with the support of his dedicated Ethiopian crew. "Joey L.'s Ethiopia book is a true love letter to my home country of Ethiopia, the land of milk and honey. His imagery does a beautiful job of capturing the diversity of the country and culture. The astonishing landscapes, beautiful people, and vibrant culture. It can all be found all here in this book. Looking at the images, I can't wait to go back to my motherland." - Marcus Samuelsson, Acclaimed chef, Author, and

Restaurateur Ethiopia: A Photographic Tribute to East Africa's Diverse Cultures & Traditions is a visual ode to every region of the country and a celebration of all the diverse peoples found within. This highly anticipated volume includes both the iconic landmarks and landscapes found exclusively within Ethiopia, and regions that are lesser known to tourists and travellers. From the cosmopolitan hub of Addis Ababa famous for its Ethiopian

Jazz, to the hinterlands of the Gambela region, where the Majang people climb trees over 150 feet tall to collect wild honey. From the north's Orthodox Tewahedo historic sites, to the Islamic influence spread across the east within Afar and Somali communities, to the Animist spiritualities of the southern nations. The book is a first of its kind—underscoring what makes each region of Ethiopia unique, yet uniting all in one cohesive visual style. Every walk of life is dignified in their

own unique way. The flow of the collection is guided by immersive environmental images, landscapes, and classic still life. Interspersed into the narrative are thoughtful portraits, all photographed within the same “nomadic studio tent” the team built and took across the country. The portraits have a familiarity that only a decade of commitment to a single project can produce. The subjects are introduced by name. One spread of the book shows the same girl, Gure,

photographed nearly ten years apart. On the book cover is a rare portrait of Fentale and Woday, two Kereyu men who travel to the market once a week to trade camels and try to meet potential wives with their carefully crafted hairstyles. There is Captain Amsale, a charismatic pilot of Ethiopian Airlines—the first to fly internationally with an all-female flight crew. Deeper within the book, we meet Mories, one of the last remaining subsistence crocodile hunters of the Dassanach,

whose nomadic existence is kept alive by following the legends of their ancestors. These seemingly disconnected cultural threads are woven together masterfully in order to truly see Ethiopia—which itself is the sum of all the diverse lands and the proud people who inhabit it. 300+ COLOR PHOTOGRAPHS: Hundreds of intimate fine art photographs capture the diverse people and landscapes of Ethiopia and East Africa. STUNNING LANDSCAPES:

Joey captures distinct—and often overlooked—natural features of Ethiopia's interior, from its vast deserts, sprawling mountain ranges, and dense forests. VIBRANT CITIES: Scenes from cities like Addis Ababa reveal a vibrant energy, alight with jazz clubs, musicians, youth culture, and so much more. DIVERSE CULTURES: Visually explore the Orthodox Tewahedo historic sites, see the Islamic influence on the Afar and Somali communities, and

experience the Animist spiritualities of the southern nations.

Sihab ad-Din Ahmad bin 'Abd al-Qader's account of the early sixteenth century Jihad, or holywar, in Ethiopia, of Imam Ahmad bin Ibrahim, better known as Ahmad Gran, or the Left handed, is an historical classic. The Yamani author was an eyewitness of several of the battles he describes, and is an invaluable source. His book, which is full of human, and at times tragic, drama, makes a major contribution to our knowledge of a crucially

important period in the history of Ethiopia and Horn of Africa. 'Futuh al-Habasa, ' or 'Conquest of Abyssinia' - which undoubtedly reflects the situation as it seemed to its Yamani author at the time of its composition. The forces of Imam Ahmad bin Ibrahim had occupied the greater part of Ethiopia. The resistance of Emperor Lebna Dengel had virtually come to an end, and many Christians had chosen to convert to Islam. The victorious Imam's regime seemed there to stay. This was,

however, far from the end of the story. The Imam was killed in battle on February 21, 1543, whereupon his army almost immediately disintegrated. Those of his soldiers who could do so made their way back to the East. Not a few Muslim converts reverted to their former faith. The Futuh thus refers to a relatively short, though crucially important, period in Ethiopia's long history. The book is nevertheless valuable, in that its author was an eye-witness of many of the events he

describes, and writes, as far as we can judge, with a degree of objectivity rare for his time. What people say about this book: "This book is the first ever complete English translation of the Arabic account on the campaigns of Imam Ahmad b. Ibrahim al-Ghazi (popularly known as Gran) as written by the Yemeni jurist, Shihab al-din Ahmad b. Abd al-Qadir b. Salim b. Uthman (also known as Arab Faqih)... it is a welcome addition to the rich corpus of Arabic literary and historical

sources relevant to the sixteenth-century Ethiopia and the Horn. It is particularly useful for English-speaking researchers and established scholars who cannot read either the Arabic text or the authoritative French translation prepared by Rene Basset...both Stenhouse and Pankhurst, and the publisher, deserve high commendation, respectively, for producing such a valuable work that represents a major contribution to the

history of Ethiopia and the Horn, and for making it available to the wider English-speaking readership and scholarship." -- Hussein Ahmed is a Professor of History at Addis Ababa University. He is a leading historian of Islam in Ethiopia. * * * "In the history of conflict in Africa and beyond, "few stories of drama and human tragedy equal" Imama Ahmad's conquest of the Christian kingdom of Ethiopia (1529-1543). His short lived spectacular victories and

determination to replace Christianity by Islam and the remarkable survival of Christianity in Ethiopia" is a story of epic proportions" which still generates strong emotion among both the Christian and the Muslim population of Ethiopia. In other words, Imam Ahmad's jihadic war besides being legendary was a major turning point... This is truly a wonderful work, which is destined to remain an indispensable source for the history of Ethiopia and the Horn of Africa during the first half

of the tumultuous sixteenth century. Anyone interested in understanding the intensity and brutality of religious war will be rewarded by reading this classic." -- Mohammed Hassen is an Associate Professor of African history at Georgia State University in Atlanta. He is the author of *The Oromo of Ethiopia: A History 1570-1860*. *Understanding Ethiopia's Tigray War* Volumes for 1898-1968 include a directory of publishers.

The Statesman's Year-book

The war in Ethiopia's northern region of Tigray began in November 2020. It inflicted more casualties than any other contemporary conflict in the world. It has also been among the least understood. The fighting and accompanying blockade led to an estimated 600,000 deaths - more than the number who died in the 1984-5 famine. International journalists were banned as the region was sealed off from the outside world

by Ethiopian and Eritrean governments prosecuting a strategy designed to crush Tigray at almost any cost. Hatred of Tigrayans was stoked by senior advisers to Ethiopia's Prime Minister, Abiy Ahmed: they have called Tigrayans 'weeds' who must be uprooted, their place in history extinguished. Their language was reminiscent of that which preceded the genocide in Rwanda. The war was also orchestrated by Eritrea's President Isaias Afwerki, who came to wield

increasing influence over Ethiopian affairs. It drew in Somali troops as well as Eritrean forces. Peace agreements signed in November 2022 ended the worst of the violence, but without resolving the war's underlying drivers, which continue to feed a tense and uncertain situation. This book provides the first clear explanation of the factors that led to the conflict, unravelling their roots in Ethiopia's long and complex history. It describes the battles that were fought at such

terrible cost and the immense suffering, particularly of women, who were brutally abused.
