The application and interpretation of the four Geneva Conventions of 1949 have developed significantly in the sixty years since the International Committee of the Red Cross (ICRC) first published its Commentaries on these important humanitarian treaties. To promote a better understanding of, and respect for, this body of law, the ICRC commissioned a comprehensive update of its original Commentaries, of which this is the second volume. Its preparation was coordinated by Jean-Marie Henckaerts, ICRC legal adviser and head of the project to update the Commentaries. The Second Convention is a key text of international humanitarian law. It contains the essential rules on the protection of the wounded, sick and shipwrecked at sea, those assigned to their care, and the vessels used for their treatment and evacuation. This article-by-article Commentary takes into account developments in the law and practice to provide up-to-date interpretations of the Convention. The new Commentary has been reviewed by humanitarian-law practitioners and academics from around the world, including naval experts. It is an essential tool for anyone working or studying within this field.

Crow This Crow will ruffle a few feathers. When Stacey Fortune is diagnosed with three highly unpredictable -- and inoperable -- brain tumours, she abandons the crumbling glamour of her life in Toronto for her mother Effie's scruffy trailer in rural Cape Breton. Back home, she's known as Crow, and everybody suspects that her family is cursed. With her future all but sealed, Crow decides

to go down in a blaze of unforgettable glory by writing a memoir that will raise eyebrows and drop jaws. She'll dig up "the dirt" on her family tree, including the supposed curse, and uncover the truth about her mysterious father, who disappeared a month before she was born. But first, Crow must contend with an eclectic assortment of characters, including her gossipy Aunt Peggy, hedonistic party-pal Char, homebound best friend Allie, and high-school flame Willy. She'll also have to figure out how to live with her mother and how to muddle through the unsettling visual disturbances that are becoming more and more vivid each day. Witty, energetic, and crackling with sharp Cape Breton humour, *Crow* is a story of big twists, big personalities, big drama, and even bigger heart.
