If you host guests overnight then this guest book is perfect for your guests to record their memories! With 100 lined pages, with fields for Your guests will have plenty of

room to sign their name and share their memories and stories of their stay. The beautiful cover and attractive modern design are guaranteed to impress all of your guests.

Large Ballantine Books

An outstanding new military history of the first half of World War II, featuring a rich array of images, exclusive graphics, superb new maps, and expert analysis commissioned by the United States

Military Academy to teach the art of war to West Point cadets. Since 1836, United States Military Academy texts have been the gold standard for teaching military history and the operational art of war. Now the USMA has developed a new military history series for the public featuring the story of World War II in two volumes, of which this is the first. The West Point History of World War II combines the expertise of preeminent historians with hundreds of maps and images, many created for this volume or selected from Army collections. The first volume offers a balanced narrative analyzing the rising tide of Axis conquest from 1939 to mid-1942, ranging from battlefield decisions to operational and strategic plans, all set in their proper political context. The closing chapter provides a thematic treatment of the mobilization of the warring nations' economies and home fronts for the conduct of total war. The West Point History of World War II has been tested, checked, and polished by West Point cadets, faculty, and graduates to make this the best military history of its kind.

INSTANT NEW YORK TIMES BESTSELLER

"My Body offers a lucid examination of the mirrors in which its author has seen herself, and her indoctrination into the cult of beauty as defined by powerful men. In its more transcendent passages . . . the author steps beyond the reach of any 'Pygmalion' and becomes a more dangerous kind of beautiful. She becomes a kind of god in her own right: an artist."

—Melissa Febos, The New York Times Book Review A "MOST ANTICIPATED" AND "BEST OF FALL 2021" BOOK FOR * VOGUE * TIME * ESQUIRE * PEOPLE * USA TODAY * CHICAGO TRIBUNE * LOS ANGELES TIMES * SHONDALAND * ALMA * THRILLEST * NYLON * FORTUNE A deeply honest investigation of what it means to be a woman and a commodity from Emily Ratajkowski, the archetypal, multi-hyphenate celebrity of our time Emily Ratajkowski is an acclaimed model and actress, an engaged political progressive,

a formidable entrepreneur, a global social media phenomenon, and now, a writer. Rocketing to world fame at age twenty-one, Ratajkowski sparked both praise and furor with the provocative display of her body as an unapologetic statement of feminist empowerment. The subsequent evolution in her thinking about our culture's commodification of women is the subject of this book. My Body is a profoundly personal exploration of feminism, sexuality, and power, of men's treatment of women and women's rationalizations for accepting that treatment. These essays chronicle moments from Ratajkowski's life while investigating the culture's fetishization of girls and female beauty, its obsession with and contempt for women's sexuality, the perverse dynamics of the fashion and film industries, and the gray area between consent and abuse. Nuanced, fierce, and incisive, My Body marks the debut of a writer brimming with courage and intelligence.

A Different Heaven is a fictional account of the true-life story of 10-year-old Pamela Butler. Pamela was a Kansas City, Kansas

resident who was abducted and murdered back in the fall of 1999. A Different Heaven is based around three characters and how they all come together one faithful day. It's a story of life's greatest lesson, helping others, and of life's greatest loss, the murder of a child. A Different Heaven is a tribute to Pamela Butler and a roller coaster ride of emotion that has an ending that you will never forget. What is A Different Heaven? You won't know the truth until the end.

THE NATIONAL BESTSELLER • SOON TO BE A MAJOR MOTION PICTURE • From America's "forgotten war" in Korea comes an unforgettable tale of courage by the author of A Higher Call. Devotion tells the inspirational story of the U.S. Navy's most famous aviator duo, Lieutenant Tom Hudner and Ensign Jesse Brown, and the

Marines they fought to defend. A white New Englander from the country-club scene, Tom passed up Harvard to fly fighters for his country. An African American sharecropper's son from Mississippi, Jesse became the navy's first black carrier pilot, defending a nation that wouldn't even serve him in a bar. While much of America remained divided by segregation, Jesse and Tom joined forces as wingmen in Fighter Squadron 32. Adam Makos takes us into the cockpit as these bold young aviators cut their teeth at the world's most dangerous job—landing on the deck of an aircraft carrier—a line of work that Jesse's young wife, Daisy, struggles to accept. Deployed to the Mediterranean, Tom and Jesse meet the Fleet Marines, boys like PFC "Red" Parkinson, a farm kid from the Catskills. In between war games in the sun, the young men revel on the Riviera, partying with millionaires and even befriending the Hollywood starlet Elizabeth Taylor. Then comes the war no one expected, in faraway Korea. Devotion takes us soaring overhead with Tom and Jesse, and into the foxholes with Red and the Marines as they battle a North Korean invasion. As the fury

of the fighting escalates and the Marines are cornered at the Chosin Reservoir, Tom and Jesse fly, guns blazing, to try and save them. When one of the duo is shot down behind enemy lines and pinned in his burning plane, the other faces an unthinkable choice: watch his friend die or attempt history's most audacious one-man rescue mission. A tug-at-the-heartstrings tale of bravery and selflessness, Devotion asks: How far would you go to save a friend? Praise for Devotion "Riveting . . . a meticulously researched and moving account."—USA Today "An inspiring tale . . . portrayed by Makos in sharp, fact-filled prose and with strong reporting."—Los Angeles Times "[A] must-read."—New York Post "Stirring."—Parade "A masterful storyteller . . . [Makos brings] Devotion to life with amazing vividness. . . . [It] reads like a dream. The perfectly paced story cruises along in the fast lane—when you're finished, you'll want to start all over again."—Associated Press "A delight to read . . . Devotion is a story you will not forget."—The Washington Times "My great respect for Tom Hudner knows no bounds. He is a true hero; and in reading this book, you will understand why I feel that

way.”—President George H. W. Bush “This is aerial drama at its best—fast, powerful, and moving.”—Erik Larson, New York Times bestselling author of *Dead Wake* “Though it concerns a famously cold battle in the Korean War, make no mistake: Devotion will warm your heart.”—Hampton Sides, New York Times bestselling author of *Ghost Soldiers* and *In the Kingdom of Ice* “At last, the Korean War has its epic, a story that will stay with you long after you close this book.”—Eric Blehm, New York Times bestselling author of *Fearless* and *Legend*

The Journal of the National Archives Simon and Schuster

Through the Arch captures UGA's colorful past, dynamic present, and promising future in a novel way: by surveying its buildings, structures, and spaces. These physical features are the university's most visible--and some of its most valuable--resources. Yet they are largely overlooked,

or treated only passing, in histories and standard publications about UGA. Through text and photographs, this book places buildings and spaces in the context of UGA's development over more than 225 years. After opening with a brief historical overview of the university, the book profiles over 140 buildings, landmarks, and spaces, their history, appearance, and past and current usage, as well as their namesake, beginning with the oldest structures on North Campus and progressing to the newest facilities on South and East Campus and the emerging Northwest Quadrant. Many profiles are supplemented with sidebars relating traditions, lore, facts, or alumni recollections associated with buildings and spaces. More than just landmarks or static elements of infrastructure, buildings and spaces embody the university's values, cultural heritage, and educational purpose. These facilities--many more than a century old--are where students learn, explore, and grow and where faculty teach, research, and create. They harbor the university's history and traditions, protect its treasures, and hold memories for alumni. The repository for books,

documents, artifacts, and tools that contain and convey much of the accumulated knowledge and wisdom of human existence, these structures are the legacy of generations. And they are tangible symbols of UGA's commitment to improve our world through education.

Guide includes 113 color photos throughout 19 black-and-white historical photos Over 140 profiles of buildings, landmarks, and spaces Supplemental sidebars with traditions, lore, facts, and alumni anecdotes 6 maps

West Point History of World War II

Metropolitan Books

Alice Pearce, once called "the adenoidal lass with the most beautiful, homely face on Broadway," carved a unique career playing wallflowers, nitwits, nags, and other oddball characters, all of whom contrasted sharply with their portrayer. As the shy daughter of an international banker, she experienced a privileged upbringing, attending exclusive schools in both Europe and the United States. Against her parents' wishes, she pursued acting, eventually enlivening thirteen Broadway productions and winning acclaim for her smash act at New York's

chicest nightclub, the Blue Angel. Although Alice's Hollywood career was comparatively fleeting, the Emmy-winning actress was featured in fourteen films and in dozens of top television series. She achieved her greatest fame—ironically, at the very end of her brief life—for playing Gladys Kravitz, the snooty neighbor on the TV sitcom Bewitched. Sweet Oddball, exhaustively researched and illustrated with 225 rare photos, chronicles the public and private lives of a lady much beloved by her fellow actors and fans. Fredrick Tucker is a retired educator who enjoys studying character actors of stage and screen. Sweet Oddball, the culmination of research begun in 1975, is his second book for BearManor Media. His biography Verna Felton was published in 2010. "Many of us fondly recall actress Alice Pearce (1917-1966) as the nasal oddball Lucy Shmeeler in the MGM musical ON THE TOWN (1949) and as the often hysterical nosy neighbor Gladys Kravitz on TV's BEWITCHED during its first two seasons (1964-1966). But there was far more to character star Pearce who came from a privileged background including a fine college education. During her

impressive career Alice—who was not conventionally pretty—performed in NYC clubs, on Broadway, on road tours, in summer stock, and on radio, TV, and the movies. "In a true labor of love accomplished over several decades, author Fredrick Tucker has done a remarkable job of researching his subject to the nth degree. During this lengthy period of digging into the world of Alice Pearce he gained the assistance of several of her show business coworkers, perceptions from many of her friends, and personal recollections from her extended family that encompassed two marriages. And seemingly Tucker has documented most every media mention of this offbeat talent who typically played wallflowers, spinsters, and eccentric individuals in a long list of memorable performances. As a result he has produced a marvelous, dimensional, well-written biography of Pearce. Equally of interest Tucker has provided in his book an informative background of the times in which Alice worked in various media. Thus SWEET ODDBALL: THE STORY OF ALICE PEARCE is not only a richly textured narrative but it provides a cultural history of bygone

decades of various arenas of American show business. Completing this outstanding chronicle are over 200 photos documenting the professional and private lives of gifted Alice Pearce whose time with us was sadly cut short by cancer. This book is a highly recommended read!" - James Robert Parish
[The Battle of Iwo Jima](#) Sterling Publishing Company, Inc.
Beginning with the Marine assault on February 19, 1945, the Battle for Iwo Jima quickly became the bloodiest battle in Marine Corps history. Today this fierce battle remains high in our collective memories, not only for its terrors but for its indelible image of triumph: the raising of the flag on Mt. Suribachi. Much information exists about the Battle for Iwo Jima, but it is scattered and can be difficult to track down. This book draws the information together in two ways. It offers bibliographic listings to lead researchers to useful sources, and provides actual texts of documents related to the battle and its aftermath. Part One, "The Bibliography," offers information on more than 800 books, magazines, official documents, audio-visual materials and online

resources about the Battle of Iwo Jima. Each listing is annotated to assist researchers, historians, veterans and others seeking information. Part Two, "The Anthology," offers the texts of hard-to-locate documents; a series of maps

showing the day-by-day progression of the battle; and a selection of poetry inspired by the battle. Appendices provide details of the American chain of command and both the American and the Japanese orders of battle; describe some lingering

mysteries about the Battle of Iwo Jima; and list Iwo Jima memorial sites around the world.
