*The Return of Hans Staden* University of Chicago Press

Introduces the major elements of semantics in a simple, step-by-step fashion. Sections of explanation and examples are followed by practice exercises with answers and comment provided.

**Pruett and Soo** John Wiley & Sons  
The brave, wry, irresistible journey of a

fiercely independent American woman who finds everything she ever wanted in the most unexpected place. Shufu: in Japanese it means “housewife,” and it’s the last thing Tracy Slater ever thought she’d call herself. A writer and academic, Tracy carefully constructed a life she loved in her hometown of Boston. But everything is upended when she falls head over heels for the most unlikely mate: a Japanese salary-man based in Osaka, who barely speaks her language. Deciding to give fate a chance, Tracy builds a life and marriage in Japan, a

country both fascinating and profoundly alienating, where she can read neither the language nor the simplest social cues. There, she finds herself dependent on her husband to order her food, answer the phone, and give her money. When she begins to learn Japanese, she discovers the language is inextricably connected with nuanced cultural dynamics that would take a lifetime to absorb. Finally, when Tracy longs for a child, she ends up trying to grow her family with a Petri dish and an army of doctors with whom she can barely communicate. And yet, despite the challenges, Tracy is sustained by her husband's quiet love, and being with him feels more like "home" than anything ever has. Steadily and surely, she fills her life in Japan with meaningful

connections, a loving marriage, and wonder at her adopted country, a place that will never feel natural or easy, but which provides endless opportunities for growth, insight, and sometimes humor. A memoir of travel and romance, *The Good Shufu* is a celebration of the life least expected: messy, overwhelming, and deeply enriching in its complications.

**The Mating Mind** Packt Publishing Ltd  
Dachshund droids, mad crones, shapeshifting children, a plethora of witches, dragonstalkers, familiars, slithering eels and, of course, bats, flit and fly through these pages, aided and abetted by Kathleen Jennings's deft and inspired pencil drawings. *Stray Bats* is a glorious miscellany of vignettes based on poems by Australian women. While some of the pieces hie close to the

originals in form and theme, some stray far, far from them even as Lanagan delights in playing with language, rhyme, and rhythm. This could be the perfect gift for that slightly otherworldly person in your life—or for yourself, when you need a moment of magic, a dip into darkness, a spark of light. For the reader who would like to explore further, there are a list of poems that inspired the author and notes on where those poems might be found.

**Beginner's Guide to Digital Painting in Procreate** W. W. Norton & Company  
A dark reimagining of The Little Mermaid, *From the Mouths of Sirens* is the first installment in a compelling new YA fantasy series. With a lush fantasy world, a high-stakes competition, and a thrilling love story, *From the Mouths of*

*Sirens* is *The Cruel Prince* meets *The Hunger Games*. Since childhood, Saoirse has trained for the sole purpose of being chosen for the Tournament. The angel-like people of Aurandel have won the Tournament for a century and ruled the continent with an iron grip. If Saoirse survives the three infamous trials, she will win the Crown of Revelore and overthrow the nation responsible for her mother's death. But when Saoirse is denied entry into the Tournament by the Mer king, she makes a forbidden bargain with an imprisoned sea witch: in exchange for entry in the competition, Saoirse agrees to kill the Auran prince. But while fighting for her life in the arena, the last thing Saoirse expects to do is fall for her greatest enemy, the arrogant Prince Rook.

**The Essential Rumi** Penguin

With step-by-step, hand-lettering lessons and spectacularly illustrated coloring pages, artists of any age can create beautiful works of letter art. Words to Live By is a unique combination of inspirational quotes, hand-lettering tips and techniques, and fun coloring pages. With easy step-by-step lessons in the art of hand lettering and illustration, artists of any age can learn to create beautiful works of letter art. Also included are 24 inspirational perforated coloring pages that can be personalized and displayed, framed, or given as gifts.

**Darwin's Conjecture** Vintage

Rumi the Persian poet is widely acknowledged as being the greatest Sufi mystic of his age. He was the founder of the brotherhood of the Whirling

Dervishes. This is a collection of his poetry.

**Virtual Art** Routledge

This book, by one of Italy's most important and original contemporary philosophers, represents a broad, general, and ambitious undertaking-- nothing less than an attempt to rethink the nature of poetic language and to rearticulate relationships among theology, poetry, and philosophy in a tradition of literature initiated by Dante. The author presents "literature" as a set of formal or linguistic genres that discuss or develop theological issues at a certain distance from the discourse of theology. This distance begins to appear in Virgil and Ovid, but it becomes decisive in Dante and in his decision to write in the vernacular. His vernacular Italian

reaches back through classical allusion to the Latin that was in his day the language of theology, but it does so with a difference. It is no accident that in the *Commedia* Virgil is Dante's guide. The book opens with a discussion of just how Dante's poem is a "comedy," and it concludes with a discussion of the "ends of poetry" in a variety of senses: enjambment at the ends of lines, the concluding lines of poems, and the end of poetry as a mode of writing this sort of literature. Of course, to have poetry "end" does not mean that people stop writing it, but that literature passes into a period in which it is concerned with its own ending, with its own bounds and limits, historical and otherwise. Though most of the essays make specific reference to various authors of the

Italian literary tradition (including Dante, Polifilo, Pascoli, Delfini, and Caproni), they transcend the confines of Italian literature and engage several other literary and philosophical authors (Plato, Aristotle, the Stoics, Boethius, the Provençal poets, Mallarmé, and Hölderlin, among others).

THE SEQUEL TO THE MULTI-MILLION  
BESTSELLER DRAWING ON THE RIGHT  
SIDE OF THE BRAIN From the author of  
the world's most popular drawing  
instruction manual *Drawing on the Right  
Side of the Brain*, this new book helps  
you discover a new way of drawing and  
problem solving. Betty Edwards reveals  
the role our dominant eye plays in how  
we perceive, create, and are seen by  
those around us. Research shows that

much like being right-handed or left-handed, each of us has a dominant eye, corresponding to the dominant side of our brain - either verbal or perceptual. Once you learn the difference and try your hand at the simple drawing exercises, you'll gain fresh insights into how you perceive, think, and create. You'll learn how to not just look but truly see. Generously illustrated throughout, *Drawing on the Dominant Eye* offers a remarkable guided tour through art history, psychology, and the creative process; a must-read for anyone looking for a richer understanding of our art, our minds, and ourselves. Praise for Betty Edwards' *Drawing on the Right Side of the Brain*: 'Hands down the best and most life-enhancing thing I've done in lockdown' India Knight 'A guide to

enhancing creativity and artistic confidence' Independent

"The Bible of the Red Pill", The Rational

Male® is a rational and pragmatic approach to intersexual dynamics, and the social and psychological underpinnings of intergender relations. The book is the compiled, ten-year core writing of author/blogger Rollo Tomassi from [therationalmale.com](http://therationalmale.com). Rollo Tomassi is one of the leading voices in the globally growing, male-focused online consortium known as the "Manosphere". Outlined are the concepts of positive masculinity, the feminine imperative, plate theory, operative social conventions and the core psychological theory behind Game awareness and "red pill" ideology. Tomassi explains and outlines the principles of intergender social dynamics and foundational reasoning behind them.

How our collective intelligence has helped us to evolve and prosper Humans are a puzzling species. On the one hand, we struggle to survive on our own in the wild, often failing to overcome even basic challenges, like obtaining food, building shelters, or avoiding predators. On the other hand, human groups have produced ingenious technologies, sophisticated languages, and complex institutions that have permitted us to successfully expand into a vast range of diverse environments. What has enabled us to dominate the globe, more than any other species, while remaining virtually helpless as lone individuals? This book shows that the secret of our success lies not in our innate intelligence, but in our collective brains—on the ability of

human groups to socially interconnect and learn from one another over generations. Drawing insights from lost European explorers, clever chimpanzees, mobile hunter-gatherers, neuroscientific findings, ancient bones, and the human genome, Joseph Henrich demonstrates how our collective brains have propelled our species' genetic evolution and shaped our biology. Our early capacities for learning from others produced many cultural innovations, such as fire, cooking, water containers, plant knowledge, and projectile weapons, which in turn drove the expansion of our brains and altered our physiology, anatomy, and psychology in crucial ways. Later on, some collective brains generated and recombined powerful concepts, such as the lever, wheel,

screw, and writing, while also creating the institutions that continue to alter our motivations and perceptions. Henrich shows how our genetics and biology are inextricably interwoven with cultural evolution, and how culture-gene interactions launched our species on an extraordinary evolutionary trajectory. Tracking clues from our ancient past to the present, *The Secret of Our Success* explores how the evolution of both our cultural and social natures produce a collective intelligence that explains both our species' immense success and the origins of human uniqueness.

**Feminist Thought** Mit Press

Drawing activities, art instruction, and advice for artists and non-artists alike. Urban sketching--the process of drawing on the go as a regular practice--is a hot

trend in the drawing world. It's also a practical necessity for creatively minded people in a busy world. In this aspirational guide, self-taught French artist France Belleville-Van Stone emboldens readers to craft a ritual of their own and devote more time to art, even if it's just 10 minutes a day. She offers motivation to move beyond the comfort zone, as well as instruction on turning rough sketches into finished work. Belleville Van-Stone learned how to draw through her own daily practice and knows first-hand how hard it is to find time to incorporate creativity into a busy life. She encourages and teaches us how to do it with advice and guidance such as:

- An A-to-Z list of daily sketch prompts, from airports to bananas, faces to hands, meetings and workplaces ·

Tips on what drawing supplies you can and should have--and how to carry them around · Sections on accepting mistakes, drawing with limited resources, and redefining completion · Plusses and minuses of going digital, including apps, styluses, and brushes For those of us who dream of drawing in the minutes between school and work, bathtime and bedtime, and waking and walking out the door, the practical advice in Sketch! is a revelation. By sharing her own creative process, Belleville-Van Stone Sketch inspires artists both established and aspiring to rethink their daily practice, sketch for the pure joy of it, and document their lives and the world around them.

Wild Seed Tyndale House

Part narrative, part business book;

Architect + Entrepreneur is filled with contemporary, relevant, fresh tips and advice, from a seasoned professional architect building a new business. The guide advocates novel strategies and tools that merge entrepreneurship with the practice of architecture and interior design. The Problem: Embarking on a new business venture is intimidating; you have questions. But many of the resources available to help entrepreneur architects and interior designers start their design business lack timeliness and relevance. Most are geared toward building colossal firms like SOM and Gensler using outdated methods and old business models. If you're an individual or small team contemplating starting a design business, this is your field guide; crafted to inspire action. The

Solution: Using the lean startup methodology to create a minimum viable product, the handbook encourages successive small wins that support a broader vision enabling one to, "think big, start small, and learn fast." It's a unique take on design practice viewed through the lens of entrepreneurship and is designed to answer the questions all new business owners face, from the rote to the existential. Questions about: - Startup costs - Business models (old and new) - Marriage of business and design - Mindset - Branding & naming (exercises and ideas) - Internet marketing strategies - Passive income ideas - Setting your fee - Taxes - Standard Operating Procedures (SOPs) - Securing the work - Client relations - Software - Billing rates - Contracts Building a

business isn't a singular act; it's a series of small steps. Using the outline found in Architect + Entrepreneur you can start today. The chapters are organized to guide you from idea to action. Rather than write a business plan you'll be challenged to craft a brand and you'll sell it using new technologies. Follow the guide sequentially and you'll have both the tools and a profitable small business.

**Stray Bats** Grand Central Publishing  
Killing the Black Body remains a rallying cry for education, awareness, and action on extending reproductive justice to all women. It is as crucial as ever, even two decades after its original publication. "A must-read for all those who claim to care about racial and gender justice in America." —Michelle Alexander, author of *The New Jim Crow* In 1997, this

groundbreaking book made a powerful entrance into the national conversation on race. In a media landscape dominated by racially biased images of welfare queens and crack babies, *Killing the Black Body* exposed America's systemic abuse of Black women's bodies. From slave masters' economic stake in bonded women's fertility to government programs that coerced thousands of poor Black women into being sterilized as late as the 1970s, these abuses pointed to the degradation of Black motherhood—and the exclusion of Black women's reproductive needs in mainstream feminist and civil rights agendas. "Compelling. . . . Deftly shows how distorted and racist constructions of black motherhood have affected politics, law, and policy in the United States."

—Ms.

How to Create a Mind Watson-Guptill

Over 25 years ago, Raymond Williams' *Keywords: A Vocabulary of Culture and Society* set the standard for how we understand and use the language of culture and society. Now, three luminaries in the field of cultural studies have assembled a volume that builds on and updates Williams' classic, reflecting the transformation in culture and society since its publication. *New Keywords: A Revised Vocabulary of Culture and Society* is a state-of-the-art reference for students, teachers and culture vultures everywhere. Assembles a stellar team of internationally renowned and interdisciplinary social thinkers and theorists Showcases 142 signed entries - from art, commodity, and

fundamentalism to youth, utopia, the virtual, and the West - that capture the practices, institutions, and debates of contemporary society Builds on and updates Raymond Williams's classic *Keywords: A Vocabulary of Culture and Society*, by reflecting the transformation in culture and society over the last 25 years Includes a bibliographic resource to guide research and cross-referencing The book is supported by a website: [www.blackwellpublishing.com/newkeywords](http://www.blackwellpublishing.com/newkeywords).

*Hoosiers and the American Story*

Bloomsbury Academic

In an "epic, game-changing, moving and brilliant" story of love and hate, two immortals chase each other across continents and centuries, binding their fates together -- and changing the

destiny of the human race (Viola Davis). Doro knows no higher authority than himself. An ancient spirit with boundless powers, he possesses humans, killing without remorse as he jumps from body to body to sustain his own life. With a lonely eternity ahead of him, Doro breeds supernaturally gifted humans into empires that obey his every desire. He fears no one -- until he meets Anyanwu. Anyanwu is an entity like Doro and yet different. She can heal with a bite and transform her own body, mending injuries and reversing aging. She uses her powers to cure her neighbors and birth entire tribes, surrounding herself with kindred who both fear and respect her. No one poses a true threat to Anyanwu -- until she meets Doro. The moment Doro meets

Anyanwu, he covets her; and from the villages of 17th-century Nigeria to 19th-century United States, their courtship becomes a power struggle that echoes through generations, irrevocably changing what it means to be human.

### **The Wine Bible** Anchor

Here is a clear and enthusiastic introduction to building methods from ancient time to the present day, illustrated throughout with line drawings. In addition, Mr. Salvadori discusses recent advances in science and technology that have had important effects on the planning and construction of buildings.

*Backlash Export Header* Simon and Schuster

Ready to play? Whether you think of yourself as an artist, a doodler, a

dreamer, or none of the above, this book will jump-start your creativity. Popular art instructor Carla Sonheim offers fun, engaging ideas on every page, from drawing upside down to imagining new worlds (down to their silly hats and strange animal species). All you need is a pencil or pen and your imagination. Drawing on the Dominant Eye Souvenir Press

A supplemental textbook for middle and high school students, Hoosiers and the American Story provides intimate views of individuals and places in Indiana set within themes from American history. During the frontier days when Americans battled with and exiled native peoples from the East, Indiana was on the leading edge of America's westward expansion. As waves of immigrants

swept across the Appalachians and eastern waterways, Indiana became established as both a crossroads and as a vital part of Middle America. Indiana's stories illuminate the history of American agriculture, wars, industrialization, ethnic conflicts, technological improvements, political battles, transportation networks, economic shifts, social welfare initiatives, and more. In so doing, they elucidate large national issues so that students can relate personally to the ideas and events that comprise American history. At the same time, the stories shed light on what it means to be a Hoosier, today and in the past.

Greek Homosexuality Cambridge University Press

"This book is about dying, not about

death. We are always dying a big, always giving things up, always having things taken away. Is there a person alive who isn't really curious about what dying is for them? Is there a person alive

who wouldn't like to go to their dying full of excitement, without fear and without morbidity? This books tells you how." -- Front cover.
