Dragon shifter Ariana West will do anything for the men she's falling in love with, including take on a sketchy mission for an alpha she despises. Their task is to retrieve treasure from a shifter whose name sparks fear in the shifter world. One problem, however: he's the father of one of her partners. As the four dragon shifters navigate a forest too dense for their powers, they

encounter trials and revelations that test the boundaries of their budding relationships and cause them to question the very fabric of their fates. Retrieving the treasure is only half the job. Once they find it, they have to get out of the forest with their lives-and love-intact. Dragon Unbroken is the second book in a reverse harem trilogy featuring one strong female dragon shifter and the three

hot-as-sin dragon shifters who win a place in her company...and in her bed.

Eve Newton One young witch coming into her powers. Four smoking hot dragon shifters. Defending their way of life together. Complete series in this boxed set. I didn't choose the life of a coven leader. I was born into it and refusing the position

wasn't an option. When I met my dragons, my life changed for the better. Stepping into my new role became easier with their support. But my bliss didn't last. It couldn't with the threats facing our coven and our way of life. My sisters hated the dragons and blamed them for the violence. They didn't see things as I did and it was now my job to show strength and courage as I defended our coven and my dragons. I

wasn't sure how I'd face it all. I had no idea how bad it would get. But I was certain that I wouldn't be alone. I was certain my dragon lovers wouldn't desert me. And when the baby came, things got so much more complicated. I was certain my life would never be the same again. Was Rose naive? Was there any way she could be in love with four alpha males and not deal with jealousy, discontent,

and uncertainty? Will a baby complete this family or will their enemies tear them apart before they're ever together. - - -
