Few subjects
are as
important, yet
ignored or
misapplied, as
the one
addressed in
this book.
Jesus Christ is
the absolute
center and
focus of the
totality of
God's word.
Many people
confess this
belief, since
Jesus himself
taught it (Luke
24:27; John
5:39).
Christians
have done
well to see
this on one or
two levels.

Yet, truly
understanding
just how
primary he is
as an actor-
even in the
Old
Testament-is
something few
have
considered. In
this revised
and expanded
edition of
From the
Shadows to
the Savior
(2015),
Douglas Van
Dorn helps us
see the light
of Christ that
emerges from
the dark
hallways of
Scriptures that
so many find
outdated,
unintelligible,
and irrelevant
for today's
Church. Learn

how Christ is
found in such
things as
prophecy,
typology, and
the law. Then,
come in for a
deeper study
of how the
Person himself
is actually
present,
walking,
speaking, and
acting,
beginning in
the very first
book of the
Bible. Learn
how words
such as
"Word,"
"Name,"
"Glory," and
"Wisdom" are
all ideas that
the Scripture
itself attaches
to Christ who
in the OT is
called The
Angel of the

LORD. Then see if such ideas don't radically change the way you think about all of God's word in this truly life-changing summary of Christ in the Old Testament. This edition contains three new chapters (Christ the Power, Christ the Face, and Christ the Shepherd), has been reworked to make sections even clearer, contains new resources, and study questions. It is the perfect book for a

study guide on Christ in the Old Testament."A certain kind of delight comes over the Christian when he or she discovers glorious truths in the Bible that were somehow missed or misinterpreted throughout one's life. I experienced this many times in reading Pastor Van Dorn's insightful work. Surely, Christ is found throughout the Old Testament and his ministry precedes his

achievements through the Incarnation." Douglas Groothuis (Ph.D.) Professor of Philosophy, Denver Seminary Author of Christian Apologetics: A Comprehensive Case for Biblical Faith

A complete reorganization now puts relevant repair and maintenance information directly after each

automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on

maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. Astra Hatchback, Saloon & Estate, and	<i>Christ in the Old Testament</i> Motorbooks NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the

words stick. “A brilliant and thoroughly modern guide to learning new languages.”—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Zero At the Top*. At thirty years old, Gabriel Wyner speaks six languages fluently. He didn’t learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the

subway, using simple techniques and free online resources—and here he wants to show others what he’s discovered. Starting with pronunciation, you’ll learn how to rewire your ears and turn foreign sounds into familiar sounds. You’ll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you’ll begin to tackle words, and connect

sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you’ll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to

create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.
