The Cold Kiss of Death. When sidhe-
blooded Genny Taylor's friend is
murdered and all evidence points to her,
she goes on the run. But she's being
pursued by some of the most powerful
supernaturals in town-and one of them is
most certainly the killer.

Central to every vampire story is the undead's need for human blood, but equally compelling is the human ingestion of vampire blood, which often creates a bond. This blood connection suggests two primal, natural desires: breastfeeding and communion with God through a blood covenant. This analysis of vampire stories explores the benefits of the bonding experiences of breastfeeding and Christian and vampire narratives, arguing that modern readers and viewers are drawn to this genre because of our innate fascination with

the relationship between human and maker.

Bite Me. Crown Archetype
Suelette Dreyfus and her co-author, WikiLeaks founder Julian Assange, tell the extraordinary true story of the computer underground, and the bizarre lives and crimes of an elite ring of international hackers who took on the establishment. Spanning three continents and a decade of high level infiltration, they created chaos amongst some of the world's biggest and most powerful organisations, including NASA and the US military. Brilliant and obsessed, many of them found themselves addicted to hacking and phreaking. Some descended into drugs and madness, others ended up in jail. As riveting as the finest detective novel and

meticulously researched, *Underground* follows the hackers through their crimes, their betrayals, the hunt, raids and investigations. It is a gripping tale of the digital underground.

An instant New York Times Bestseller! Longlisted for the 2019 National Book Award for Fiction, the Carnegie Medal in Fiction, the 2019 Aspen Words Literacy Prize, and the PEN/Hemingway Debut Novel Award Shortlisted for the 2019 Center for Fiction First Novel Prize Winner of the 2019 New England Book Award for Fiction! Named one of the most anticipated books of 2019 by Vulture, Entertainment Weekly, BuzzFeed, Los Angeles Times, Boston Globe, Oprah.com, Huffington Post, The A.V. Club, Nylon, The Week, The Rumpus, The Millions, The Guardian, Publishers Weekly, and more. "A lyrical work of self-discovery that's shockingly

intimate and insistently universal...Not so much briefly gorgeous as permanently stunning.” —Ron Charles, *The Washington Post*

Ocean Vuong’s debut novel is a shattering portrait of a family, a first love, and the redemptive power of storytelling. *On Earth We’re Briefly Gorgeous* is a letter from a son to a mother who cannot read. Written when the speaker, Little Dog, is in his late twenties, the letter unearths a family’s history that began before he was born — a history whose epicenter is rooted in Vietnam — and serves as a doorway into parts of his life his mother has never known, all of it leading to an unforgettable revelation. At once a witness to the fraught yet undeniable love between a single mother and her son, it is also a brutally honest

exploration of race, class, and masculinity. Asking questions central to our American moment, immersed as we are in addiction, violence, and trauma, but undergirded by compassion and tenderness, *On Earth We’re Briefly Gorgeous* is as much about the power of telling one’s own story as it is about the obliterating silence of not being heard. With stunning urgency and grace, Ocean Vuong writes of people caught between disparate worlds, and asks how we heal and rescue one another without forsaking who we are. The question of how to survive, and how to make of it a kind of joy, powers the most important debut novel of many years. Named a Best Book of the Year by: *GQ*, *Kirkus Reviews*, *Booklist*, *Library Journal*, *TIME*, *Esquire*, *The Washington Post*, *Apple*,

Cesar Millan—nationally recognized dog expert—helps you see the world through the eyes of your dog so you can finally eliminate problem behaviors. From his appearances on The Oprah Winfrey Show to his roster of celebrity clients to

his reality television series, Cesar Millan is America's most sought-after dog-behavior expert. But Cesar is not a trainer in the traditional sense—his expertise lies in his unique ability to comprehend dog psychology. Tracing his own amazing journey from a clay-walled farm in Mexico to the celebrity palaces of Los Angeles, Cesar recounts how he learned what makes dogs tick. In *Cesar's Way*, he shares this wisdom, laying the groundwork for you to have stronger, more satisfying relationships with your canine companions. Cesar's formula for a contented and balanced dog seems impossibly simple: exercise, discipline, and affection, in that order. Taking readers through the basics of dog psychology and behavior, Cesar shares the inside details of some of his most

fascinating cases, using them to illustrate how common behavior issues develop and, more important, how they can be corrected. You'll learn:

- What your dog really needs may not be what you're giving him
- Why a dog's natural pack instincts are the key to your happy relationship
- How to relate to your dog on a canine level
- There are no "problem breeds," just problem owners
- How to choose a dog who's right for you and your family
- The difference between discipline and punishment
- And much more!

Filled with fascinating anecdotes about Cesar's longtime clients, and including forewords by the president of the International Association of Canine Professionals and Jada Pinkett Smith, this is the only book you'll need to forge a stronger, more rewarding

connection with your four-legged companion.

Ally was at a breaking point when she woke up in a psych ward at the age of eighteen. She couldn't put a sentence together, let alone take a shower, eat a meal, or pick up a phone. What had gone wrong? In recent years, she had produced a feature film, a popular reality show for a major network, and had acted in an off-Broadway play. But now, Ally was pushed to a psychotic break after

struggling since she was seven years old with physical symptoms that no doctor could explain; everything from joint pain, to night sweats, memory loss, nausea, and brain fog. A doctor in the psych ward was finally able to give her the answers her and her family had desperately been searching for, and the diagnosis that all the previous doctors had missed. She learned that she had Lyme disease-and finally had a breakthrough. What she didn't know was that this diagnosis would lead her down some of the most excruciating years of her life before beginning her journey to recovery from eleven years of misdiagnosis and physical pain. She would need to find her courage to heal physically, mentally, and emotionally, and become the survivor she is today. Set against the backdrop of

the fast-paced fashion and entertainment industries, BITE ME shares the heartbreaking and hilarious stories that moved Ally forward on her journey from sickness to health.
