In *The Impossible Collection of Whiskey*, bestselling spirits writer Clay Risen unpacks the history of this storied drink, inviting the reader to tour some of the world's most famed distilleries and their finest bottles. From the best Scotch of the Scottish Highlands to Kentucky's finest Bourbon, Risen's selection of 100 unparalleled whiskeys come from age-old makers as well as trailblazers of the craft distilling movement that has swept across the globe. Here are whiskeys selected not only for

their exquisite flavor but also for rarity, age, flavor, and innovation. Bottles from countries with nascent whiskey markets, such as India and the Czech Republic, sit beside old American classics like Pappy Van Winkle and some of the rarest, most coveted bottles on the market. Risen marvels at bottles like Ireland's Midleton Very Rare 45 Year Old, the oldest, most expensive Irish whiskey in the world. Together, these 100 bottles comprise a collection of whiskeys so exclusive that no one could ever assemble them all under one roof. A must-have for the library of any true whiskey connoisseur, *The Impossible Collection of Whiskey* is a carefully crafted homage to a liquor long revered as the "water of life."

NATIONAL BESTSELLER • An exhilarating blend of autobiography and mythology, of world and self, of hot rage and cool analysis. First published in 1976, it has become a classic in its innovative portrayal of multiple and intersecting identities—immigrant, female, Chinese, American. • NATIONAL BOOK CRITICS CIRCLE AWARD WINNER “A classic, for a reason.” —Celeste Ng, bestselling author of *Little Fires Everywhere* and *Our Missing Hearts*, via Twitter As a girl, Kingston lives in two confounding worlds: the California to which her parents have immigrated and the China of her mother’s “talk stories.” The fierce and wily women warriors of her mother’s tales clash jarringly with the harsh reality of female oppression out of which they come. Kingston’s sense of self emerges in the mystifying gaps in these stories, which she learns to fill with stories of her own. A warrior of words, she forges fractured myths and memories into an incandescent whole, achieving a new understanding of her family’s past and her own present.

Winner of the 2014 Orion Book Award for Nonfiction Winner of the John Burroughs Association 2014 Medal for Distinguished Natural History Book In *Sightlines*, Kathleen Jamie reports from the field—from her native Scottish “byways and hills” to the frigid Arctic in fourteen enthralling essays. She dissects whatever her gaze falls upon—vistas of cells beneath a hospital microscope, orcas rounding a headland, the aurora borealis lighting up the frozen sea. In so doing, she questions what, exactly, constitutes “nature,” and upends the idea that it is always picturesque. Written with precision, subtlety, and wry humor, *Sightlines* urges the reader: “Keep looking, even when there’s nothing much to see.”

No Island is an Island Birlinn Ltd

Selected and introduced by Jenni Calder. Ill health drove Robert Louis Stevenson from Scotland; the urge for new and adventurous places drew him to the Pacific. There were those at home who would have been happier to see him purely as a spinner of the picturesque, but Stevenson could not close his eyes to the impact of colonialism, the ‘stir-about of epochs and races, barbarisms and civilizations, virtues and crimes’. This collection sets three of his imaginative works —*The Bottle Imp*, *The Isle of Voices*, and *The Beach of Falesa* — within the social and political contexts of Stevenson’s letters and essays from the South Seas. Island ambience, the clash of cultures, moral ambiguities, all are there, and so too is Stevenson’s swift narrative control, giving a true modernity to his prose.

Christian Gauss Award Shortlist Winner of the ASAP Book Prize A Literary Hub Book of the Year “Makes the case that the gimmick...is of tremendous critical value...Lies somewhere between critical theory and Sontag’s best work.” —Los Angeles Review of Books “Ngai exposes capitalism’s tricks in her mind-blowing study of the time- and labor-saving devices we call gimmicks.” —New Statesman “One of the most creative humanities scholars working today...My god, it’s so good.” —Literary Hub “Ngai is a keen analyst of overlooked or denigrated categories in art and life...Highly original.” —4Columns “It is undeniable that part of what makes Ngai’s analyses of aesthetic categories so appealing...is simply her capacity to speak about them brilliantly.” —Bookforum “A page turner.” —American Literary History Deeply objectionable and yet strangely attractive, the gimmick comes in many guises: a musical hook, a financial strategy, a striptease, a novel of ideas. Above all, acclaimed theorist Sianne Ngai argues, the gimmick strikes us both as working too little (a labor-saving trick) and working too hard (a strained effort to get our attention). When we call something a gimmick, we register misgivings that suggest broader anxieties about value, money, and time, making the gimmick a hallmark of capitalism. With wit and critical precision, Ngai explores the extravagantly impoverished gimmick across a range of examples: the fiction of Thomas Mann, Helen DeWitt, and Henry James; the video art of Stan Douglas; the theoretical writings of Stanley Cavell and Theodor Adorno. Despite its status as cheap and compromised, the gimmick emerges as a surprisingly powerful tool in this formidable contribution to aesthetic theory.

The Strange Case of Dr Jekyll and Mr Hyde and Other Tales of Terror Columbia University Press

Offering an engrossing spin on a time-honored theme--the risky business of making a pact with the devil--this short story is a radiant jewel. It recounts the mercurial lot of Keawe, a Hawaiian who purchases a bottle inhabited by an imp capable of granting any wish. Yet this enticing object holds a dark curse: anyone who dies with it in his possession will burn forever in hell. And here's the rub: one can sell the bottle only for less than its purchase price. Keawe rids himself of the bottle after acquiring a palatial home. But when he needs it again to ensure his happiness with a newfound love, its cost is, chillingly, one cent, and the responsibility of ownership becomes a good deal more complex

If this Were Real OUP Oxford

In his tenth collection, Roddy Lumsden returns to some familiar themes in his work: the trials of oneness versus twoness, the seduction of small calamities, and vice versa. And the everyday mysteries, of running water, salt and sugar, roller skates and back-up flats. So *Glad I'm Me* also contains many 'conflation poems' where Lumsden has knocked the square peg of one subject through the round hole of another, often music-related. There are poems here about many songs and musicians, ranging from cult artists like Alex Chilton and Robin Holcomb to big names like Elvis and Morrissey. As ever, he relishes unusual words (nestlecock, twofer, farnesol) and interesting, taut forms, alongside a new strand of mid-length, discursive pieces in the spirit of Chicagoan poets Albert Goldbarth and Marianne Boruch. Lighter and less inward looking than in other recent collections, *So Glad I'm Me* is Lumsden's most optimistic and accessible book since *The Book of Love*, and was shortlisted for both the T.S. Eliot Prize 2017 and the Saltire Society Scottish Poetry

Book of the Year Award 2018.

'A gripping, heart-breaking account of the famine winter of 1847' - Rosemary Goring, *The Herald* Longlisted for the Highland Book Prize When Scotland's 1846 potato crop was wiped out by blight, the country was plunged into crisis. In the Hebrides and the West Highlands a huge relief effort came too late to prevent starvation and death. Further east, meanwhile, towns and villages from Aberdeen to Wick and Thurso, rose up in protest at the cost of the oatmeal that replaced potatoes as people's basic foodstuff. Oatmeal's soaring price was blamed on the export of grain by farmers and landlords cashing in on even higher prices elsewhere. As a bitter winter gripped and families feared a repeat of the calamitous famine then ravaging Ireland, grain carts were seized, ships boarded, harbours blockaded, a jail forced open, the military confronted. The army fired on one set of rioters. Savage sentences were imposed on others. But thousands-strong crowds also gained key concessions. Above all they won cheaper food. Those dramatic events have long been ignored or forgotten. Now, in *James Hunter*, they have their historian. The story he tells is, by turns, moving, anger-making and inspiring. In an era of food banks and growing poverty, it is also very timely.
