The Faraway Nearby Saddleback Educational Publishing
Technology, a word that emerged historically first to denote the study of any art or technique, has come, in modernity, to describe advanced machines, industrial systems, and media. McCutcheon argues that it is Mary Shelley's 1818 novel *Frankenstein* that effectively reinvented the meaning of the word for modern English. It was then Marshall McLuhan's media theory and its adaptations in Canadian popular culture that popularized, even globalized, a Frankensteinian sense of technology. *The Medium Is the Monster* shows how we cannot talk about technology—that human-made monstrosity—today without conjuring *Frankenstein*, thanks in large part to its Canadian adaptations by pop culture icons such as David Cronenberg, William Gibson, Margaret Atwood, and *Deadmau5*. In the unexpected connections illustrated by *The Medium Is the Monster*, McCutcheon brings a fresh approach to studying adaptations, popular culture, and technology.

What if hell were organized as a fiendish bureaucracy with managers and field agents? Meet Screwtape, upper management and uncle to Wormwood. Hell shares no love, but it is full of advice on the weaknesses of humanity, and it is extremely practical. Through Screwtape's letters of advice to Wormwood, Lewis wittily and sometimes painfully reveals our too-human weaknesses. Excellent choice for church Bible studies. Setting: 1930s/WWII, England & Hades

The Frankenstein Catalog Design-A-Study

A fictionalized autobiography of the woman who wrote *Frankenstein*. Two centuries ago, a twenty-year-old woman invented science fiction. Her father gave her a better education than any woman of the age could hope for—and made her the victim of ongoing incest. At fifteen, she became involved with one of the greatest poets in England and made love to him on her mother's grave. When she was sixteen, she escaped from home

by running away for a six-week walking tour of Europe, and shared Percy Bysshe Shelley with her sister. And her mentor, Lord Byron, challenged her to prove she was as good a writer as the best poet-philosophers of the Enlightenment. Both men admired her mind, and both wanted more. She would publish a book that changed the world—and this historical novel imagines her inner life as a woman far ahead of her time.

A study guide to accompany classroom reading of "The Scarlet Letter" featuring suggested discussion questions, vocabulary work, work sheets, related Bible passages and further readings.

Great Short Poems Fisherman Press

A New York Times Notable Book Finalist for the National Book Critics Circle Award A personal, lyrical narrative about storytelling and empathy, from the author of *Orwell's Roses* *Apricots*. Her mother's disintegrating memory. An invitation to Iceland. Illness. These are Rebecca Solnit's raw materials, but *The Faraway Nearby* goes beyond her own life, as she spirals out into the stories she heard and read—from fairy tales to Mary Shelley's *Frankenstein*—that helped her navigate her difficult passage. Solnit takes us into the lives of others—an arctic cannibal, the young Che Guevara among the leprosy afflicted, a blues musician, an Icelandic artist and her labyrinth—to understand warmth and coldness, kindness and imagination, decay and transformation, making art and making self. This captivating, exquisitely written exploration of the forces that connect us and the way we tell our stories is a tour de force of association, a marvelous Russian doll of a book that is a fitting companion to Solnit's much-loved *A Field Guide to Getting Lost*.

Black Frankenstein Penguin

Retells, in graphic novel format, Mary Shelley's classic tale of a monster, assembled by a scientist from parts of dead bodies, who develops a mind of his own as he learns to loathe himself and hate his creator.

From New York Times bestselling author and Newbery Honor recipient Steve Sheinkin, *Born to Fly: The First Women's Air Race Across America* is the gripping true story of the fearless women pilots who aimed for the skies—and beyond. Featuring illustrations by Bijou Karman. Just nine years after American women finally got the right to vote, a group of trailblazers soared to new heights in the 1929 Air Derby, the first women's air race across the U.S. Follow the incredible lives of legend Amelia Earhart, who has captivated generations; Marvel Crosson, who built a plane before she even learned how to fly; Louise Thaden, who shattered jaw-dropping altitude records; and Elinor Smith, who at age seventeen made headlines when she flew under the Brooklyn Bridge. These awe-inspiring stories culminate in a suspenseful, nail-biting race across the country that brings to life the glory and grit of the dangerous and thrilling early days of flying. From Steve Sheinkin, the master of nonfiction for young

readers who expertly unraveled the infamous story of whistleblower Daniel Ellsberg and the impeachment of Richard Nixon, comes the untold story of fearless women who dared to fly. Mary Shelley's Frankenstein, 1818-2018 Ubiquity Press "My Hideous Progeny" : Mary Shelley, William Godwin, and the Father-Daughter Relationship is a study of the influence of William Godwin on his daughter, Mary Wollstonecraft Shelley. "My Hideous Progeny" explores Godwin's unsettling psychological

legacy - and his generous intellectual gifts - to his daughter. The relationship between Mary Shelley and her father illustrates a typical pattern of female development and a typical course of father-daughter relationships over a lifetime. Mary Shelley's response to her father's influence is unforgettably portrayed in the figure of the father in the pages of her novels.

Frankenstein Study Guide University of Chicago Press This is the first single-author study of the genres and roots of popular literature in its relation to film and television, exploring the effects of academic snobbery on the teaching of popular literature. Designed for classroom use by students of literature and film (and their teachers), it offers case studies in quest literature, detective fiction, the status of the outlaw and outsider, and the interdependence of self, other and the uncanny. It challenges perceived notions of, and prejudices against, popular literature, and affirms its connection with the deepest human experiences.

Born to Fly Cambridge University Press NATIONAL BOOK CRITICS CIRCLE AWARD WINNER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE SEATTLE TIMES This groundbreaking dual biography brings to life a pioneering English feminist and the daughter she never knew. Mary Wollstonecraft and Mary Shelley have each been the subject of numerous biographies, yet no one has ever examined their lives in one book—until now. In *Romantic Outlaws*, Charlotte Gordon reunites the trailblazing author who wrote *A Vindication of the Rights of Woman* and the Romantic visionary who gave the world *Frankenstein*—two courageous women who should have shared their lives, but instead shared a powerful literary and feminist legacy. In 1797, less than two weeks after giving birth to her second daughter, Mary Wollstonecraft died, and a remarkable life spent pushing against the boundaries of society's expectations for women came to an end. But another was just beginning. Wollstonecraft's daughter Mary was to follow a similarly audacious path. Both women had passionate relationships with several men, bore children out of wedlock, and chose to live in exile outside their native country. Each in her own time fought against the injustices women faced and wrote books that changed literary history. The private lives of both Marys were nothing less than the stuff of great Romantic drama, providing fabulous material for Charlotte Gordon, an accomplished historian and a

gifted storyteller. Taking readers on a vivid journey across revolutionary France and Victorian England, she seamlessly interweaves the lives of her two protagonists in alternating chapters, creating a book that reads like a richly textured historical novel. Gordon also paints unforgettable portraits of the men in their lives, including the mercurial genius Percy Shelley, the unbridled libertine Lord Byron, and the brilliant radical William Godwin. "Brave, passionate, and visionary, they broke almost every rule there was to break," Gordon writes of Wollstonecraft and Shelley. A truly revelatory biography, *Romantic Outlaws* reveals the defiant, creative lives of this daring mother-daughter pair who refused to be confined by the rigid conventions of their era. Praise for *Romantic Outlaws* "[An] impassioned dual biography . . . Gordon, alternating between the two chapter by chapter, binds their lives into a fascinating whole. She shows, in vivid detail, how mother influenced daughter, and how the daughter's struggles mirrored the mother's."—*The Boston Globe* [Courage and Conquest](#) e-artnow

This complete, one-year high school English course uses classic movies on video to introduce and study the elements of literary analysis. Student discussion and composition questions are provided for each of 17 lessons, several of which can also be used to supplement studies in grades 7 and 8. Also included are an extensive teacher's guide/answer key, plot summaries, glossary of literary terms, and final exam. This course will not only give students the tools to appreciate good books more fully, but will equip them with the ability to discern underlying messages in movies rather than simply absorb them. The following 17 movies are covered by *Movies As Literature*: *Shane*, *Friendly Persuasion*, *The Quiet Man*, *Arsenic and Old Lace*, *The Music Man*, *E.T. the Extra-Terrestrial*, *The Maltese Falcon*, *Rear Window*, *Emma*, *The Philadelphia Story*, *The Journey of August King*, *To Kill A Mockingbird*, *A Raisin in the Sun*, *Raiders of the Lost Ark*, *Henry V*, *A Man For All Seasons*, and *Chariots of Fire*."

We Believe in You Cambridge Scholars Publishing For all the scholarship devoted to Mary Shelley's English novel *Frankenstein*, there has been surprisingly little attention paid to its role in American culture, and virtually none to its racial resonances in the United States. In *Black Frankenstein*, Elizabeth Young identifies and interprets the figure of a black American *Frankenstein* monster as it appears with surprising frequency

throughout nineteenth- and twentieth-century U.S. culture, in fiction, film, essays, oratory, painting, and other media, and in works by both whites and African Americans. Black Frankenstein stories, Young argues, effect four kinds of racial critique: they humanize the slave; they explain, if not justify, black violence; they condemn the slaveowner; and they expose the instability of white power. The black Frankenstein's monster has served as a powerful metaphor for reinforcing racial hierarchy—and as an even more powerful metaphor for shaping anti-racist critique. Illuminating the power of parody and reappropriation, *Black Frankenstein* tells the story of a metaphor that continues to matter to literature, culture, aesthetics, and politics.

The Deadliest Monster NYU Press

Ever since Mary Shelley's *Frankenstein* was first published in 1818, the story of the scientist and his Creature has been constantly told, discussed, adapted, filmed, and translated, making generations of readers approach the novel in an extraordinary variety of ways and languages. This new collection of nineteen essays brings together a range of international scholars to provide an introduction to, and a series of pathways through, this iconic novel. Chapters explore various topics, from the Bible, mythology, ruins, and human rights, to the sublime, the epistolary, and acoustics. They also place the novel in a wider cultural context, exploring its numerous afterlives, its reception, and adaptations in different media, such as drama, cinema, graphic novels, television series, and computer games. Aimed at both scholars and new readers of *Frankenstein*, in its different guises, this volume stimulates an informed appreciation of one of the most influential and haunting novels of all time.

Chance Metuchen, N.J. : Scarecrow Press

From Ducks, Newburyport to zombie movies and the *Fast and Furious* franchise, how climate anxiety permeates our culture The art and literature of our time is pregnant with catastrophe, with weather and water, wildness and weirdness. The Anthropocene -

the term given to this geological epoch in which humans, anthropos, are wreaking havoc on the earth - is to be found bubbling away everywhere in contemporary cultural production. Typically, discussions of how culture registers, figures and mediates climate change focus on 'climate fiction' or 'cli-fi', but *The Anthropocene Unconscious* is more interested in how the Anthropocene and especially anthropogenic climate destabilisation manifests in texts that are not overtly about climate change - that is, unconsciously. The Anthropocene, Mark Bould argues, constitutes the unconscious of 'the art and literature of our time'. Tracing the outlines of the Anthropocene unconscious in a range of film, television and literature - across a range of genres and with utter disregard for high-low culture distinctions - this playful and riveting book draws out some of the things that are repressed and obscured by the term 'the Anthropocene', including capital, class, imperialism, inequality, alienation, violence, commodification, patriarchy and racial formations. *The Anthropocene Unconscious* is about a kind of rewriting. It asks: what happens when we stop assuming that the text is not about the anthropogenic biosphere crises engulfing us? What if all the stories we tell are stories about the Anthropocene? About climate change?

Teaching the Classics Courier Corporation

This book examines the transformation of the figure of the stranger in the literature of the modern age in terms of liminality. As a 'spectral monster' that has a paradoxical and liminal relationship to both the sacred and the secular, the figure of the modern stranger has played a role in both adapting and shaping a culturally determined understanding of the self and the other. With the advent of modernity, the stranger, the monster, and the spectre became interconnected. Haunting the edges of reason while also being absorbed into 'normal' society, all three, together with the cyborg, manifest the vulnerability of an age that is fearful of the return of the repressed. Yet these figures can also become re-appropriated as positive symbols, able to navigate between the dangerous and chaotic elements that threaten society while

serving as precarious and ironic symbols of hope or sustainability. The book shows the explanatory potential of focusing on the resacralizing - in a paradoxical and liminal manner - of traditionally sacred concepts such as 'messianic' time and the 'utopian,' and the conflicts that emerged as a result of secularized modernity's denial of its own hybridization. This approach to modern literature shows how the modern stranger, a figure that is both paradoxically immersed and removed from society, deals with the dangers of failing to be re-assimilated into mainstream society and is caught in a fixed or permanent state of liminality, a state that can ultimately lead to boredom, alienation, nihilism, and failure. These 'monstrous' aspects of liminality can also be rewarding in that traversing difficult and paradoxical avenues they confront both traditional and contemporary viewpoints, enabling new and fresh perspectives suspended between imagination and reality, past and future, nature and artificial. In many ways, the modern stranger as a figure of literature and the cultural imagination has become more complicated and challenging in the (post)modern contemporary age, both clashing with and encompassing people who go beyond simply the psychological or even spiritual inability to blend in and out of society. However, while the stranger may be altering once again the defining or essentializing the figure could result in the creation of other sets of binaries, and thereby dissolve the purpose and productiveness of both strangeness and liminality. The intention of "Monstrous Liminality" is to trace the liminal sphere located between the secular and sacred that has characterized modernity itself. This space has consequently altered the makeup of the stranger from something external, into a figure far more liminal, which is forced to traverse this uncanny space in an attempt to find new meanings for an age that is struggling to maintain any.
