people have got me wrong. Robbie McEwen's reputation as a 'competitive little bugger' and 'a bit of a hard bastard in the peloton' is well deserved. When he rode his last professional cycling race at the Tour of California in May 2012, he won the jersey for 'Most Courageous Rider'. Yet he is at pains to point out that what he has always been channelling is not rage or aggression but a fierce determination

and razor-sharp focus. Here, in his own words, Robbie reveals what has made him one of the most successful road cyclists of the last 20 years, winning over a hundred professional races and three Tour de France green jerseys. From his first professional racing team, Rabobank, right up to his last, Orica-GreenEDGE, this is the complete picture of the inimitable sprinter. In a new Postscript

to his acclaimed autobiography , Robbie reflects on the successes of GreenEDGE, the fledgling Australian professional team that made waves by winning the Tour Down Under in January 2012, to which he is now a technical adviser.

 If I could show you one simple technique that in 5 minutes would increase your Internet sales by 32%, would you do it?
 What if I had a collection of these techniques that took me years to test and perfect, would you want to use

them? Of course - and that's why people are going crazy about this manuscript. No other marketer has ever revealed information this sensitive. For years, I've kept this information quiet - now, you've probably heard the buzz that I've finally released my "CONFIDENTIAL Internet Intelligence Manuscript" to the public. Jay Conrad Levinson said he'd easily pay \$2,000 or more for this

document. He said, "Every page is a true revelation." Joe Vitale said, "Everyone selling ANYTHING on the Net should keep a copy of this on their desk." This simple document is probably the most powerful thing I've ever written. These simple techniques will increase your sales by 32% (at least). How can you do this? Well, it's quite easy to use and purely scientific. These aren't

just theories and guesses - these are SPECIFIC things you can do right now that will increase your sales. And each of these techniques have been SCIENTIFICALLY proven. This book reveals the results of years of research conducted at Aesop showing EXACTLY the simple techniques I use that dramatically increase Internet sales. One of these techniques

increased our sales by a clearly measurable 412%. If I could reach out and grab you through this cover I'd shake you to make you realize how important what I'm about to show you is. What if this manuscript is exactly what you need to turn your sales around? There's a reason people are going crazy for this document. DON'T YOU WANT TO KNOW WHY?
