**Worlds of Arthur** Orion Children's Books

Reimagining Dinosaurs argues that transatlantic popular literature was critical for transforming the dinosaur into a cultural icon between 1880 and 1920

*King Arthur's Children* Loving Healing Press

For fifteen centuries, legends of King Arthur have enthralled us. Born in the misty past of a Britain under siege, half-remembered events became shrouded in ancient myth and folklore. The resulting tales were told and retold, until over time Arthur, Camelot, Avalon, the Round Table, the Holy Grail, Excalibur, Lancelot, and Guinevere all became instantly recognizable icons. Along the way, Arthur's life and times were recast in the mold of the hero's journey: Arthur's miraculous conception at Tintagel through the magical intercession of his shaman guide, Merlin; the childhood deed of pulling the sword from the stone, through which Arthur was anointed King; the quest for the Holy Grail, the most sacred object in Christendom; the betrayal of Arthur by his wife and champion; and the apocalyptic battle between good and evil ending with Arthur's journey to the Otherworld. Touching on all of these classic aspects of the Arthur tale, Christopher R. Fee seeks to understand Arthur in terms of comparative mythology as he explores how the Once and Future King remains relevant in our contemporary world. From ancient legend to Monty Python, Arthur: God and Hero in Avalon discusses everything from the very earliest versions of the King Arthur myth to the most recent film and television adaptations, offering insight into why Arthur remains so popular—a hero whose story still speaks so eloquently to universal human needs and anxieties.

**King Arthur** Hackett Publishing

From a New York Times best-selling historian and Pulitzer Prize finalist, a sweeping epic of how the Vikings and their descendants have shaped history and America

**The Anglo-Saxons** BearManor Media

The story of King Arthur - probably the most famous and certainly the most legendary of medieval kings.

*The Black Book of Communism* Routledge

A sweeping and original history of the Anglo-Saxons by national bestselling author Marc Morris. Sixteen hundred years ago Britain left the Roman Empire and swiftly fell into ruin. Grand cities and luxurious villas were deserted and left to crumble, and civil society collapsed into chaos. Into this violent and unstable world came foreign invaders from across the sea, and established themselves as its new masters. The Anglo-Saxons traces the turbulent history of these people across the next six centuries. It explains how their earliest rulers fought relentlessly against each

other for glory and supremacy, and then were almost destroyed by the onslaught of the vikings. It explores how they abandoned their old gods for Christianity, established hundreds of churches and created dazzlingly intricate works of art. It charts the revival of towns and trade, and the origins of a familiar landscape of shires, boroughs and bishoprics. It is a tale of famous figures like King Offa, Alfred the Great and Edward the Confessor, but also features a host of lesser known characters - ambitious queens, revolutionary saints, intolerant monks and grasping nobles. Through their remarkable careers we see how a new society, a new culture and a single unified nation came into being. Drawing on a vast range of original evidence - chronicles, letters, archaeology and artefacts - renowned historian Marc Morris illuminates a period of history that is only dimly understood, separates the truth from the legend, and tells the extraordinary story of how the foundations of England were laid.

First published in 1829, Walker's Appeal called on slaves to rise up and free themselves. The two subsequent versions of his document (including the reprinted 1830 edition published shortly before Walker's death) were increasingly radical. Addressed to the whole world but directed primarily to people of color around the world, the 87-page pamphlet by a free black man born in North Carolina and living in Boston advocates immediate emancipation and slave rebellion. Walker asks the slaves among his readers whether they wouldn't prefer to "be killed than to be a slave to a tyrant." He advises them not to "trifle" if they do rise up, but rather to kill those who would continue to enslave them and their wives and children. Copies of the pamphlet were smuggled by ship in 1830 from Boston to Wilmington, North Carolina, Walker's childhood home, causing panic among whites. In 1830, members of North Carolina's General Assembly had the Appeal in mind as they tightened the state's laws dealing with slaves and free black citizens. The resulting stricter laws led to more policies that repressed African Americans, freed and slave alike. A DOCSOUTH BOOK. This collaboration between UNC Press and the University of North Carolina at Chapel Hill Library brings classic works back into print. DocSouth Books editions are selected from the digital library of Documenting the American South and are unaltered from the original publication. The DocSouth series uses digital technology to offer e-books and print-on-demand publications, providing affordable and accessible editions to a new generation of scholars, students, and general readers.

*The Discovery of King Arthur* Yale University Press

NATIONAL BESTSELLER • An audacious, darkly glittering novel set in the eerie days of civilization's collapse—the spellbinding story

of a Hollywood star, his would-be savior, and a nomadic group of actors roaming the scattered outposts of the Great Lakes region, risking everything for art and humanity. Now an original series on HBO Max. Over one million copies sold! Kirsten Raymonde will never forget the night Arthur Leander, the famous Hollywood actor, had a heart attack on stage during a production of King Lear. That was the night when a devastating flu pandemic arrived in the city, and within weeks, civilization as we know it came to an end. Twenty years later, Kirsten moves between the settlements of the altered world with a small troupe of actors and musicians. They call themselves The Traveling Symphony, and they have dedicated themselves to keeping the remnants of art and humanity alive. But when they arrive in St. Deborah by the Water, they encounter a violent prophet who will threaten the tiny band's existence. And as the story takes off, moving back and forth in time, and vividly depicting life before and after the pandemic, the strange twist of fate that connects them all will be revealed. Look for Emily St. John Mandel's new novel, *Sea of Tranquility*, coming soon!

*King Arthur* Harpercollins Pub Limited

Sitting outside of time and space is the Inn Between Worlds. Residents might say it's a place for travelers, or a place to rest, a place to find excitement. Or they might say it's dangerous and to be avoided at all costs because Reality Does Not Work Right inside its infinite walls. Contained in these pages are three stories that all share one important point: Their events would not have been possible without The Inn. "Gideon Wallace and the Sapphire Woman" is the first story in a new series by Thomas A Farmer, and shows what happens when a mortal man finds himself drawn into a fight between gods. In "Chaos Candy," by Amie Gibbons, supernatural bounty hunter Zee tries to uncover a dark secret and learns much more than she ever wanted to know. Finally, Michael David Anderson's "Flux" continues the adventures of Teddy Dormer, taking him once again to strange new places and showing him new nightmares.

*5000 Amazing Facts* TurtleMe

Examines the evidence concerning the actual life of King Arthur and traces the development of the myth of King Arthur from the twelfth to the twentieth century

*King Arthur and His Knights of the Round Table* Oxford University Press

Thou Art That is a compilation of previously uncollected essays and lectures by Joseph Campbell that focus on the Judeo-Christian tradition. Campbell explores common religious symbols, reexamining and reinterpreting them in the context of his remarkable knowledge of world mythology. Campbell believed that society often confuses the literal and metaphorical interpretations of religious stories and symbols. In this collection, he eloquently reestablishes these symbols as a means to enhance

spiritual understanding and mystical revelation. With characteristic verve, he ranges from rich storytelling to insightful comparative scholarship. Included is editor Eugene Kennedy's classic interview with Campbell in the New York Times Magazine, which originally brought the scholar to the attention of the public.

**The Beginning After The End** Oxford University Press

This book assembles a wealth of information about the Arthur of history by delving into the shadowy period of the past in which he lived. Drawing on evidence from both written and archaeological sources, Leslie Alcock sifts history from fiction to take us back to life between the fourth and seventh centuries, a time of warfare and feuding, when Celtic Britain had shaken off Roman rule, and fell victim to floods of raiding Scots, Picts, and Anglo-Saxons. He also provides details on how the Britons lived, worshipped, dressed and fought, to create a vivid picture of the Arthurian age and its warrior hero.

**The Struggle for Mastery** Cambridge University Press

This gloriously illustrated, large-format volume celebrates 50 years of Airfix plastic modeling kits. Hundreds of superb color photos show all the obscure and highly collectible kits, as well as the best-sellers, with illustrations of packaging, box art, advertisements from Airfix magazine, and a mass of period ephemera. The lively text charts the rise, fall, and rise again of Airfix models. It's a nostalgic reminder of kits long vanished, but with a happy ending: Airfix is now re-releasing 40 kits a year, bringing back some models not seen in two decades. Airfix has all the information important to collectors, from complete range listings to production dates.

**The World Book Encyclopedia** Independently Published

Although the topic of humour has been dealt with for other eras, early medieval humour remains largely neglected. These essays go some way towards filling the gap, examining how early medieval writers deliberately employed humour to make their cases. The essays range from the late Roman empire through to the tenth century, and from Byzantium to Anglo-Saxon England. The subject matter is diverse, but a number of themes link them together, notably the use of irony, ridicule and satire as political tools. Two chapters serve as an extended introduction to the topic, while the following six chapters offer varied treatments of humour and politics, looking at different times and places, but at the Carolingian world in particular. Together, they raise important and original issues about how humour was employed to articulate concepts of political power, perceptions of kingship, social relations and the role of particular texts.

**The Seeing Stone** Kendall Hunt Publishing Company

NEW YORK TIMES BESTSELLER • SELECTED BY THE ECONOMIST

AS ONE OF THE BEST BOOKS OF THE YEAR "A rambunctious book that is itself alive with the animal spirits of the marketplace."—The Wall Street Journal Freedom's Forge reveals how two extraordinary American businessmen—General Motors automobile magnate William "Big Bill" Knudsen and shipbuilder Henry J. Kaiser—helped corral, cajole, and inspire business leaders across the country to mobilize the "arsenal of democracy" that propelled the Allies to victory in World War II. Drafting top talent from companies like Chrysler, Republic Steel, Boeing, Lockheed, GE, and Frigidaire, Knudsen and Kaiser turned auto plants into aircraft factories and civilian assembly lines into fountains of munitions. In four short years they transformed America's army from a hollow shell into a truly global force, laying the foundations for the country's rise as an economic as well as military superpower. Freedom's Forge vividly re-creates American industry's finest hour, when the nation's business elites put aside their pursuit of profits and set about saving the world. Praise for Freedom's Forge "A rarely told industrial saga, rich with particulars of the growing pains and eventual triumphs of American industry . . . Arthur Herman has set out to right an injustice: the loss, down history's memory hole, of the epic achievements of American business in helping the United States and its allies win World War II."—The New York Times Book Review "Magnificent . . . It's not often that a historian comes up with a fresh approach to an absolutely critical element of the Allied victory in World War II, but Pulitzer finalist Herman . . . has done just that."—Kirkus Reviews (starred review) "A compulsively readable tribute to 'the miracle of mass production.'"—Publishers Weekly "The production statistics cited by Mr. Herman . . . astound."—The Economist "[A] fantastic book."—Forbes "Freedom's Forge is the story of how the ingenuity and energy of the American private sector was turned loose to equip the finest military force on the face of the earth. In an era of gathering threats and shrinking defense budgets, it is a timely lesson told by one of the great historians of our time."—Donald Rumsfeld *Inn Between Worlds* ReadHowYouWant.com "In the worst of London's East End slums, in an area called the Jago, young Dicky Perrott is used to a life of poverty, crime, and violence. Gang warfare is the order of the day, deaths are commonplace, and thieving the only way to survive." -- Back cover.

**The Cave and the Light** Cambridge University Press

A prominent scholar explores King Arthur's historical development, proposing that he began as a fictional character developed in the ninth century. According to legend, King Arthur saved Britain from the Saxons and reigned over it gloriously sometime around A.D. 500. Whether or not there was a "real"

King Arthur has all too often been neglected by scholars; most period specialists today declare themselves agnostic on this important matter. In this erudite volume, Nick Higham sets out to solve the puzzle, drawing on his original research and expertise to determine precisely when, and why, the legend began. Higham surveys all the major attempts to prove the origins of Arthur, weighing up and debunking hitherto claimed connections with classical Greece, Roman Dalmatia, Sarmatia, and the Caucasus. He then explores Arthur's emergence in Wales--up to his rise to fame at the hands of Geoffrey of Monmouth. Certain to arouse heated debate among those committed to defending any particular Arthur, Higham's book is an essential study for anyone seeking to understand how Arthur's story began.

**Here Lies Arthur** Harvard University Press

Collects and analyzes seventy years of communist crimes that offer details on Kim Sung's Korea, Vietnam under "Uncle Ho," and Cuba under Castro.

**Facts about the Margay** Knopf Books for Young Readers

This edition originally published by Berghahn Books.

Schopenhauer's treatise on ethics is presented here in E. F. J. Payne's definitive translation, based on the Hubscher edition (Wiesbaden, 1946-1950). This edition includes an Introduction by David Cartwright, a translator's preface, biographical note, selected bibliography, and an index. For convenient reference to passages in Kant's work discussed by Schopenhauer, Academy edition numbers have been added.

**A Child of the Jago** Random House

#1 NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE'S

100 BEST YA BOOKS OF ALL TIME The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist—books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of *I Am the Messenger*, has given us one of the most enduring stories of our time. "The kind of book that can be life-changing." —The New York Times "Deserves a place on the same shelf with *The Diary of a Young Girl* by Anne Frank." —USA Today DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF.
