This book offers a  
translation of the

seven thousand verses  
of the second book of  
the medieval Hindu  
text, the Ganesa  
Purana, one of two  
Puranas dedicated to  
the important  
elephant-headed god.  
In this book the reader  
is given many  
narratives about  
Ganesa's ascent to  
earth in order to kill

demonic figures who threaten to overthrow the correct world order. In addition, these narratives contain myths about Ganesa's birth and family as well as some extended and quite humorous myths about ideal devotees of the god. The translation is preceded by a long introduction offering a geographical and historical context for the Ganesa Purana. Following the translation are very extensive notes which bring our points of philological interest, but focus mainly on the literary structure of the text and the methods used to present the many myths and narratives in a coherent and fully integrated manner.

While the nation was celebrating Independence from British Rule and singing all praises for the 'Father of The Nation' – Mahatma Gandhi, the news of his assassination came as a shock. He was shot in the chest three times while he was walking towards the prayer grounds at the Birla House, New Delhi. The man behind the assassination – Nathuram Godse was a well known nationalist. He was arrested at the crime scene and sentenced to death after a year long trial. The book contains the final speech given by Godse in the court, mentioning the reason behind the drastic step he took.

Verlag Publishing for the centenary of her birth, Patricia Highsmith's diaries "offer the most complete picture ever published" of the canonical author (New York Times). Relegated to the genre of mystery during her lifetime, Patricia Highsmith is now recognized as one of "our greatest modernist writers" (Gore Vidal). Beloved by fans who were unaware of the real psychological turmoil behind her prose, the famously secretive Highsmith refused to authorize a biography, instead sequestering herself in her Switzerland home in her final years. Posthumously, her devoted editor Anna von Planta discovered her diaries and

notebooks in 1995, tucked in a closet—with tantalizing instructions to be read. For years thereafter, von Planta meticulously culled from over eight thousand pages to help reveal the inscrutable figure behind the legendary pen. Beginning with her junior year at Barnard in 1941, Highsmith ritualistically kept a diary and notebook—the former to catalog her day, the latter to brainstorm stories and hone her craft. This volume weaves diary and notebook simultaneously, exhibiting precisely how Highsmith's personal affairs seeped into her fiction—and the sheer darkness of her own imagination. Charming yet teetering

on the egotistical, young “Pat” lays bare her dizzying social life in 1940s Greenwich Village, barhopping with Judy Holliday and Jane Bowles, among others. Alongside Flannery O’Conner and Chester Himes, she attended—at the recommendation of Truman Capote—the Yaddo artist colony in 1948, where she drafted *Strangers on a Train*. Published in 1950 and soon adapted by Alfred Hitchcock, this debut novel brought recognition and brief financial security, but left a heartsick Highsmith agonizing: “What is the life I choose?” Providing extraordinary insights into gender and sexuality in mid-twentieth-century America, Highsmith’s

diaries convey her euphoria writing *The Price of Salt* (1951). Yet her sophomore novel would have to be published under a pseudonym, so as not to tarnish her reputation. Indeed, no one could anticipate commercial reception for a novel depicting love between two women in the McCarthy era. Seeking relief from America, Highsmith catalogs her peripatetic years in Europe, subsisting on cigarettes and growing more bigoted and satirical with age. After a stay in Positano with a new lover, she reflects in her notebooks on being an expat, and gleefully conjures the unforgettable *The Talented Mr. Ripley* (1955); it would be this sociopathic antihero

who would finally solidify her true fame. At once lovable, detestable, and mesmerizing, Highsmith put her turbulent life to paper for five decades, acutely aware there must be “a few usable things in literature.” A memoir as significant in our own century as Sylvia Plath’s journals and Simone de Beauvoir’s writings were to another time, Patricia Highsmith: Her Diaries and Notebooks is an historic work that chronicles a woman’s rise against the conventional tide to unparalleled literary prominence.

*Abkhasians: the Long-living People of the Caucasus* Storey Publishing  
An enormously satisfying, exciting and enriching book, Vikram

Chandra's novel draws the reader deep into the lives of detective Sartaj Singh and Ganesh Gaitonde, the most wanted gangster in India. Sartaj, the only Sikh inspector in the whole of Mumbai, is used to being identified by his turban, beard and the sharp cut of his trousers. But 'the silky Sikh' is now past forty, his marriage is over and his career prospects are on the slide. When Sartaj gets an anonymous tip off as to the secret hideout of the legendary boss of the G-company, he's determined that he'll be the one to collect the prize. This is a sprawling, epic novel of friendships and betrayals, of terrible violence, of an astonishing modern

city and its underworld. Drawing on the best of Victorian fiction, mystery novels, Bollywood movies and Vikram Chandra's years of first hand research on the streets of Mumbai, this novel reads like a potboiling page-turner but resonates with the intelligence and emotional depth of the best of literature.

The pre-eminent political and spiritual leader of India's independence movement, pioneer of non-violent resistance through mass civil disobedience, and the man honoured in India as 'father of the nation', Mohandas K. Gandhi has inspired civil rights and liberation movements the world over. Yet he was also a man of many contradictions: a lifelong pacifist whose treatment of his wife and sons bordered on cruelty; a self-denying ascetic who preached

the virtues of chastity in marriage yet experienced a high degree of intimate physical female contact; a political radical whose resistance to racism and appreciation of the value of all religions strike a thoroughly modern note, but whose vision of India was of an almost medieval village nation. In *Gandhi: Naked Ambition*, Jad Adams delineates Gandhi's searing ambition, including his relentless recreation of his own image, from London dandy to naked wise man; his ruthless sacrifice of his family for his principles; and his role in the tragedy of partition. Using material only recently made available, including the most explicit account yet of

Gandhi's sexual experiments with the wives of his followers and his teenage grand-nieces, Jad Adams' accessible and challenging biography reveals the man behind the Mahatma. *A Social Revolution on Radio* Createspace Independent Publishing Platform  
 In *Soil Not Oil*, Vandana Shiva explains that a world beyond dependence on fossil fuels and globalization is both possible and necessary. Condemning industrial agriculture as a recipe for ecological and economic disaster, Shiva champions the small, independent farm: their greater productivity, their greater potential for social justice as they put more resources into the hands of the

poor, and the biodiversity that is inherent to the traditional farming practiced in small-scale agriculture. What we need most in a time of changing climates and millions who are hungry, she argues, is sustainable, biologically diverse farms that are more resistant to disease, drought, and flood.

“The solution to climate change,” she observes, “and the solution to poverty are the same.” Soil Not Oil proposes a solution based on self-organization, sustainability, and community rather than corporate power and profits.
