### **From Law and Literature to Legality and Affect**

BoD – Books on Demand  
 This volume focuses on specialist translation - one of the areas of translation in greatest demand in our age of globalization. The 16 chapters deal not only with the classical domains of science and technology, law, socio-politics and medicine but also with lesser researched areas such as archeology, geography, nutrigenomics and others. As a whole, the book achieves a blend of theory and practice. It addresses a variety of issues such as translation strategy based on text type and purpose,

intercultural transfer and quality assessment, as well as textual and terminological issues in bilingual and multilingual settings, including international organizations and the European Union. Today translation competence presupposes multidisciplinary skills. Whereas some chapters analyze the linguistic features of special-purpose texts and their function in specialized communication, others show how specialized translation has changed as a result of globalization and how advances in technology have altered terminology research and translation processing. Launs Kampf gegen den Positivismus im Recht: seine Lehre von der Autonomie des Rechts Denk-Verlag.com English Leading experts on German-American relations, German politics

and German Studies from both sides of the Atlantic are contributing to this volume in honor of Gerry Kleinfeld, founder and executive director of the German Studies Association, founder and long-time editor of the German Studies Review. The essays cover a broad spectrum of German-American political, economic, and cultural relations, offering an up-to-date survey of recent developments in this highly topical field.

**Mein Kampf - gegen Rechts** Walter de Gruyter GmbH & Co KG Although he is widely regarded as the 'founding father' of realism in International Relations, this book argues that Hans J. Morgenthau's legal background has largely been neglected in discussions of his place in the 'canon' of IR theory. Morgenthau was a legal scholar of German-Jewish

origins who arrived in the United States in 1938. He went on to become a distinguished professor of Political Science and a prominent commentator on international affairs. Rather than locate Morgenthau's intellectual heritage in the German tradition of 'Realpolitik', this book demonstrates how many of his central ideas and concepts stem from European and American legal debates of the 1920s and 1930s. This is an ambitious attempt to recast the debate on Morgenthau and will appeal to IR scholars interested in the history of realism as well as international lawyers engaged in debates regarding the relationship between law and politics, and the history of International Law.

**Der Kampf des alten mit dem neuen Recht**

... Walter de Gruyter GmbH & Co KG  
Nach Aktionen von Klimaschützern oder Schlägereien in Schwimmbädern werden regelmäßig Forderungen laut, nun müsse »mit der vollen Härte des Rechtsstaats durchgegriffen« werden. Gemeint ist damit: Schluss mit Entschuldigungen und Sozialarbeiter-Romantik,

dafür robustes Auftreten der Polizei, Ausschöpfen des Strafrahmens vor Gericht – kurz: »Law and Order«-Politik. Dabei gerät in Vergessenheit, dass »Rechtsstaat« eigentlich etwas ganz anderes bedeutet, nämlich die Bindung staatlichen Handelns an das Gesetz. Maximilian Pichl analysiert, aus welchen Gründen und mit welchen Strategien politische Akteure die skizzierte Umdeutung betreiben und welche Folgen sie hat. Diesen Bestrebungen setzt Pichl die lange Geschichte juristischer Kämpfe entgegen, in denen sich Anwälte und Aktivisten für eine Begrenzung politischer Willkür eingesetzt haben.

*Der Kampf um die rechte Ordnung* Berghahn Books

From Law and Literature to Legality and Affect argues for the continued vitality of Law and Literature. Traditional methods of Law and Literature are combined with work in critical media studies, affect, and cultural narratology to address topics such as ethnonationalism, anti-immigration sentiment, and systemic racism in Germany and the United States. Taking stock of the diversification of the field

at fifty years, this book understands Law and Literature as a political project. It has a precedent in inaugural Law and Literature texts such as Jacob Grimm's *Von der Poesie im Recht* (On the Poetry in Law) from 1815/16, which imagined an alternative legal order that was grounded in the unity of law, poetic language, and feeling. The political thrust of Law and Literature continues up into the present in the arts of BlackLivesMatter, which document and resist police violence. Law and Literature offers keys for understanding how legal identities are constructed, for analyzing how legal texts are constructed, and for comprehending how cultural-legal issues are mediated affectively. Using cultural, medial, affect theoretical, and narrative analyses of law, a revitalized Law and Literature offers a set of methods and theories with which to address the most pressing issues of the present.

Der Kampf Zwischen Recht und Gewalt in Der Schweizerischen

Eidgenossenschaft und Mein Antheil Daran LIT

Verlag Münster  
Shakespeare was fascinated by law, which

permeated Elizabethan everyday life. The general impression one derives from the analysis of many plays by Shakespeare is that of a legal situation in transformation and of a dynamically changing relation between law and society, law and the jurisdiction of Renaissance times. Shakespeare provides the kind of literary supplement that can better illustrate the legal texts of the sixteenth and early seventeenth centuries. There was a strong popular participation in the system of justice, and late sixteenth-century playwrights often made use of forensic models of narrative. Uncertainty about legal issues represented a rich potential for causing strong reactions in the public, especially feelings concerning the resistance to tyranny. The volume aims at highlighting some of the many legal perspectives and debates emplotted in Shakespearean plays, also taking into consideration the many texts that have been produced during the latest years on law and literature in the Renaissance.

BoD - Books on Demand  
End Times. New Beginnings. We take a glimpse into the future... not that we actually could. But we will try. Where are the developments that give us hope... that counteract the dystopia

that disguises itself in the guise of Corona?  
Therefore, this time we will get significantly more technical. But that doesn't matter, because the author is not only a philosopher (properly trained, mind you), but also an engineer... (equally trained, with a degree and all that jazz)...  
The future will be technical... but to help humanity and secure its freedom. There will be no regression to agriculture and caves, to campfires and stone axes. And therefore, we will also be focusing more on technical aspects this time... which developments may have brought us to this point and which can lead us to a better future from here... and of course: which ones won't!  
Technology will even provide the way out of the current crisis... technology has first accelerated... provoked the crisis because the old world—marked by war, lies, and exploitation—is coming to an end... but the new world will not be as the liars and exploiters imagine it... it will be \textit{free}... above all, free from the liars and exploiters.  
Vom Kamp des Rechts gegen die Gesetze

Suhrkamp Verlag

*Mein Kampf - gegen Rechts* Cambridge University Press  
 In November 1918, German women gained the right to vote, and female suffrage would forever change the landscape of German political life. Women now constituted the majority of voters, and political parties were forced to address them as political actors for the first time. Analyzing written and visual propaganda aimed at, and frequently produced by, women across the political spectrum--including the Communists and Social Democrats; liberal, Catholic, and conservative parties; and the Nazis-- Julia Sneeringer shows how various groups struggled to reconcile traditional assumptions about women's interests with the changing face of the family and female economic activity. Through propaganda, political parties addressed themes such as motherhood, fashion, religion, and abortion. But as Sneeringer demonstrates, their efforts to win women's

votes by emphasizing "women's issues" had only limited success. The debates about women in propaganda were symptomatic of larger anxieties that gripped Germany during this era of unrest, Sneeringer says. Though Weimar political culture was ahead of its time in forcing even the enemies of women's rights to concede a public role for women, this horizon of possibility narrowed sharply in the face of political instability, economic crises, and the growing specter of fascism.  
*Der neueste Kampf der Symbol-Gläubigen gegen das gute Recht der vereinigten Kirche den Pfalz* Walter de Gruyter GmbH & Co KG  
 Als im Jahre 1952 die ersten der hier veröffentlichten Aufsätze geschrieben wurden, mußte die Politische Wissenschaft in Deutschland noch schwer um ihre Anerkennung in der Öffentlichkeit und an den Hochschulen kämpfen. Heute haben wir an den westdeutschen Universitäten und Technischen Hochschulen immerhin 34 Lehrstühle (davon 11 an der Freien Universität Berlin). Erst 1953 konnten die ersten

Hefte eines eigenen Organes der Vereinigung für die Wissenschaft von der Politik (jetzt in Angleichung an die anderen Mitglieder der Internationalen Vereinigung »Deutsche Vereinigung für Politische Wissenschaft« genannt) erscheinen; damals war es die »Zeitschrift für Politik«, heute ist es die »Politische Vierteljahresschrift«. 1952 erschienen die ersten Bände des Berliner Instituts für Politische Wissenschaft; jetzt ist Band 17 erschienen. 1956 begann die Schriftenreihe: »Wissenschaft von der Politik« zu erscheinen, herausgegeben im Auftrag der Deutschen Hochschule für Politik (jetzt »Otto Suhr-Institut der Freien Universität Berlin). Im Frühjahr 1965 kann sie mit dem Band »Einführung in die Politische Wissenschaft« abgeschlossen werden.
