Tropic of Cancer New York Review of Books

Fearless, iconic poet, novelist, and feminist Erica Jong offers a fascinating in-depth appreciation of the controversial life and work of American literary giant Henry Miller. Henry Miller (*Tropic of Cancer*) and Erica Jong (*Fear of Flying*) are true literary soul mates. Both authors have been, in equal measure, lauded for their creative genius and maligned for their frank treatment of human sexuality. So who better than Erica Jong to offer an expert appraisal and appreciation of Henry Miller, the man and his art? At once a critical study, a biography, a memoir of a remarkable friendship, and a celebration of the life and work of the author whom

Erica Jong compares to Whitman, *The Devil at Large* explores the peaks and valleys of Miller's storied writing career. It examines his tumultuous relationships—including his doomed marriage to June Mansfield and his lifelong tenuous bond with his mother—and confirms his standing as a creative genius. Jong, a renowned feminist, courageously answers critics who accuse her subject of degrading women in his fiction, suggesting instead that he sought to demystify them by means of the "violent verbal magic of his books." With grace, wit, warmth, and intelligence, Jong brings readers close to the man and his writing. There has never been a more incisive and insightful analysis of this exceptional American master. This ebook features an illustrated biography of Erica Jong including rare photos and never-before-seen documents from the author's personal collection.

Crazy Cock Miller, Henry

Here is the inimitable Henry Miller speaking candidly about himself and his robust fiction - *Tropic of Cancer*, *Tropic of Capricorn*, *The Air-Conditioned Nightmare*. In this enticing collection he argues convincingly for the things that have mattered in his full and exhilarating life. He and his interviewers cover the range of his engrossing works that stirred obscenity charges, as well as his life as an expatriate, his loves and conquests, his goals, his beliefs, and his probing insights into the culture that produced him and repulsed him. These conversations serve as a retrospective visit with one of America's most distinctively opinionated, most singularly identifiable, and most

invigorating authors - arguably the grand guru of sex in American literature.

Simon and Schuster

In 1930 Henry Miller moved from New York to Paris, leaving behind — at least temporarily — his tempestuous marriage to June Smith and a novel that had sprung from his anguish over her love affair with a mysterious woman named Jean Kronski. Begun in 1927, *Crazy Cock* is the story of Tony Bring, a struggling writer whose bourgeois inclinations collide with the disordered bohemianism of his much-beloved wife, Hildred, particularly when her lover, Vanya, comes to live with them in their already cramped Greenwich Village apartment. In a world swirling with violence, sex, and passion, the three struggle with their desires, inching ever nearer to insanity, each unable to break away from this dangerous and consuming love triangle.

The Colossus of Maroussi Open Road + Grove/Atlantic

Henry Miller's famously banned book is "a matter-of-fact celebration of chucking one's dreary life and following your heart to Paris" (Richard Price). Now hailed as an American classic, *Tropic of Cancer*, Henry Miller's masterpiece, was banned as obscene in this country for twenty-seven years after its first publication in Paris in 1934. Only a historic court ruling that changed American censorship standards, ushering in a new era of freedom and frankness in modern literature, permitted the publication of this first volume of Miller's famed mixture of memoir and fiction, which chronicles with unapologetic gusto the bawdy adventures of a young expatriate writer, his friends, and the characters they meet in Paris in the 1930s. *Tropic of Cancer* is now considered, as Norman Mailer said, "one of the ten or twenty great novels of our century."

Henry Miller and Religion Yale University Press

An engaging invitation to rediscover Henry Miller—and to learn how his anarchist sensibility can help us escape "the air-conditioned nightmare" of the modern world. The American writer Henry Miller's critical reputation—if not his popular readership—has been in eclipse at least since Kate Millett's blistering critique in *Sexual Politics*, her landmark 1970 study of misogyny in literature and art. Even a Miller fan like the acclaimed Scottish writer John Burnside finds Miller's "sex books"—including *The Rosy Crucifixion*, *Tropic of Cancer*, and *Tropic of Capricorn*—"boring and embarrassing." But Burnside says that Miller's notorious image as a "pornographer and woman hater" has hidden his vital, true

importance—his anarchist sensibility and the way it shows us how, by fleeing from conformity of all kinds, we may be able to save ourselves from the "air-conditioned nightmare" of the modern world. Miller wrote that "there is no salvation in becoming adapted to a world which is crazy," and in this short, engaging, and personal book, *Burnside* shows how Miller teaches us to become less adapted to the world, to resist a life sentence to the prison of social, intellectual, emotional, and material conditioning. Exploring the full range of Miller's work, and giving special attention to *The Air-Conditioned Nightmare* and *The Colossus of Maroussi*, *Burnside* shows how, with humor and wisdom, Miller illuminates the misunderstood tradition of anarchist thought. Along the way, *Burnside* reflects on Rimbaud's enormous influence on Miller, as well as on how Rimbaud and Miller have influenced his own writing. An unconventional and appealing account of an unjustly neglected writer, *On Henry Miller* restores to us a figure whose searing criticism of the modern world has never been more relevant.

Tropic of Capricorn *Tropic of Cancer* (Harper Perennial Modern Classics) The account of a young writer and his friends in free-wheeling Paris.

Henry Miller Grove/Atlantic, Inc.

Winner of the George Polk Award: Charles Rembar's illuminating account of overturning America's obscenity laws and protecting literature from censorship. Up until the 1960s, depending on your state of residence, your copy of Henry Miller's *Tropic of Cancer* might be seized by the US Postal Service before reaching your mailbox. Selling copies of Cleland's *Fanny Hill* in your bookstore was considered illegal. *Lady Chatterley's Lover* by D. H. Lawrence was, according to the American legal system, pornography with no redeeming social value. Today, these novels are celebrated for their literary and historic worth. *The End of Obscenity* is Charles Rembar's account of successfully arguing the merits of such great works of literature in front of the Supreme Court. As the lead attorney on the case, he—with the support of a few brave publishers—changed the way Americans read and honor books, especially the controversial ones. Filled with insight from lawyers, justices, and the authors themselves, *The End of Obscenity* is a lively tour de force. Racy testimony and hilarious asides make Rembar's memoir not only a page-turner but also an enlightening look at the American legal system.

The author's quest for spiritual renewal is illuminated in descriptions of his impressions of Greece and its people
Sunday After the War New Directions Publishing

The iconic photographer and friend of the author shares "a wonderful portrait of Miller in his heyday" in this acclaimed biography (Erica Jong). A *New York Times* Notable Book His years in Paris were the making of Henry Miller. He arrived in 1930 with no money, no fixed address, and no prospects. He left nine years later as the renowned—and notorious—author of *Tropic of Cancer* and *Tropic of Capricorn*. Miller didn't just live in Paris—he devoured it. It was a world he shared with Brassai, whose work, first collected in Paris by Night, established him as one of the greatest photographers of the twentieth century and the most exquisite and perceptive chronicler of Parisian vice. In Miller, Brassai found his most compelling subject. *Henry Miller: The Paris Years* is an intimate account of a writer's self-discovery, seen through the unblinking eye of a master photographer. Brassai delves into Miller's relationships with Anaïs Nin and Lawrence Durrell, as well as his hopelessly tangled though wildly inspiring marriage to June. He uncovers a side of the man scarcely known to the public, and evokes their shared passion for the street life of the City of Light, captured in a dazzling moment of illumination.

Tropic of Cancer (Harper Perennial Modern Classics) Open Road + Grove/Atlantic

"A brilliant selection . . . it is in short a voyage of discovery, an adventure and this the log of that voyage in the life of a probing and powerful writer." —Robert R. Kirsch, *Los Angeles Times* Some of the most rewarding pages in Henry Miller's books concern his self-education as a writer. He tells, as few great writers ever have, how he set his goals, how he discovered the excitement of using words, how the books he read influenced him, and how he learned to draw on his own experience.

Nights of Love and Laughter Princeton University Press

A collection of works spanning the entire career of great 20th-century American writer Henry Miller, edited and introduced by Lawrence Durrell.

Henry Miller's "Tropic of Cancer" and Knut Hamsun's "Sult" Nash Publishing Corporation

This study argues that this previously banned author devoted his entire life to articulating a religion of self-liberation in his autobiographical books, examining his

life and work within the context of fringe religious movements that were linked with the avant-garde in New York City and Paris at the first of the 20th century. This study shows how these transatlantic movements – including Gurdjieff, Rosicrucianism, and Theosophy – gave him the hermeneutical devices, not to mention the creative license, to interpret texts and symbols from mainline religions in an iconoclastic manner, ranging from obscure Taoist treatises to the mystical works of Jacob Boehme. The influence of numerous philosophical sources widely circulated in his most critical years – particularly Henri Bergson's *Two Sources of Morality and Religion* (1932) – also helped him develop a religious view situated between transcendence and immanence, in which self-liberation through the channeled flow of *élan vital* is the chief objective. Miller's knowledge of these intellectual currents, along with his involvement with sidestream religious groups, inspired him to meld his religious and literary aims into one perplexing project.

The Cosmological Eye Grove/Atlantic America's Most Unusual Writer... In this fascinating volume, devoted to the work of one of the most dynamic, controversial and unusual living American writers, you will find many eloquent and moving tales by Henry Miller, the author of *Tropic of Cancer*, *Tropic of Capricorn*, and many other books. Miller's frank and original expression of the most intimate thoughts and feelings of men and women, his unique style of writing and his acute observations on modern civilization have brought him international fame. Among the many eminent writers and critics who praise his work are T. S. Eliot, George Orwell, John Dos Passos, Aldous Huxley, Edmund Wilson, and H. L. Mencken. All who enjoy and appreciate good writing will find this brilliant collection of Miller's stories a new and unforgettable reading experience. "His is one of the most

beautiful styles today."—H. L. Mencken
 "...a literary live wire."—St. Louis Post Dispatch
 "Mr. Miller's love goes out to the little people, men whom the world has never noticed."—Nashville Tennessean
Preface to Henry Miller's Tropic of Cancer New Directions Publishing
 "I always carry over 40,000 gold francs about with me in my belt. They weight about 40 pounds, and I am beginning to get dysentery from the load." A collection of stories and excerpts from longer works.

 Please note: This is a companion version & not the original book. Sample Book Insights: #1 I was sent to Paris for a reason I have yet to understand. I have no money, resources, or hopes. I am the happiest man alive. The world around me is dissolving, and I am left with only spots of time. #2 I have lunch with Borowski on Wednesday. His wife, who is a cow, officiates. I do not share Van Norden's opinion of himself. I do not agree that he is a philosopher or a thinker. He is just cunt-struck. #3 I am a sentient being stabbed by the miracle of these waters that reflect a forgotten world. I am suffocated by it. No one can communicate even a fraction of their feelings to me. #4 Irène had a valise instead of a cunt. She wanted fat letters to shove in her valise. She was a liar, and never bought a bed for her King Carol. She wanted extension pricks, self-exploding rockets, and hot boiling oil made of wax and creosote.

In his great triptych "The Millennium," Bosch used oranges and other fruits to symbolize the delights of Paradise.

The Genesis of Henry Miller's "Tropic of Cancer" Routledge

"How Henry Miller, renegade and failed writer, came to understand what literary dynamite he had in him and, drawing on two centuries of New World history, folklore, and popular culture, sent his "war whoop" out over the roofs of the world"--

Black Spring New Directions Publishing
 The "uproariously funny" second book in the Rosy Crucifixion trilogy, "may be Miller's masterpiece" (Choice). "Plexus is the core volume in *The Rosy Crucifixion*: the volume which has the most complete description of Henry Miller's basic values, beliefs, opinions, judgments, both at the time of his 'Crucifixion' and at the later time when the trilogy was written. Plexus is simply the most marvelous volume of emotion and ideas and visions and nightmares about man and society in the twentieth century—with art as the link perhaps, or as the soul's refuge—that I have read in many a long year. There is absolutely no subject in the world that Henry Miller does not seem to know about, want to talk about, and to evaluate with the deep authority of wisdom. He is probably the most learned of all our American writers, the most open to ideas and feelings, and yes, the most worshipful of all the aspects of life, as well as the most critical literary spokesman of our time." —Maxwell Geismar
Henry Miller and Tropic of Cancer, from Paris to Wisconsin New Directions Publishing

In J. L. Carr's deeply charged poetic novel, Tom Birkin, a veteran of the Great War and a broken marriage, arrives in the remote Yorkshire village of Oxgodby where he is to restore a recently discovered medieval mural in the local church. Living in the bell tower, surrounded by the resplendent countryside of high summer, and laboring each day to uncover an anonymous painter's depiction of the apocalypse, Birkin finds that he himself has been restored to a new, and hopeful, attachment to life. But summer ends, and with the work done, Birkin must leave. Now, long after, as he reflects on the passage of time and the power of art, he finds in his memories some consolation for all that has been lost.
