"The Golden Age Of Bank Robbers"
describes what occurred during this

nation's darkest days. Bank robberies during the 1920's and 1930's were at an all time high. Many banks closed their doors after robbers cleared out their vaults. A new breed of folk hero was created: spiritual descendants of Jesse James and Billy The Kid. This book describes how outlaws such as John Dillinger, Pretty Boy Floyd and other gangsters, lived and died. Lawmen that were under-paid and out-gunned were no match for the machinegun welding gangsters during the Great Depression.

Many men died trying to capture these notorious outlaws. Details of bank robberies, shoot-outs with police, and daring get-a-ways are described with vivid details. This book describes eight different notorious bank robbers. Read about stories of their lives, crimes, and deaths. This fascinating book details the research of how these robbers were able to steal thousands of dollars from banks. Until now, many of these bank robbers have long been forgotten by history. By reading this book, you'll go back in time and ride with each gangster as he daringly robs bank after bank. "The Golden Age of Bank Robbers" is a colorful collection of historical anecdotes and descriptive accounts - including some great photographs - of the rambunctious crime spree that occurred

mainly in the Midwest during the first half of the twentieth century. This book serves as both an opportunity for academic learning as well as a thorough resource for those personally interested in or passionate about a significant (and fast-changing) time in US history. Readers interested in American history and the unique drama of the 1920s and 1930s will appreciate the material covered in this book.

King of Heists Abrams

DESCRIPTION: Elmore Leonard meets Franz Kafka in the wild, improbably true story of the legendary outlaw of Budapest. Attila Ambrus was a gentleman thief, a sort of Cary Grant--if only Grant came from Transylvania, was a terrible professional hockey goalkeeper, and preferred women in

leopard-skin hot pants. During the 1990s, while playing for the biggest hockey team in Budapest, Ambrus took up bank robbery to make ends meet. Arrayed against him was perhaps the most incompetent team of crime investigators the Eastern Bloc had ever seen: a robbery chief who had learned how to be a detective by watching dubbed Columbo episodes; a forensics man who wore top hat and tails on the job; and a driver so inept he was known only by a Hungarian word that translates to Mound of Ass-Head. *BALLAD OF THE WHISKEY ROBBER* is the completely bizarre and hysterical story of the crime spree that made a nobody into a somebody, and told a forlorn nation that sometimes the brightest stars come from the blackest holes. Like The

Professor and the Madman and The Orchid Thief, Julian Rubinsteins bizarre crime story is so odd and so wicked that it is completely irresistible.

This Bank Robber's Life Rowman & Littlefield

What if your father raised you to be a bank robber? Instead of Barbie & Ken, you played with Smith & Wesson? And now you're twenty-two and ready to flee the nest, but your homicidal pop won't let you go? That's the simple part of Tara's life. When she and her dad score their biggest heist ever, her life of adventure takes a frightening turn. They're pursued by dangerous ex-

partners and a special task force of federal agents. That's when Tara falls for the son of the local sheriff. Like daddy says, "It's always something."

The Unauthorized Report About What Really Caused the Great Recession Mark Stellinga

Take a notorious but now reformed (and bored to tears) bank robber, a neurotic, newly-widowed Italian woman plotting behind her kids' backs to save herself from a fate worse than death--Florida--and a sweet, fifty-eight-year-old widow more determined than most New Yorkers to get what she deserves--a little respect, a little fun, and a lot of TLC.

What do you have? Bank Robbers, C. Clark Criscuolo's hilarious, heartwarming new novel about life in its "prime." Although Dottie Weist, Teresa Newhouse, and Arthur MacGregor met as teenagers, the three have not been friends for almost thirty years. And everything has changed. Teresa alternates between sadness over her husband's death and rage--how dare he get cancer and leave her alone? Arthur, now divorced and living alone in Rye, tries his best to fight the utter boredom of his reformed lifestyle. And Dottie, who lost her only son in the war and her husband several years ago, is beginning to panic. Just released from a six-week stay in the hospital after a diagnosis of osteoporosis, Dottie has lost her job; without it, she has no private insurance.

(Medicaid doesn't cover non-life-threatening illnesses.) So she's cooked up a scheme to take care of all her money worries, but she has to turn to Teresa and Arthur, with their "business" connections, to help her get the one thing she needs: a gun. Separately and together, they go looking for something to liven up the golden years now that everything they once had, including spouses, children who cared, jobs that mattered, good health--and health insurance--is gone. Criscuolo's delightfully unlikely threesome is destined to find what they are looking for as they advance fiercely on "senior citizenship" armed with a few laughs, a few disguises, and each other.

Ballad of the Whiskey Robber Catapult Paddy Mitchell grew up on Ottawa's Preston Street to become the leader of the Stopwatch Gang, earning a place on the FBI's most-wanted list by working with fellow Canadians Stephen Reid and Lionel Wright to steal about \$15 million, mainly in the 1970s and 1980s, from more 140 banks and other sites across Canada and the U.S. The gang, which was famous for its speedy heists -- including the 1974 robbery of \$700,000 in gold bars from the Ottawa airport -- took its name from the stopwatch worn by Reid. Incarcerated several times, he was a prison escape artist. Paddy Mitchell wrote about his life and adventures while serving his sentence in a maximum security prison in Leavenworth, Kansas. "This first full-length biography promotes Lamm from his supporting role, tracing his exploits and his use of concepts like "casing" a bank and planning escape routes. Analysis of arrest records finds Lamm's genius as a criminal mastermind overrated, and a detailed examination of the trial of Walter Detrich and James Clark brings to life Lamm's spectacular downfall"--Provided by publisher.

Setting out on a journey westward with a small wagon train, George Wright

uprooted his family from a dirt-poor farm in Ohio. He wasn't searching for gold or silver like others were; he had a dream of making a better life for his family. Despite the death of his wife during childbirth while on the trip, his dream never swayed, and he was determined to see it through, come hell or high water. George finally settled in a place outside of Silver City, Nevada. With blood, sweat, and tears, he managed to build a solid house for his children. Within a few years, he also had built up a working ranch despite animal attacks, Indian scares, and some unsavory characters. Then he discovered timber and found that it was quite a prosperous business. This business made him a rich man, so he had to go into Silver City more often. While there, he would

always stop in at Millie's Café but not just for the good food. He favored one waitress in particular by the name of Joella Carson. Later on he would become her saving grace, but a future was uncertain when faced with two bank robbers.

Norco '80 Rowman & Littlefield
5 young men. 32 destroyed police vehicles. 1 spectacular bank robbery. This “cinematic” true crime story transports readers to the scene of one of the most shocking bank heists in U.S. history—a crime that’s almost too wild to be real (The New York Times Book Review). **Norco '80** tells the story of how five heavily armed young men—led by an apocalyptic born-again Christian—attempted a bank robbery that turned into one of the most violent

criminal events in U.S. history, forever changing the face of American law enforcement. Part action thriller and part courtroom drama, this Edgar Award finalist for Best Fact Crime transports the reader back to the Southern California of the 1970s, an era of predatory evangelical gurus, doomsday predictions, megachurches, and soaring crime rates, with the threat of nuclear obliteration looming over it all. In this riveting true story, a group of landscapers transforms into a murderous gang of bank robbers armed to the teeth with military-grade weapons. Their desperate getaway turns the surrounding towns into war zones. And when it's over, three are dead and close to twenty wounded; a police helicopter has been forced down from the sky, and

thirty-two police vehicles have been completely demolished by thousands of rounds of ammo. The resulting trial shakes the community to the core, raising many issues that continue to plague society today: from the epidemic of post-traumatic stress disorder within law enforcement to religious extremism and the militarization of local police forces.

On November 12, 1971, Bernard Patterson, a much decorated Vietnam War hero turned real-life version of Don Quixote, Butch Cassidy, and Robin Hood all rolled into one, robbed the Northern National Bank in Mars Hill, Maine. He escaped with \$110,000; at the time, the largest bank robbery in the history of the

state. This was the beginning of a comic, outrageous, implausible journey that took him across the United States, then to Europe and North Africa before finally surrendering to authorities in Scotland Yard after he had spent most of the money.

No crime is as synonymous with America as bank robbery. Though the number of bank robberies nationwide has declined, bank robbery continues to captivate the public and jeopardize the safety of banks and their employees. In *A History of Heists*, Jerry Clark and Ed Palattella explore how bank robbers have influenced American culture as much as they have reflected it. Jesse James, Butch Cassidy, Bonnie and Clyde, John Dillinger, Willie Sutton, and Patty Hearst are among the most famous figures in the history of crime in the United States. Jesse James used his training as a Confederate guerrilla to make bank

robbery a political act. John Dillinger capitalized on the public's scorn of banks during the Great Depression and became America's first Public Enemy Number One. When she held up a bank with the leftist Symbionese Liberation Army, Patty Hearst fueled the country's social unrest. Jerry Clark and Ed Palattella delve into the backgrounds and motivations of the robbers, and explore how they are as complex as the nation whose banks they have plundered. But as much as the story of bank robbery in America focuses on the thieves, it is also a story of those who investigate the heists. As bank robbers became more sophisticated, so did the police, the Federal Bureau of Investigation, and other law enforcement agencies. This captivating history shows how bank

robbery shaped the modern FBI, and how it continues to cultivate America's fascination with the noble outlaw: bandits seen, rightly or wrongly, as battling unjust authority.

Five bank robberies. Fifteen years in jail. That was the sentence handed down to Allan Heyl in 1977. He was twenty-six years old and couldn't face that many years behind bars. By the time André Stander, ex-police captain and convicted bank robber, arrived at the prison, Heyl was well advanced with his plan to escape. The two of them teamed up, made their escape and proceeded to rob banks at an unprecedented rate. In this fast-paced, no-holds-barred, no-punches-pulled memoir, Heyl exposes the hell of

prison life, revels in the sheer gung-ho audacity of robbing banks and hiding in plain sight, and reveals an inept and incompetent police force. As a member of the notorious 'Stander Gang', which both appalled and enthralled South Africans in the late '70s and early '80s, Allan became a career criminal. But this choice of lifestyle had its consequences ... With humour, fresh insight and self-revelation, the last surviving member of the so-called Stander Gang turns a critical eye on himself and the times in which he operated. This book takes you into the heart of a bank robber.
