JASE BAKER

Voices at Whisper Bend Macmillan + ORM

Young Memer takes on a pivotal role in freeing her war-torn homeland from its oppressive captors.

The Voices HarperCollins

An oral history of the themes of war provides letters, photographs, and sketches from from U.S. veterans' who fought in World War I and II, Korea, Vietnam, and the Persian Gulf.

The Silence and the Voices of God Tor Science Fiction

At the outbreak of World War II, a twelve-year-old girl comes up with an idea to help the war effort America has just entered World War II, and everyone in Charlotte Campbell's family is doing his or her part, either abroad or in the Pennsylvania factory town where the Campbells live. Charlotte's brother Jim has enlisted in the navy, and her mother works in Braddock's local war plant. Her dad guides tugboats filled with supplies up the Monongahela River. Eager to contribute to the war effort—besides saving to buy defense stamps—Charlotte organizes a scrap metal drive like the

ones all over the country. She and her sixth-grade classmates start collecting old junk and soon have so much that they have to store it in the school basement . . . until someone steals all the metal. Charlotte is determined to find the thief and get back the precious scraps. Her younger brother Robbie supplies a list of potential suspects, from the school janitor to a fellow fourth grader. Some of the kids think it might be Charlotte's German friend Betsy. But when they set a trap for the culprit, Charlotte has to face the fear that's been giving her nightmares since childhood. This ebook includes a historical afterword.

The Voices of Time Oxford University Press

In 2030, an old man who has survived the holocaustic destruction of civilization in the 1980's illuminates the events of the past by portraying the lives of his cousin, a journalist during the 1970 war measures act, and his stepfather, a German caught up in the madness of the Hitler era.

Our Stories, Our Voices Time Life Medical

How did outsiders first become aware of the Hawaiian language? How were they and Hawaiians able to understand each other? How was Hawaiian recorded and analyzed in the early decades after European contact Albert J. Schutz provides illuminating answers to these and other questions about Hawaii's postcontact linguistic past. The result is a highly readable and accessible account of Hawaiian history from a language-centered point of view. The author also provides readers with an exhaustive analysis and critique of nearly every work ever written about Hawaiian.

[The Voices of Heaven](#) Vintage

As the Middle East peace process disintegrates and the second Palestinian Intifada begins, Wendy Pearlman, a young Jewish woman from the American Midwest travels to the West Bank and Gaza Strip in a quest to talk to ordinary Palestinians. A remarkable narrative emerges from her conversations with doctors, artists, school kids, and families who have lost loved ones or watched their homes destroyed. Their stories, ranging from the humorous to the tragic, paint a profile of the Palestinians that is as honest as it is uncommon in the Western media: that of ordinary people who simply want to live ordinary lives. As Pearlman writes, "the personal stories and heartfelt reflections that I encountered did not expose a hatred of Jews or a yearning to push Israelis into the sea. Rather, they painted a portrait of a people who longed for precisely that which had inspired the first Israelis: the chance to be citizens in a country of their own."

The Voices of Time Boys Town Press

Barry di Hoa had the good life on the Moon: steady work and the love of a good woman. But a rival slipped him a mickey, and he next awoke aboard Gerald Tscharka's ship as it neared the colony planet, Pava, eighteen light-years away. Pava was the frontier, complete with earthquakes, primitive conditions and hard physical work. The local "doctor" wouldn't treat Barry's little manic-depressive problem without medicine from the Moon. And the Millernarist colonists, who thought suicide was cool fun, didn't thrill him. Then he made friends with the leps. The large, caterpillar-like, odd-speaking gentle beasts were helping the humans to fashion a life on their planet. In their strange way, they knew things about Pava that might make the difference in the colony's survival. He started to believe he could really enjoy life in this fragile paradise. Except Tscharka was up to something bad, something that would change everything. Barry knew only he could stop the mad captian, and the captain knew it, too. What neither knew was whether Barry could be manic enough to do it.

Making Their Voices Heard Simon and Schuster

Winner of the International Prize for Arabic Fiction, this novel weaves together a series of devastating confessions about life in contemporary Arab society "Barakat isn't writing about 'the immigrant.' She's writing about the human."—Rumaan Alam, 4columns "Spare and deep, *Voices of the Lost* captivates. Hoda Barakat is one of Lebanon's greatest gifts to literature, and Booth allows her English audience to explore this painful and irresistible present."—Amy Bloom, author of *White Houses* In an unnamed country torn apart by war, six strangers are compelled to share their darkest secrets. Taking pen to paper, each character attempts to put in writing what they can't bring themselves to say to the person they love—mother, father, brother, lost love. Their words form a chain of dark confessions, none of which reaches the intended recipient. Profound, troubling, and deeply human, *Voices of the Lost* tells the moving story of characters living on the periphery, battling with displacement, devastating poverty, and the demons within themselves. From one of today's most talented Arabic writers, *Voices of the Lost* is an urgent story of lives intimately woven together in a society that is tearing itself apart.

Voices of the Desert Phoenix

From the Pulitzer Prize-winning author of *Martin Dressler: sixteen new stories—“spellbinding, masterly, sublime”* (The New York Times Book Review)—that delve into the secret lives and desires of ordinary people, alongside retellings of myths and legends that highlight the aspirations of the human spirit. Beloved for the lens of the strange he places on small town life, Steven Millhauser further reveals in *Voices in the Night* the darkest parts of our inner selves to brilliant and dazzling effect. Here are stories of wondrously imaginative hyperrealism, stories that pose unforgettably unsettling what-ifs, or that find barely perceivable evils within the safe boundaries of our towns, homes, and even within our bodies. Here, too, are stories culled from religion and fables: Samuel, who hears the voice of God calling him in the night; a young, pre-enlightenment Buddha, who searches for his purpose in life; Rapunzel and her Prince, who struggle to fit the real world to their dream. Heightened by magic, the divine, and the uncanny, shot through with sly and winning humor, *Voices in the Night* seamlessly combines the whimsy and surprise of the familiar with intoxicating fantasies that take us beyond our daily lives, all done with the hallmark sleight of hand and astonishing virtuosity of one of our greatest contemporary storytellers.

Decibella and her 6-inch voice: 2nd Edition S.N. Publishing Company

A striking mosaic of memories, observations, and legends that together reveal the author's own story and a grand, compassionate vision of life itself In this kaleidoscope of reflections, renowned South American author Eduardo Galeano ranges widely, from childhood to love, music, plants, fear, indignity, and indignation. In the signal style of his bestselling and much-admired *Memory of Fire* trilogy—brief fragments that build steadily into an organic whole—Galeano offers a rich, wry history of his life and times that is both calmly philosophical and fiercely political. Beginning with blue algae, the earliest of life forms, these 333 vignettes alight on the Galeano family's immigration to Uruguay in the early twentieth century, the fate of love letters intercepted by a military dictatorship, abuses by the rich and powerful, the latest military outrages, and the author's own encounters with all manner of living matter, including generals, bums, dissidents, soccer stars, ducks, and trees. Out of these meditations emerges neither anger nor bitterness, but a celebration of a blessed life in a harsh world. Poetic and passionate, scathing and lyrical, delivered with Galeano's inimitable mix of gentle comedy and fierce moral judgment, *Voices of Time* is a deeply personal statement from a great and beloved writer.

The Voices of Time Harvill Press

The #1 New York Times bestselling author of *The Book of Lost Friends* and *Before We Were Yours* explores the connection between our hearts and our pasts in this emotional novel in the *Tending Roses* series.... Once trapped in a world of poverty and neglect, Dell Jordan knows she was one of the lucky ones. Adopted at thirteen, she was loved, mentored, and encouraged to pursue her passion for music. By twenty, her future has expanded in exciting new directions—a year abroad with a traveling symphony, teaching music to orphans in Ukraine, and applying for a scholarship to Julliard. But underneath Dell's smoothly polished surface lurk mysteries from the past. Why did her mother abandon her? Who was her father? Are there faces somewhere that look like hers—blood relatives she's never met? Determined to find answers, and unable to share her emotional uncertainty with her adoptive family, Dell sets off on a secret journey into Oklahoma's Kiamichi Mountains. Drawn by the only remaining link to her origins—a father's Native American name on her birth certificate—she travels into quiet wooded valleys, into the heart of the modern Choctaw Nation. There she will find connections to a long and proud heritage and begin to answer the questions of her heart. In the voices of her ancestors, she'll discover the keys to a future unlike anything she could have imagined.

The Voices of Time little bee books

This book is filled with strange stories, mystic rites, angry gods, vision quests and magic symbols at the heart of African culture.

Other Voices, Other Rooms Knopf

"Truthful and empowering." —Booklist From Amy Reed, Ellen Hopkins, Amber Smith, Nina LaCour, Sandhya Menon, and more of your favorite YA authors comes an "outstanding anthology" (School Library Connection) of essays that explore the diverse experiences of injustice, empowerment, and growing up female in America. This collection of twenty-one essays from major YA authors—including award-winning and bestselling writers—touches on a powerful range of topics related to growing up female in today's America, and the intersection with race, religion, and ethnicity. Sure to inspire hope and solidarity to anyone who reads it, *Our Stories, Our Voices* belongs on every young woman's shelf. This anthology features essays from Martha Brockenbrough, Jaye Robin Brown, Sona Charaipotra, Brandy Colbert, Somaiya Daud, Christine Day, Alexandra Duncan, Ilene Wong (I.W.) Gregorio, Maurene Goo. Ellen Hopkins, Stephanie Kuehner, Nina LaCour, Anna-Marie LcLemore, Sandhya Menon, Hannah Moskowitz, Julie Murphy, Aisha Saeed, Jenny Torres Sanchez, Amber Smith, and Tracy Walker.

Voices in Time Simon & Schuster

In exquisite prose, Pinon tells the story of "One Thousand and One Nights" told from Scheherezade's perspective, giving readers the full depth and breadth of her jealousies and resentments, her longings and desires.

The Voices Nation Books

Text and illustrations describe the events before, during and after the Battle of Gettysburg.

Voices of the Ancestors Profile Books

Jordan's diverse socioeconomic make-up encapsulates, like no other Middle Eastern state, both the array of pressing short-term problems facing the region, and the underlying challenges that Arab states will need to face once the current spate of civil conflicts is over: meaningful youth employment, female participation in politics, and integration of refugees into society. This book tells the story of Jordan through the lives of ordinary people, including a political cartoonist, a Syrian refugee, a Jihadist and a female parliamentarian. The raw voices and everyday struggles of these people shine a fresh light on the politics, religion, and society of a culture coming to terms with the harsh reality of modernization and urbanization at a time of regional upheaval. With her deep knowledge of Jordan's landscape, language and culture, Rana Sweis sketches an intimate portrait of the intricacies and complexities of life in the Middle East. Rather than focusing on how individuals are affected by events in the region, she reveals a cast of characters shaping their own lives and times. *Voices of Jordan* shares those stories in all of their rich detail, offering a living, breathing social and political history.

A Thousand Voices Carroll & Graf Pub

We all hear voices. Ordinary thinking is often a kind of conversation, filling our heads with speech: the voices of reason, of memory, of self-encouragement and rebuke, the inner dialogue that helps us with tough decisions or complicated problems. For others - voice-hearers, trauma-sufferers and prophets - the voices seem to come from outside: friendly voices, malicious ones, the voice of God or the Devil, the muses of art and literature. In *The Voices Within*, Royal Society Prize shortlisted psychologist Charles Fernyhough draws on extensive original research and a wealth of cultural touchpoints to reveal the workings of our inner voices, and how those voices link to creativity and development. From Virginia Woolf to the modern Hearing Voices Movement, Fernyhough also transforms our understanding of voice-hearers past and present. Building on the latest theories, including the new 'dialogic thinking' model, and employing state-of-the-art neuroimaging and other ground-breaking research techniques, Fernyhough has written an authoritative and engaging guide to the voices in our heads. **WELLCOME COLLECTION** Wellcome Collection is a free museum and library that aims to challenge how we think and feel about health. Inspired by the medical objects and curiosities collected by Henry Wellcome, it connects science, medicine, life and art. Wellcome Collection exhibitions, events and books explore a diverse range of subjects, including consciousness, forensic medicine, emotions, sexuality, identity and death. Wellcome Collection is part of Wellcome, a global charitable foundation that exists to improve health for everyone by helping great ideas to thrive, funding over 14,000 researchers and projects in more than 70 countries. wellcomecollection.org

Vermilion Sands Houghton Mifflin Harcourt

From one of Italy's greatest writers, a stunning novel "filled with shimmering, risky, darting observation" (Colm Tóibín) After WWII, a small Italian town struggles to emerge from under the thumb of Fascism. With wit, tenderness, and irony, Elsa, the novel's narrator, weaves a rich tapestry of provincial Italian life: two generations of neighbors and relatives, their gossip and shattered dreams, their heartbreaks and struggles to find happiness. Elsa wants to imagine a future for herself, free from the expectations and burdens of her town's history, but the weight of the past will always prove unbearable, insistently posing the question: "Why has everything been ruined?"

100 Voices Time Life Medical

"Stunning . . . elegant . . . arresting . . . supple and harrowing." - The Wall Street Journal ★"An innovative, entrancing account of a popular figure that will appeal to fans of verse, history, and biography." - Kirkus, starred review In poems that surprise and move readers, bestselling author David Elliott explores how Joan of Arc changed the course of history and remains a figure of fascination centuries after her extraordinary life and death. Told through medieval poetic forms and in the voices of the people and objects in Joan of Arc's life, (including her family and even the trees, clothes, cows, and candles of her childhood), *Voices* offers an unforgettable perspective on an extraordinary young woman. Along the way it explores timely issues such as gender, misogyny, and the peril of speaking truth to power. Before Joan of Arc became a saint, she was a girl inspired. It is that girl we come to know in *Voices*.

Proceedings Simon and Schuster

Ballard's genius for imagining exotic places appears again in *Vermilion Sands* where he creates a fantasy landscape of the future. These stories feature forgotten movie queens and guilt-ridden femmes fatales who exercise their every whim in a culture of unlimited technology.
