Autobiography of a Yogi
introduces the reader to
the life of Paramahansa
Yogananda and his
encounters with spiritual
figures of both the

Eastern and the Western
world. The book begins
with his childhood family
life, to finding his guru, to
becoming a monk and
establishing his teachings
of Kriya Yoga meditation.
The book continues in
1920 when Yogananda
accepts an invitation to
speak in a religious
congress in Boston,
Massachusetts, USA. He
then travels across

America lecturing and
establishing his teachings
in Los Angeles, California.
In 1935 he returns to
India for a yearlong visit.
When he returns to
America, he continues to
establish his teachings,
including writing this
book. The book is an
introduction to the
methods of attaining God-
realization and to the
spiritual thought of the

East, which had only been available to a few in 1946. The author claims that the writing of the book was prophesied long ago by the nineteenth-century master Lahiri Mahasaya (Paramguru of Yogananda) also known as the Yogiraj and Kashi baba. Before becoming a yogi, Lahiri Mahasaya's actual name was Shyama Charan Lahiri.

 "...a small, beautifully produced book, that is a perfect gift to oneself or to another. Each excerpt, which is coupled with a lovely and delicate scene from nature, is indeed a treasure consisting of maybe only a sentence or two, yet they are words enough to take one to a

Perfect for private contemplation or as a gift any friend would treasure, each illustrated excerpt is a refreshing, uplifting, immediately helpful thought. A must for

He taught how a nation with such a vast diversity can be bound together by a feeling of humanity and brother-hood. Vivekananda emphasized the points of drawbacks of western culture and the contribution of India to

overcome those. Netaji Subhash Chandra Bose once said: "Swamiji harmonized the East and the West, religion and science, past and present. And that is why he is great. Our countrymen have gained unprecedented self-respect, self-reliance and self-assertion from his teachings." Vivekananda was successful in constructing a virtual bridge between the culture of East and the West. He interpreted the Hindu scriptures, philosophy and the way of

life to the Western people. He made them realize that in spite of poverty and backwardness, India had a great contribution to make to world culture. He played a key role in ending India's cultural isolation from the rest of the world.
