The Second Collected Tales of Bauchelain & Korbal Broach Tor Books

The Fiends of Nightmaria is a new novella from New York Times bestselling author Steven Erikson, set in the world of the Malazan Book of the Fallen. The king is dead, long live King Bauchelain the First, crowned by the Grand Bishop Korbal Broach. Both are, of course, ably assisted in the running of the Kingdom of Farrog by their slowly unravelling servant, Emancipor Reese. However, tensions are mounting between Farrog and the neighboring country of Nightmaria, the mysterious home of the Fiends. Their ambassador, Ophal D Neeth Flatrog, seeks an audience with King Bauchelain, who has thus far rebuffed his overtures. But the necromancer has some other things on his plate. To quell potential rebellion nearly all the artists, poets, and bards in the city have been put to death. A few survivors languish in the dungeons, bemoaning their fates. Well, just moaning in general really...and maybe plotting escape and revenge. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

With his school for swordsmanship in Falar, he was looking forward to a quiet life, despite his colleague Kyle's misgivings. All is not well in *Lamentable Moll*. A sinister, diabolical killer stalks the port city's narrow, barrow-humped streets, and panic grips the citizens like a fever. *Emancipor Reese* is no exception, and indeed, with his legendary ill luck, it's worse for him than for most. Not only was his previous employer the unknown killer's latest victim, but *Emancipor* is out of work. And, with his dearest wife terminally comfortable with the manner of life to which she asserts she has become accustomed (or at least to which she aspires) -- for her and their two whelps -- all other terrors grow limp and pale for poor *Emancipor*. But perhaps his luck has finally changed, for two strangers have come to *Lamentable Moll*... and they have nailed to the centre post in *Fishmonger's Round* a note requesting the services of a manservant. This is surely a remarkable opportunity for the hapless *Emancipor Reese*... no matter that the note reeks with death-warded magic; no matter

that the barrow ghosts themselves howl with fear every night; and certainly no matter that *Lamentable Moll* itself is about to erupt in a frenzy of terror-inspired anarchy.... Skyhorse Publishing, under our *Night Shade* and *Talos* imprints, is proud to publish a broad range of titles for readers interested in science fiction (space opera, time travel, hard SF, alien invasion, near-future dystopia), fantasy (grimdark, sword and sorcery, contemporary urban fantasy, steampunk, alternative history), and horror (zombies, vampires, and the occult and supernatural), and much more. Forge of Darkness Solaris

The climax to the epic *Malazan Book of the Fallen* series that will determine how the world is ruled. *Savaged by the K'Chain Nah'Ruk*, the Bonehunters march for *Kolanse*, where waits an unknown fate. Tormented by questions, the army totters on the edge of mutiny, but *Adjunct Tavore* will not relent. One final act remains, if it is in her power, if she can hold her army together, if the shaky allegiances she has forged can survive all that is to come. A woman with no gifts of magic, deemed plain, unprepossessing, displaying nothing to instill loyalty or confidence, *Tavore Paran* of *House Paran* means to challenge the gods -- if her own troops don't kill her first. Awaiting *Tavore* and her allies are the *Forkrul Assail*, the final arbiters of humanity. Drawing upon an alien power terrible in its magnitude, they seek to cleanse the world, to annihilate every human, every civilization, in order to begin anew. They welcome the coming conflagration of slaughter, for it shall be of their own devising, and it pleases them to know that, in the midst of the enemies gathering against them, there shall be betrayal. In the realm of *Kurald Galain*, home to the long lost city of *Kharkanas*, a mass of refugees stand upon the *First Shore*. Commanded by *Yedan Derryg*, the *Watch*, they await the breaching of *Lightfall*, and the coming of the *Tiste Liosan*. This is a war they cannot win, and they will die in the name of an empty city and a queen with no subjects. Elsewhere, the three *Elder Gods*, *Kilmandaros*, *Errastas* and *Sechul Lath*, work to shatter the chains binding *Korabas*, the *Otataral Dragon*, from her eternal prison. Once freed, she will rise as a force of devastation, and against her no mortal can stand. At the *Gates of Starvald Demelain*, the *Azath House* sealing the portal is dying. Soon will come the *Eleint*, and once more, there will be dragons in the world. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

From the bestselling author of the epic Malazan Book of the Fallen, comes a story of mankind's first contact and a warning about our future. An alien AI has been sent to the solar system as representative of three advanced species. Its mission is to save the Earth's ecosystem - and the biggest threat to that is humanity. But we are also part of the system, so the AI must make a choice. Should it save mankind or wipe it out? Are we worth it? The AI is all-powerful, and might as well be a god. So it sets up some conditions. Violence is now impossible. Large-scale destruction of natural resources is impossible. Food and water will be provided for those who really, truly need them. You can't even bully someone on the internet any more. The old way of doing things is gone. But a certain thin-skinned US president, among others, is still wedded to late-stage capitalism. Can we adapt? Can we prove ourselves worthy? And are we prepared to give up free will for a world without violence? And above it all, on a hidden spaceship, one woman watches. A science fiction writer, she was abducted from the middle of the street in broad daylight. She is the only person the AI will talk to. And she must make a decision.

'Fantasy cliches are dodged or given new twists; the narrative teems with clever invention . . . the writing is excellent' SFX ___ In Darujhistan, the saying goes that Love and Death shall arrive together, dancing... It is summer and the heat is oppressive, yet the discomfiture of the small rotund man in the faded red waistcoat is not entirely due to the sun. Dire portents plague his nights and haunt the city's streets like fiends of shadow. Assassins skulk in alleyways but it seems the hunters have become the hunted. Strangers have arrived, and while the bards sing their tragic tales, somewhere in the distance can be heard the baying of hounds. All is palpably not well. And in Black Coral too something is afoot. Memories of ancient crimes surface, clamouring for revenge and Anomander Rake, Son of Darkness, has come to right an ancient and terrible wrong. And so it would seem that Love and Death are indeed about to make their entrance... From the New York Times Bestselling author Steven Erikson

comes a new science fiction novel of devil-may-care, near calamitous and downright chaotic adventures through the infinite vastness of interstellar space. These are the voyages of the starship A.S.F. And so we join the not-terribly-bright but exceedingly cock-sure Captain Hadrian Sawback and his motley crew on board the Starship Willful Child for a series of devil-may-care, near-calamitous and downright chaotic adventures through 'the infinite vastness of interstellar space.' The New York Times bestselling author of the acclaimed Malazan Book of the Fallen sequence has taken his lifelong passion for Star Trek and transformed it into a smart, inventive, and hugely entertaining spoof on the whole mankind-exploring-space-for-the-good-of-all-species-but-trashing-stuff-with-a-lot-of-high-tech-gadgets-along-the-way, overblown adventure. The conclusion to Ian C. Esslemont's epic fantasy Path to Ascendancy trilogy--a prequel story set in the New York Times bestselling Malazan Empire series--co-created by Steven Erikson. The incessant war between the bickering city states of Quon Tali rages. So engrossed are the warring lords and princes in their own petty feuds that few notice that an upstart mage from Dal Hon has gained control of the southern seas. Kellanved could not care less about any of this petty politicking or strategy or war. Something other and altogether more mysterious has caught his attention and he - together with a reluctant and his decidedly skeptical friend Dancer - traverse continents and journey through the Realms. But this ancient mystery that has so captivated Kellanved is neither esoteric nor ephemeral. It involves the Elder races themselves, and more alarmingly, the semi-mythic Army of Dust and Bone. Surely no one in their right mind would be so foolish as to embark on a journey from which none have returned? Well, no one except Kellanved.
