What a Texas Girl Wants HQN Books

"The science is strong, but a test is only as good as the men carrying it out," was said by Valery Legasov in the Chernobyl Mini-series. The quote resonates with me, as do the words, "Art pieces are as formidable as the quality of work, people, and resources drawn to bring them to life." Motion pictures are among the most radical art forms, and their role as sources of entertainment on both small and big screens speaks volumes. For more than a century, people have been making movies, and this trend will continue as long as people exist. In Nigeria's Nollywood, much has been accomplished, and much more is awaited. Therefore, the need to caution, educate, and take bold steps is greatly warranted. Nollywood's Path To Ascension (NPTA) aims to provide practical guidance and steps to reach the zenith.

An explosion! Downtown Baltimore was burning. Jackson Freeman depended on the docks for his livelihood. Leaving his family in the hands of his mother, he and his brothers fought the flames for twenty-seven hours. Realizing the hopelessness of the situation, Jackson gave in to his exhaustion and arrived home only to be told his whole family had expired from a horrible illness. To rebuild a

life for himself, Jackson sought out his German friend Carl to begin what they had dreamt of together, owning a farm in partnership. Now, Jackson could be independent from the White man. Unfortunately, Carl saw a greater vision, and had already begun a more lucrative automobile 'fix-it' shop. As Jackson saw Baltimore beginning to rise from the ashes, he was even more determined to finally do what he had always wanted. He would go for it alone. Besides, he had heard land was cheap in Ohio. While on his way, Jackson hooked up with some shady characters who offered him a 'partnership' in the sale of the goods they were taking to Stanton, Ohio in exchange for his money to buy a horse for their oversized wagon. Unfortunately, an axle problem kept them from their destination and they turned their wagon into Anna Shein's farm. There, Jackson came face to face with his destiny: meeting the White woman he would learn to hate, the woman he would grow to respect and the only person who could teach him farming. Through their years together, their trials and tribulations were many. Even though a love/hate relationship developed between them, Jackson's drive and perseverance won Anna's respect. Were they really in love?

NOLLYWOOD'S PATH TO ASCENSION: lessons From Hollywood's Rise Macmillan New York Times bestseller; 6 starred reviews! At once provocative, terrifying, and darkly subversive, *Dread Nation* is Justina Ireland's stunning vision of an America both foreign and familiar—a country on the brink, at the explosive crossroads where race, humanity, and survival meet. Jane McKeene was born two days before the dead began to walk the battlefields of Gettysburg, Pennsylvania—derailing the War Between the States and changing the nation forever. In this new America, safety for all depends on the work of a few, and laws like the Native and Negro Education Act require certain children attend combat schools to learn to put down the dead. But there are also opportunities—and Jane is studying to become an Attendant, trained in both weaponry and etiquette to protect the well-to-do. It's a chance for a better life for Negro girls like Jane. After all, not even being the daughter of a wealthy white Southern woman could save her from society's expectations. But that's not a life Jane wants. Almost finished with her education at Miss Preston's School of Combat in Baltimore, Jane is set on returning to her Kentucky home and doesn't pay much mind to the politics of the eastern cities, with their talk of returning America to the glory of its days before the dead rose. But when families around Baltimore County begin to go missing, Jane is caught in the middle of a conspiracy, one that finds her in a desperate fight for her life against some powerful enemies. And the restless dead, it would seem, are the least of her problems. "Abundant action, thoughtful worldbuilding, and a brave, smart, and skillfully drawn cast entertain as Ireland illustrates the ignorance and immorality of racial discrimination and examines the relationship between equality and freedom." (Publishers Weekly, "An Anti-Racist Children's and YA Reading List")

Shirley Jackson's Dark Tales HQN Books

In his first book, National Post columnist Scott Feschuk offers a hilarious, satirical take on trends in television and our peculiar obsession with the famous, the infamous, and the nature of Tom Cruise's sexuality. Searching for Michael Jackson's Nose romps through the birth and the future of reality television, takes readers to the all-star parties thrown each summer by the major American television networks, and makes the case that what the world needs now is more – yes, more! – showbiz award shows. It pokes fun at Hollywood's rich and renowned, and also at Steve Guttenberg. It both applauds and skewers our intensifying fascination with the profoundly inconsequential: tribal councils, celebrity interviews, the crude romantic exploits of bachelors and bogus millionaires. And it takes us on a tour through the prevailing popular culture of the twenty-first century, with stops at the Starship Enterprise, Britney Spears, Sesame Street, the Oscars, Pamela Anderson, a naked Billy Baldwin, and the everchanging facial topography of the King of Pop.
