You deserve to take a year to find yourself and travel the world, no matter your age or budget. Ready to transform your life? If you feel like you are: -Fed up with your 9-5-Looking for life meaning-Ready to see the world-On a budget and think you can't afford to travel-Disheartened with your current life-Convinced that there is something more "out there"-Ready to learn how to experience life on your terms...then this book will give you the 25 steps you need to prepare, plan and take that gap year (maybe even longer) that you so desperately need right now. If you think that you are too young or too old, or that you do not have enough funds to support world travel, I'm here to share with you the way I did it. I'm just a regular person, like yourself, who was laid off after working at a large financial firm in the US for 11 years. I felt lost. I always wanted to travel the world, but I didn't think I could afford it. However, I was determined to crack the code because the alternative was not an option: I did not want to go back to the corporate world and wanted to live life on my own terms. I set a timetable, but I had no idea what my steps needed to be in order to accomplish my goal of traveling full time. I worked incredibly hard to figure those steps out and I'm sharing them in this book so that more people can feel that sense of freedom I did when I took that taxicab to the airport on my way to my year off-the first of many. In this book, you'll learn the exact steps I took and in the chronological order I took them. This removes guesswork from the equation. Among so many other valuable lessons, you'll learn: -To identify your passions, which will not only accompany you in your travels but will also be your main source of income while on the road.-High level money and investment basics to help you make better financial decisions.-All the not-so-glamorous details about planning a gap year that nobody talks about, such as creating a living will, designing an exit strategy, enrolling in travel medical insurance, vaccines, and more.-About major organizations that connect travelers with hosts or business owners in exchange of part time volunteer work for room and board.Buy A Year Off: How to Take a Gap Year and Travel the World Even if You Are on a Budget now to get started with the beginning of your new life. The world awaits you. Pick up your copy today by clicking the BUY NOW button at the top of this page.

Many of us dream of quitting our jobs, hopping on a plane, and escaping our daily reality to frolic around on a beach for a while. But for most of us, it's just a dream - until now. *How to Quit Your Job & Travel* is a practical, step-by-step guide to one of the most exciting, exhilarating, and terrifying things you'll ever do. You'll learn how to tackle each of the challenges preventing you from taking off on a long-term trip, from finances to fear to returning to reality - and all the nitty-gritty logistics along the way. But once you do actually pack your bags, throw your stuff into storage, and head off - what's next? Lia Garcia, co-founder and CEO of one of

the most-read travel blogs in the world, spills all the things nobody tells you about the reality of long term travel - and coming home again - with stories from her own disastrous year-long honeymoon. About the Book This book is divided into four sections: Part One focuses on laying the groundwork for your trip, including the preparations and decisions that take place well before you leave. You'll learn to identify and navigate fears and obstacles in your way as you develop a rough outline for your trip, set yourself a departure deadline, calculate the cost of your adventure, start working towards a specific savings goal, and turn your travel dream into an actionable plan. Part Two takes place in the months before your trip, as you finalize your plans, pack your bags, book your itinerary, and tie up loose ends at home. You'll learn how to effectively plan a long-term trip, tackle each piece of the logistical puzzle of placing your life on hold, find out what to pack (and what to leave at home), and take off on the adventure of a lifetime. Part Three prepares you for the trip itself, including all the things that nobody tells you about long-term travel, how to stay safe and prevent theft, and what to do if you find yourself running out of funds. You'll learn about the many challenges of long-term travel, the beauty of "travel magic," and how to overcome challenges while you're on the road. Part Four occurs after the trip, as you return home and reintegrate into ordinary life. We'll cover how to prepare yourself for the most difficult part of long-term travel, including picking back up where you left off with your career (or choosing not to), and how to use the skills you learned during your travels to identify your needs and adjust to the life you've returned to. In each part of the book, you'll find specific, actionable advice interwoven with stories and mishaps from the author's year-long honeymoon. At the end of the book is a reference section containing all of the websites, apps, businesses, academic studies, spreadsheet templates, and tools mentioned or recommended, as well as tables organizing specific information you'll need as you plan your trip. You'll also receive access to a digital and printable version of the "Reference" section. *How to Travel the World on \$50 a Day* Practical Wanderlust A book with 200 color photos and 100 maps includes thousands of ideas for travel all over the world, organized by country. A revolutionary philosophy for rookie and veteran travelers alike, *Rediscovering Travel* “gets to the heart of why we travel” (Matt Kepnes, “Nomadic Matt”). Having captivated millions during his tenure as the New York Times's “Frugal Traveler,” Seth Kugel is one of our most internationally beloved travel writers. With the initial publication of *Rediscovering Travel*, he took the corporate modern travel industry to task, determined to reignite an age-old sense of adventure that has virtually been vanquished by the spontaneity-obliterating likes of Google Maps, TripAdvisor, and Starwood points. Now in travel-friendly paperback, this “funny, inspiring and well-crafted” companion (Associated Press) reveals how to make the most of new apps and other digital technologies without being shackled to them. Writing for the tight-belted tourists and the first-class flyer, the eager student and the comfort-seeking retiree, Kugel shows all readers “not only where to look, but how” (Samantha Brown), and promises that we too can rediscover the joy of discovery. “Travel is not about the destination but the experience. . . . That's what makes [it] so appealing, so addictive, and that's what makes *Rediscovering Travel* so necessary.” —Peter Greenberg

The First Book of Moses, Called Genesis Ballantine Books Experience True Liberation by Seeing Your Beauty, Femininity, and Freedom From Heavens Point of View Has Christianity kept women trapped in the stone age? In many ways, yes; but this is not by Gods design. As society offers women opportunities to explore outer-space and govern nations, the church often stifles and limits them. The tide is changing, though. Amber Picotas Gods Feminist Movement is a new covenant manifesto calling women to embrace their true identity in Christ and fulfill their destiny as revolutionaries who shape the course of history with the Kingdom of God. There is a powerful new feminist movement emerging in the body of Christ. Its not politically driven and its not being championed by an uprising of angry man-haters. Based on an intense study of Scripture, factoring in historical and contextual hermeneutics and original languages, Picota shares a practical, non-legalistic, and non-traditional (yet deeply Biblical) look at topics that women commonly face, such as: Dating and Modesty Female Leaders in the Church Submission in Marriage Beauty and Self-Image Celebrate the power and beauty of womanhood. God has given you permission to change the world by being you! Break off religious traditions that keep women trapped in old school legalism and move beyond Christian clichés that minimize a womans true position in Christ!

The Higher Reality of Business The health of business is inextricably linked with the health of humanity and nature. But our current approaches to leadership treat business as entirely separate—and the result has been recurring economic, environmental, and human crises. In this extraordinary book, Ram Nidumolu uses evocative parables and stories from the ancient Indian wisdom texts, the Upanishads, to introduce Being-centered leadership. This new kind of leadership is anchored in the concept of Being, the fundamental reality that underlies all phenomena. Being-centered leaders are guided by an innate sense of interconnection—the good of the whole becomes an integral part of their decisions and actions. Using the experiences of over twenty trailblazing CEOs, as well as those from his own life, Nidumolu describes a four-stage road map every aspiring leader can use to reconnect business to the wider world—to the benefit of all.

Summary of How to Travel the World on \$50 a Day: Travel Cheaper, Longer, Smarter by Matt Kepnes HarperCollins

Part memoir and part philosophical look at why we travel, filled with stories of Matt Kepnes' adventures abroad, an exploration of wanderlust and what it truly means to be a nomad. "Matt is possibly the most well-traveled person I know...His knowledge and passion for understanding the world is unrivaled, and never fails to amaze me." —Mark Manson, New York Times bestselling author of *The Subtle Art of Not Giving a F*ck* Ten Years a Nomad is New York Times bestselling author Matt Kepnes' poignant exploration of wanderlust and what it truly means to be a nomad. Part travel memoir and part philosophical look at why we travel, it is filled with aspirational stories of Kepnes' many adventures. New York Times bestselling author of *How to Travel the World on \$50 a Day*, Matthew Kepnes knows what it feels like to get the travel bug. After meeting some travelers on a trip to Thailand in 2005, he realized that living life meant more than simply meeting society's traditional milestones, such as buying a car, paying a

mortgage, and moving up the career ladder. Inspired by them, he set off for a year-long trip around the world before he started his career. He finally came home after ten years. Over 500,000 miles, 1,000 hostels, and 90 different countries later, Matt has compiled his favorite stories, experiences, and insights into this travel manifesto. Filled with the color and perspective that only hindsight and self-reflection can offer, these stories get to the real questions at the heart of wanderlust. Travel questions that transcend the basic "how-to," and plumb the depths of what drives us to travel — and what extended travel around the world can teach us about life, ourselves, and our place in the world. *Ten Years a Nomad* is for travel junkies, the travel-curious, and anyone interested in what you can learn about the world when you don't have a cable bill for a decade or spend a month not wearing shoes living on the beach in Thailand.
