NOTE: Before purchasing, check with your instructor to ensure you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products

exist for each title, and registrations are not transferable. To register for and use Pearson's MyLab & Mastering products, you may also need a Course ID, which your instructor will provide. Used books, rentals, and purchases made outside of Pearson. If purchasing or renting from companies other than Pearson, the access codes for Pearson's MyLab &

Mastering products may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase.

Tobey/Slater/Blair/Crawford's Beginning Algebra with Integrated Review is a new co-requisite course solution, offering a complete beginning algebra

MyMathLab® course with integrated review of select topics from

developmental algebra. This course solution may be used in a co-requisite course model, or simply to help under-prepared students master prerequisite skills and concepts. About Beginning Algebra : The

Tobey/Slater/Blair/Crawford series retains the hallmark characteristics that have always made the text so easy to learn and teach from, including a

"building block" organization. Each program builds essential skills and conceptual understanding by breaking the mathematics down into manageable pieces. This edition addresses the latest trends and dynamics related to developmental mathematics course structures, including helping students gain a stronger conceptual understanding, while contextualizing the math. Instructors will find the inclusion of new conceptually oriented Guided Learning Videos with the accompanying Video Workbook with the Math Coach (in MyMathLab), plus a new emphasis on Career Explorations throughout the text and MyMathLab course to help students explore potential career paths. The Tobey series is flexible, and well-suited for a variety of classroom formats,

including lecture-based, computer-lab based (modular and/or self-paced), hybrid, and online. This package consists of the textbook, MyMathLab access kit, and Integrated Review worksheets. 0134540476 / 9780134540474 * Beginning Algebra Plus NEW Integrated Review MyMathLab and Worksheets - Access Card Package, 1/e Package consists of: 0134187792 / 9780134187792 * Beginning Algebra 0134540557 / 9780134540559 * MyMathLab -- Glue-in Access Card 0134540549 / 9780134540542 * MyMathLab Inside Star Sticker 0134540743 / 9780134540740 * Worksheets with the Math Coach with Integrated Review for Beginning Algebra, 1/e

The Tobey/Slater series builds essential skills one at a time by breaking the mathematics down into manageable pieces. This practical building block organization makes it easy for readers to understand each topic and gain confidence as they move through each section. The authors provide a How am I Doing? guide to give readers constant reinforcement and to ensure that they understand each concept before moving on to the next. With Tobey/Slater, readers have a tutor and study companion with them every step of the way. Key Topics: Prealgebra Review; Equations, Inequalities, and Applications; Graphing and Functions; Systems of Equations; Exponents and Polynomials;

Factoring; Rational Expressions and Equations; Radicals; Quadratic Equations
Market: For all readers interested in basic college mathematics.

Intermediate Algebra

Forschungszentrum Jülich

When the answer at the back of the book is simply not enough, then you need the Student Solutions Manual. With fully worked-out solutions to all odd-numbered text problems, the Student Solutions Manual lets you "learn by example" and see the mathematical steps required to reach a solution.

Worked-out problems included in the Solutions Manual are carefully selected from the textbook as representative of each section's exercise sets so you can follow-along and study more effectively. The Student Solutions Manual is simply

the fastest way to see your mistakes, improve learning, and get better grades.
