New A-Level Physics for OCR A: Year 1 & AS Student Book with Online Edition
Oxford University Press - Children
A Level Physics a for OCR Year 2 Student Book
Ocr a Year 1 & 2 Complete Revision & Practice with Online Edition Cambridge University Press
A new resource for the 2008 OCR specification providing supportive features and increased flexibility in teaching OCR A

Level Science. The trusted choice for the 2008 OCR Specification. Physics 1 clearly explains concepts and is supported by a CD-ROM in the back of the books that provides extra information and links to a free website full of e-learning activities. The book comes with an interactive PDF CD-ROM that provides extra information for rapid advancement for pupils requiring it, without creating a heavy and intimidating book. The CD-ROM links to a free website full of e-learning activities, promoting independent and extension learning.

A Level Mathematics for OCR A

Student Book 1 (AS/Year 1) Oxford University Press - Children

A student resource that supports readers through the transition from GCSE to Further Education. It integrates 'How Science Works' throughout to help students understand the underlying principles of science. It includes worked examples and exam-style questions that demonstrate how to approach complex questions.

AQA Biology: A Level Coordination Group Publication

New and updated resources tailored to the 2015 Advancing Physics specification.

With new accessible format and features throughout, these resources retain the ethos of Advancing Physics while providing full support for the new linear qualification. This Student Book contains two year's worth of content and covers the full A Level qualification.

Oxford Revise: AQA GCSE Physics Revision and Exam Practice Coordination Group Publication

Based on principles of cognitive science, this three-step approach to effective revision combines knowledge, retrieval and interleaving, and extensive exam-style practice to help students master knowledge and skills for GCSE success. UK schools save 50% off the RRP! Discount will be automatically applied when you order on your school account.

Cambridge University Press
Please note this title is suitable for any student studying: Exam Board: OCR Level: A Level Year 1 and AS Subject: Physics
First teaching: September 2015 First exams: June 2016 Written by curriculum and specification experts, this Student Book supports and extends students throughout their course whilst delivering the breadth, depth, and skills needed to

succeed at A Level and beyond.

Physics 2 REVISE OCR GCE Science 2015 Cambridge International AS and A Level Physics Revision Guide matches the requirements of the Cambridge AS and A Level Physics syllabus.

New A-Level Physics for 2018: OCR A Year 1 & 2 Exam Practice Nelson Thornes

Written by curriculum and specification experts in partnership with OCR, this Student Book supports and extends students through the new course while delivering the breadth, depth, and skills needed to succeed in the new AS and beyond. It develops true subject knowledge while also developing essential exam skills. This Student Book covers the second year of content required for the new OCR Physics A specification.

A-Level Physics for OCR A Pearson Education Ltd

This extensively revised 4th edition of an established physics text offers coverage of the recent developments at A/AS-Level, with each topic explained in straightforward terms, starting at an appropriate Level (7/8) of the National Curriculum

Exam Board: OCR A : Complete Revision & Practice Cambridge University Press

Please note this title is suitable for any student studying: Exam Board: OCR Level: A Level Subject: Physics First teaching: September 2015 First exams: June 2017 Written by curriculum and specification experts, this Student Book supports and extends students through the new linear course whilst delivering the breadth, depth, and skills needed to succeed in the new A Levels and beyond.

OCR A Level Physics A Heinemann Secondary

This book has been written for modules 5 and 6 (the second year) of the OCR A Level Physics A (H556) course by University of Cambridge student Joe Harris. It groups information into detailed sets of bullet points - rather than big paragraphs - making it simple to revise and learn from, and has been written to match the specification.
