Much later, as he sat with his back against an inside wall of a Motel 6 just north of Phoenix, watching the pool of blood lap toward him, Driver would wonder whether he had made a terrible

mistake. Later still, of course, there'd be no doubt. But for now

Driver is, as they say, in the moment. And the moment includes this blood lapping toward him...

This book deals with the genocide in Rwanda by analysing 10 Rwandan-authored novels that reveal a lot about memory

processes in post-genocide Rwanda. The author argues that the freedom the novelists enjoy to create their own Rwanda enable them to explore the most controversial aspects of the relationships amongst the Hutu and the Tutsi.

“Like man, woman is a human being.” When *The Second Sex* was first published in Paris in 1949—groundbreaking, risqué, brilliantly written and strikingly modern—it provoked both outrage and inspiration. *The Independent Woman* contains three key chapters of Beauvoir’s masterwork, which illuminate the feminine condition and identify practical social reforms

for gender equality. It captures the essence of the spirited manifesto that switched on light bulbs in the heads of a generation of women and continues to exert profound influence on feminists today.

This historically significant novel of love and betrayal led to a renewed interest in preserving the grand architecture of Paris. Victor Hugo’s *The Hunchback of Notre Dame* was written in 1831, at a time when the Notre Dame Cathedral in Paris was falling into disrepair. This epic novel helped spark a preservationist movement that led to the cathedral being restored to its full glory. Set in 1482, the

story tells of how four men—the hunchbacked bell-ringer, Quasimodo; the archdeacon of Notre Dame, Claude Frollo; the dashing soldier Phoebus de Chateaupers; and the poet Pierre Gringoire—vie for the love of Esmeralda, a young Romani woman. As the story unfolds, readers come to realize that the focus of the story is not only on the human characters but on the grand cathedral itself.
