Arctic Wolves National Geographic Books

Surround yourself in Everything Spring. Stunning photography and detailed imagery capture the uplifting spirit of our favorite season in this counterpart to the National Geographic bestseller *A Tree for All Seasons*. We think of spring and we feel warmer, sunny days, we smell the freshness of nature's flowers blooming again, and we picture little chicks and furry bunnies. These adorable baby animals are fun to look at and they represent the spirit of renewal and life that is spring. Every young creature finally ventures outside to play as the dreary days of winter fade away and color surround us all. Spring is about being outdoors enjoying all that our wonderful planet has to offer--it's about living life to the fullest. In Jill Esbaum's beautifully photographed picture book, young children can see, hear, and feel the warmth of springtime by reading and learning all about chicks, bunnies, and the other baby animals that come out to play in springtime.

Baby Koalas Adorable Animals

Cuddly-looking koalas are very appealing, but today koalas are an endangered species. Once hunted for their fur and now deprived of their food supply as forests are cut down for development, koalas are being raised in special parks where they can live in safety. Researched and photographed on location in Australia, *Koala* includes forty adorable, full-color photographs of these captivating marsupials playing, feeding, resting, and climbing, in captivity and in the wild.

Explore My World Rain Forests National Geographic Children's Books
Drip, drop. Rain falls softly on the forest canopy. You peer into the mist. What wild creatures emerge? In this charming picture book, curious kids will learn all about the majesty of the rain forest, from jungle predators to colorful treetop birds to plants that thrive in this lush landscape.
