Americans in Vietnam, 1945-1975, an Oral History Routledge

In 2011, Tina Renton finally saw the man who had abused her for years put behind bars. That man was her stepfather, David Moore, a predatory paedophile who used every trick in the book to wheedle his way into the home Tina shared with her mother and brother. From the age of six until she was fifteen, Tina was subjected to David Moore's warped brutality. As a teenager she told her mother and teacher that she was being abused but, incredibly, no action was taken. Traumatized and with nowhere to turn, she drew on her inner strength, knowing that she would someday get justice. In fact she waited until adulthood to see justice done. In spite of having had virtually no education, she was accepted by Essex University and graduated with a 2:1 in Law in 2009. While studying she realised that although the abuse had happened many years earlier, she did stand a chance of finally bringing her stepfather to court. She finally told her story to police in 2009 and, two years later, she saw Moore sentenced to 14 years for rape and sexual abuse. Her brave and shocking story paints a vivid picture of the desperation and stress Tina felt, and how that stress manifested itself as a deep distrust of men. But it also throws a spotlight on how children are failed by adults when they need them most. Overall, her powerful story is an inspiration to anyone who

has ever wanted to see justice done.

Based on themes such as status and welfare, *Old Age from Antiquity to Post-Modernity* examines the role of the elderly in history. This empirical study represents a substantial contribution to both the historical understanding of old age in past societies as well as the discussion of the contribution of post-modernism to historical scholarship.

In 1998, Andrew Carroll founded the Legacy Project, with the goal of remembering Americans who have served their nation and preserving their letters for posterity. Since then, over 50,000 letters have poured in from around the country. Nearly two hundred of them comprise this amazing collection -- including never-before-published letters that appear in the new afterword. Here are letters from the Civil War, World War I, World War II, Korea, the Cold War, Vietnam, the Persian Gulf war, Somalia, and Bosnia -- dramatic eyewitness accounts from the front lines, poignant expressions of love for family and country, insightful reflections on the nature of warfare. Amid the voices of common soldiers, marines, airmen, sailors, nurses, journalists, spies, and chaplains are letters by such legendary figures as Gen. William T. Sherman, Clara Barton, Theodore Roosevelt, Ernie Pyle, Gen. Douglas MacArthur, Julia Child, Gen. Norman Schwarzkopf, and Gen. Benjamin O. Davis Sr. Collected in *War Letters*, they are an astonishing historical record, a powerful tribute to

those who fought, and a celebration of the enduring power of letters.

"Through the lens of the city of Suzhou, this edited volume presents views on the complex interaction between the central state, market agents, local governments and individuals who have shaped the development of Chinese cities and urban life. Featuring a range of disciplinary perspectives, contributors to this volume have all undertaken research in one municipality - Suzhou- to consider how history and culture has evolved during the modernisation of Chinese cities and the transformation of urban space, as well as shifting rural-urban relations and urban life during the reform era. The volume is underscored by a complex dynamic system consisting of three-interlocked mechanisms through which the central and local state interact: history and culture, social and economic life, and administration and governance. As such, chapters analyse responses both from the state and society as driving forces of local development, with an interplay between tradition and heritage on the one hand and China's economic and social development on the other. Suzhou in Transition will appeal to students and scholars of Chinese and urban studies, as well as urban sociology and geography"--

"In this stunningly written book, a Western trained Muslim doctor brings alive what it means for a woman to live in the Saudi Kingdom. I've rarely experienced so vividly the shunning and shaming, racism and anti-Semitism, but the surprise is how Dr. Ahmed also finds tenderness at the tattered edges of extremism, and a life-changing pilgrimage back to her Muslim faith." - Gail Sheehy The decisions that change your life are often the most impulsive ones. Unexpectedly denied a visa to remain in the United States, Qanta Ahmed, a young British Muslim doctor, becomes an outcast in motion. On a whim, she accepts an exciting position in Saudi Arabia. This is not just a new job; this is a chance at adventure in an exotic land she thinks she understands, a place she hopes she will belong. What she discovers is vastly different. The Kingdom is a world apart, a land of unparalleled contrast. She finds rejection and scorn in the places she believed would most embrace her, but also humor, honesty, loyalty and love. And for Qanta, more than anything, it is a land of opportunity. A place where she discovers what it takes for one woman to recreate herself in the land of invisible women.

His signature jaw line and charismatic characters made him an American symbol. His films, including *Bringing Up Baby*, *The Philadelphia Story*, and *North by Northwest*, were timeless classics. However, Grant was also married five times and sustained a tortured, obsessive relationship with money. In this beautifully illustrated and comprehensive book, Geoffrey Wansell traces the threads of both light and darkness in one of Hollywood's greatest stars. As his friend and co-star Deborah Kerr wrote, he was "one of the most outstanding personalities in the history of the cinema."

Thank you for reading our PRINCE2 Foundation Training Manual. The main objective of this book is to provide an easy-to-read and easy-to-understand PRINCE2(R) Foundation training manual. The official PRINCE2 manual, "Managing Successful Projects with PRINCE2," is an excellent reference manual, but it is not a training manual and should not be used as one, as it is very difficult to comprehend and understand if you are new to project management. The official PRINCE2 manual also covers the complete Practitioner Syllabus, and it's impossible to know which parts are just focused on the PRINCE2 Foundation syllabus, so you have to read everything, which is not good if you are just studying for the foundation exam. Henceforth, this book is meant to be (and is) an easy introduction to PRINCE2 based on the Foundation syllabus, and it's quickly becoming the

most read book for people wishing to learn about PRINCE2 and prepare for the foundation exam. [Investigative Interviewing Handbook](#) Harper Collins

PICTORIAL ST. LOUIS: The Great Metropolis of the Mississippi Valley A Topographical Survey, Drawn From Perspective 1875. Illustrations by Camille N. Dry and designed & edited by Rich. J.

Compton. Over 220 pages of illustrations and descriptions of life in St. Louis in the late 1800's. The preliminary drawings for this work were made early in the spring of 1874. After a careful consideration of the subject, it was determined to locate the point of view so that the city would be seen from the southeast, believing that to be the most advantageous in all respects. Accordingly, the point of site was established on the Illinois side of the river, looking to the northwest, and at sufficient altitude to overlook the roofs of ordinary houses into the streets. A careful perspective, which required a surface of three hundred square feet, was then erected from a correct survey of the city, extending northward from Arsenal Island to the Water Works, a distance of about ten miles, on the river front; and from the Insane Asylum on the southwest to the Cemeteries on the northwest. Every foot of the vast territory within these limits has been carefully examined and topographically drawn in perspective, by Mr. C. N. Dry and his assistants, and the faithfulness and accuracy with which this work has been done an examination of the pages will attest. Absolute truth and accuracy in the representation of the territory has been the standard and in no cases have additions or alterations been made unless the same were actually in course of construction. In a few cases, important public and private edifices that are not yet finished are shown completed, and as they will appear when done. All the buildings within the limits of the survey in July, 1875, are shown; and a very large number of those executed or commenced since that date have been also introduced, the pages having been constantly corrected up to the last possible moment before publication.

Criss-crossing the country she introduces us to long-forgotten traditions and colourful local festivals as she meets up with extraordinary characters and friends old and new.
