This chapter will explore the literature that is relevant to understanding the development of, and interpreting the results of this convergent study. The first two parts of this review of the literature will describe two types of research: research on teaching and research on teachers' conceptions. CHAPTER 2: Literature Review 2.1 Overview of information Because a literature review is a summary and analysis of the relevant publications on a topic, we first have to understand what is meant by 'the literature'. In this case, 'the literature' is a

collection of all of the relevant written sources on a topic. It will include both theoretical and empirical works.
