The perfect gift for fans of HBO's Game of Thrones—a boxed set featuring the first

four novels! George R. R. Martin's A Song of Ice and Fire series has become, in many ways, the gold standard for modern epic fantasy. Martin—dubbed the "American Tolkien" by Time magazine—has created a world that is as rich and vital as any piece of historical fiction, set in an age of knights and chivalry and filled with a plethora of fascinating, multidimensional characters that you love, hate to love, or love to hate as they struggle for control of a divided kingdom. This bundle includes the following novels: A GAME OF THRONES A CLASH OF KINGS A STORM OF SWORDS A FEAST FOR CROWS [A Game of Thrones 4-Book Bundle](#) Anchor "Masterfully written and pitch perfect, Black Girls Must Be Magic is, simply, magic."—Good Morning America In this highly anticipated second installment in the Black Girls Must Die Exhausted series,

Tabitha Walker copes with more of life's challenges and a happy surprise—a baby—with a little help and lots of love from friends old and new. For Tabitha Walker, her grandmother's old adage, "Black girls must die exhausted" is becoming all too true. Discovering she's pregnant—after she was told she may not be able to have biological children—Tabitha throws herself headfirst into the world of "single mothers by choice." Between her job, doctor's appointments, and preparing for the baby, she's worn out. And that's before her boss at the local news station starts getting complaints from viewers about Tabitha's natural hair. When an unexpected turn of events draws Marc—her on and off-again ex-boyfriend—back into her world with surprising demands, and the situation at work begins to threaten her livelihood and

her identity, Tabitha must make some tough decisions about her and her baby's future. It takes a village to raise a child, and Tabitha turns to the women who have always been there for her. Bolstered by the fierce support of Ms. Gretchen, her grandmother's best friend, the counsel of her closest friends Laila and Alexis, and the calming presence of her doula Andouele, Tabitha must find a way to navigate motherhood on her own terms. Will she harness the bravery, strength, and self-love she'll need to keep "the village" together, find her voice at work, and settle things with Marc before the baby arrives?

Lifelode is the Mythopoeic Award Winning novel from Hugo, Nebula and World Fantasy Award winning author Jo Walton. It was published in hardcover in 2009 by NESFA Press and is now available for the first time as an ebook. At its heart, Lifelode is the story of a comfortable manor house family. The four adults of the household are happily polygamous, each fulfilling their 'lifelode' or life's purpose: Ferrand is the lord of the manor, his sweetmate Taveth runs the household, his wife Chayra makes ceramics, and Taveth's husband Ranal works the farm. Their children are a joyful bunch, running around in the sunshine days of the harvest and wondering what their own lifelodes will be. Their lives changed with the arrival of two visitors to Applekirk: Jankin the scholar and Hanethe, Ferrand's great

grandmother and the former lord of the manor, who has been living for many generations in the East, a place where the gods walk and yeya (magic) is so powerful that those who wield it are not quite human.

A GAME OF THRONES How would you like to read *A Game of Thrones* with a PhD by your side? Steven Attewell, creator of *Race for the Iron Throne* (racefortheironthrone.wordpress.com), is one of the most insightful scholars in political theory and history, but instead of devoting his talents to academia, he's delving into George R.R. Martin's *A Song of Ice and Fire* saga to give the most comprehensive deconstruction - and explanation - yet offered. Each one of *Thrones*'s 73 chapters is broken down in meticulous detail in four key areas. The Political and Historical Analyses explore the political ramifications that each

character's decisions entail while digging into the real-world historical incidents that inspired Martin's narrative twists and turns. *What If?* offers up a tantalizing look at how these political and historical elements could have played out in dozens of alternative scenarios, underscoring the majesty and complexity of Martin's storytelling. And *Book vs. Show* looks at the key differences - both good and bad - between the story as originally conceived on the printed page and as realized in HBO's *Game of Thrones*. At nearly 204,000 words, it's almost literally impossible to imagine a more exhaustive or authoritative reading companion for any novel ever before published. Note: there are spoilers for all five published novels in the *Song of Ice and Fire* series. About the author Steven Attewell is the author of *Race for the Iron Throne*, a blog that examines the history and politics of the *Song of Ice and Fire* series and HBO's *Game of Thrones*. He has a PhD in History from the University of California, Santa Barbara, where he studied the history of public policy and was a political and union activist. In addition to *Race for the Iron Throne*, Steven is also a co-podcaster on *Game of Thrones at the Lawyers, Guns, and Money* podcast, writes about public policy at the *Realignment Project*, and is a co-author of the *Tower of the Hand: A Hymn for Spring* anthology book.

Over vast expanses of time, fire and humanity have interacted to expand the domain of each, transforming the earth and what it means to be human. In this concise yet wide-ranging book, Stephen J. Pyne—named by *Science* magazine as "the world's leading authority on the history of fire"—explores the surprising dynamics of fire before humans, fire and human origins, aboriginal economies of hunting and foraging, agricultural and pastoral uses of fire, fire ceremonies, fire as an idea and a technology, and industrial fire. In this revised and expanded edition, Pyne looks to the future of fire as a constant, defining presence on Earth. A new chapter explores the importance of

fire in the twenty-first century, with special attention to its role in the Anthropocene, the Pyrocene.
