Complete with some of the latest and most spectacular images in full color from the Hubble Space Telescope superb "Heritage" collection, this intriguing book will show that Edgar Cayce, the "sleeping prophet," was tapping into the vast akashic records of the universe and the incredible cosmic

consciousness that lies behind creation at its grandest.

There Is a River Penguin

The Akashic Records--or Book of Life--is the storehouse of all information for every individual who has ever lived upon the earth, containing every word, deed, feeling, thought, and intent that has ever occurred. This major work is about how each of us is very much in charge of shaping our own destiny. ... [P]rovides examples of how each of us can tap into our own past lives, our present experiences, and our unfolding futures to shape our own destiny.--Publisher's description.

Overview of the Edgar Cayce Material ARE Press

Edgar Cayce, widely acclaimed clairvoyant and forerunner of the holistic health movement, is revealed here as a pivotal figure in the transition from the esoteric and metaphysical movements of

the late nineteenth century to the New Age movement. This book describes and evaluates his psychic "readings," more than 14,000 trance discourses that address medical, theological, historical, and psychological concerns raised by thousands of inquirers. The author evaluates evidence for and against Cayce's reliability in the subject areas emphasized by the readings. Cayce's medical and psychological advice is shown to be well ahead of his time in many respects, and his spiritual teachings are appraised as a reconciliation of Protestant mysticism with New Thought and Theosophy. Although the medical readings provide intriguing evidence for Cayce's ESP, his clairvoyant time travel illustrates the fallibility of information derived through hypnotic trance. The author contends that the contents of the readings reflect the knowledge and interests of their recipients as much as Cayce's personal opinions and beliefs. This is the first book to focus solely on appraising the entire body of the Cayce readings from a scholarly perspective.

Edgar Cayce's Story of the Soul ARE Press

Where did we come from? Why are we here on Earth? What is our purpose? Lytle Robinson gives us a comprehensive interpretation of the fascinating story of our history and future here on earth, as given by the Edgar Cayce readings. The Edgar Cayce readings address the many questions whose answers have eluded us all in our quest for the truth about where we come from and where we are going. What is the story of our creation? Who were the "sons of gods" and the "daughters of men"? How does mythology fit in with our history? What is our purpose and destiny in the earth? This is a captivating account you will not be able to put down, or soon forget.

Life is a completely lawful experience because of the universal laws of reincarnation and karma that draw individuals together. Rather than being some type of unavoidable destiny or a fate about which we can do very little, the Edgar Cayce material instead sees karma as essentially an unconscious reservoir of information stored within the soul's memory. Although this memory may draw certain events and individuals to one another, personal free will and the way in which an individual responds to that memory determines her or his actual life experiences. Drawing upon contemporary family relationships, as well as family relationships for individuals who received guidance from Edgar Cayce, this insightful volume examines the activities of reincarnation and karma, especially as they play out in the dynamics of family relationships. All individuals are brought together within their respective families as a means of learning specific lessons and having opportunities for personal soul growth. In addition to examining the universal laws of reincarnation and karma, this book illustrates the lawfulness of life, the exacting nature of individual responsibility, and the ever-present hopefulness of personal free will. In the end, Edgar Cayce on Reincarnation and Family Karma makes an enormous contribution to demonstrating that life is a completely lawful experience, that individuals can overcome whatever "karmic lessons" they seem to be faced with, that free will is completely free, and that God is truly as fair and as loving as we have always wished for our Creator to be.

Master's Thesis from the year 2012 in the subject Theology - Miscellaneous, grade: A, , course: Master of Metaphysical Science - Reincarnation, language: English, abstract: There are many discussions and opinions on the topic of Reincarnation and its link to the Akashic records. First, this paper will examine myths as well as stated proof of reincarnation, as well as the proof of the existence of the Akashic Records or the abilities of people being able to access the Akashic records. Another goal of the paper is to show individuals as well as some religions including Christianity, that it is possible to find out for themselves that there is such as life after death, and how we as individuals can access information from higher realms. When this information is accessed it allows us to find evidence for ourselves that reincarnation happens to the soul, and that there is life after death. The paper then analyzes the myths and proofs of such existence of life after death and in the next section will discuss the Akashic records and the fact that they do exist and are accessible to each individual on the planet. This section will also bring together Reincarnation and the Akashic Records, revealing how past lives can be healed so that we may finally reach ascension. The last section of this paper will share why we must go beyond religion, which limits our understanding. We must understand that when we find truth we find God, by going within ourselves. We can then see how the human mind with all its limitations keep us from the wide and broad Mind of God. When

we truly realize we are both physical and spiritual beings with a body that will eventually die and a soul that will live forever because it is a part of God, we can begin to understand the truths of Reincarnation and its link to the Akashic records. Because of the fact that we are physical and spiritual beings, we have two sets of senses. There are the five senses which connect us to this world; these include taste, touch, smell, hearing and touch. There are other senses which connect us to the spiritual world, including intuition, dreams, visions and our psychic abilities.

A complete guide to the work of the remarkable twentieth-century seer Edgar Cayce, featuring Cayce's most intriguing and influential readings, and a biographical introduction to his life. Edgar Cayce is one of the most mysterious men of the twentieth century. Sometimes called "The Sleeping Prophet," he was prone to pick up taglines that reflected the sensationalistic side of his work rather than its real depth and meaning. The core of his life's work was actually being an intuitive healer and Christian mystic. More than one hundred books have been written about his teachings and his life story. Yet no book has combined insightful commentary with lengthy, verbatim selections of the full range of his contribution to holistic healing, practical spirituality, and the psychology of the soul. The Essential Edgar Cayce gives the reader an understanding of each major area in which Cayce helped pioneer the modern holistic living movement, as well as

the contemporary popular approach to spirituality that weaves together the best of Eastern and Western religious traditions. The book's substantial introduction frames Cayce and his life's work, and is followed by eight topical sections in which commentaries by Mark Thurston guide the reader through some of the seer's most significant readings. Here is a truly integral portrait of the life and work of one of the twentieth century's most fascinating spiritual figures.

Is there really such a thing as soul mates? According to Edgar Cayce, yes. But his definition of "soul mates," "twin souls," and "perfect partners" may differ from what you're expecting. For decades, Cayce provided thousands of individuals with insights

into the nature of their personal relationships, the dynamics of soul attraction, and the universal laws at work that draw individuals together. What is unique about Todeschi's book is that it explores the development of relationships over time, played out within the framework of reincarnation. In addition to discussing soul mate relationships, their connection to the cyclic pattern of reincarnation, and the nature of loneliness, this book looks at the fundamentals of soul attraction and provides contemporary examples of the same principles discussed by Cayce.

What if God were completely loving, the universe completely orderly, and everything that transpired in life a purposeful experience chosen at some level by the soul for spiritual growth and soul development? Such is the premise of Edgar Cayce on *Mastering Your Spiritual Growth*. Drawing upon contemporary examples as well as historical case studies of individuals who received psychic guidance from Edgar Cayce, this insightful volume examines the activities of soul growth and the process of personal transformation that will ultimately enable all individuals to transform themselves as well as society and the world at large. For countless ages, people have asked Who am I? Why am I here? And does my life have a purpose? The answers to these questions were explored by thousands of individuals who came to famed psychic Edgar Cayce, and they are answers that are just as applicable today. The Cayce information contends that it is the

inevitable destiny of every soul is to become cognizant of its true relationship to the Creator, eventually achieving spiritual enlightenment in the process. The ultimate truth is that we are spiritual beings having a physical experience living purposeful lives in a process of soul growth. The keys to that process are working with a personal spiritual intent or ideal, discovering our own approach to personal attunement, and repeatedly working with personal application.

Just who are guardian angels, archangels, and divine messengers? Even the words can produce comfort, reassurance,

and hope, for they suggest the presence of celestial beings who are concerned for our welfare and are somehow involved in our lives and activities here on earth. Are these emissaries of light spiritual beings that come directly from God? Are they somehow responsible for bringing us information and guidance? If they truly exist, as suggested by the Cayce readings, then what role do they play in our lives, and how can we enhance that role? All of these questions and more are answered in this latest title by bestselling author Kevin J. Todeschi.
