## KYLER FINLEY

**O Jerusalem!** Cambridge University Press

'One of the most powerful books in the social sciences ever written. ... A must-read' Thomas Piketty  
 'The twentieth century's most prophetic critic of capitalism' Prospect  
 Karl Polanyi's landmark 1944 work is one of the earliest and most powerful critiques of unregulated markets. Tracing the history of capitalism from the great transformation of the industrial revolution onwards, he shows that there has been nothing 'natural' about the market state. Instead of reducing human relations and our environment to mere commodities, the economy must always be embedded in civil society. Describing the 'avalanche of social dislocation' of his time, Polanyi's hugely influential work is a passionate call to protect our common humanity. 'Polanyi's vision for an alternative economy re-embedded in politics and social relations offers a refreshing alternative' Guardian  
 'Polanyi exposes the myth of the free market' Joseph Stiglitz  
 With a new introduction by Gareth Dale  
*One Hundred Years of Solitude* Penguin Classics

This "vast and intriguing novel" explores the life of an Irish nationalist who exposed Britain's colonial crimes—by the Nobel Prize-winning author (Guardian, UK). In 1916, the Irish nationalist Roger Casement was hanged by the British government for treason. Casement had dedicated his extraordinary life to improving the plight of oppressed peoples around the world—especially the native populations in the Belgian Congo and the Amazon. But when he dared to draw a parallel between the injustices he witnessed in African and American colonies and those committed by the British in Northern Ireland, he became involved in a cause that led to his imprisonment and execution. When Casement's homosexuality was revealed by his prosecutors—who drew excerpts from his personal "black diary"—the resulting scandal tainted his image to such a degree that his pioneering human rights work was nearly forgotten to history. In *The Dream of the Celt*, Mario Vargas Llosa—one of Latin America's most vibrant, provocative, and necessary literary voices—brings this complex character to life as no other writer can. A masterful work, sharply translated by Edith Grossman, *The Dream of the Celt* tackles a controversial man whose story has long been neglected, and, in so doing, pushes at the boundaries of the historical novel.

*The Dream of the Celt* Penguin

In *Amador*, Fernando Savater writes in the form of a letter to his teenage son about ethics, morals and freedom in today's society.

*Mío Cid Campeador, hazaña* Macmillan

Written by the Mercedarian friar Martín de Murúa, the *Historia general del Piru* (1616) is one of only three extant illustrated manuscripts on the history of Inca and early colonial Peru. This immensely important Andean manuscript is here made available in facsimile, its beautifully calligraphed text reproduced in halftone and its thirty-eight hand-colored images—mostly portraits of Inca kings and queens—in color.

*Fundamentals of Christian Education* Bloomsbury Publishing

In this acclaimed international bestseller, Claudio Magris tracks the Danube River, setting his finger on the pulse of Central Europe, the crucible of a culture that draws on influences of East and West, Christianity and Islam. In each town he raises the ghosts that inhabit the houses and monuments, from Ovid and Marcus Aurelius to Kafka and Canetti, in "a fascinating blend of anecdote and history" (San Francisco Examiner).

*TNT: The Power Within You* Blackstone Publishing

Haunted all her life by feelings of terror and emptiness, forty-nine-year-old Urania Cabral returns to her native Dominican Republic - and finds herself reliving the events of 1961, when the capital was still called Trujillo City and one old man terrorized a nation of three million. Rafael Trujillo, the

depraved ailing dictator whom Dominicans call the Goat, controls his inner circle with a combination of violence and blackmail. In Trujillo's gaudy palace, treachery and cowardice have become a way of life. But Trujillo's grasp is slipping. There is a conspiracy against him, and a Machiavellian revolution already underway that will have bloody consequences of its own. In this 'masterpiece of Latin American and world literature, and one of the finest political novels ever written' (Bookforum), Mario Vargas Llosa recounts the end of a regime and the birth of a terrible democracy, giving voice to the historical Trujillo and the victims, both innocent and complicit, drawn into his deadly orbit.

**Pep Guardiola: The Evolution** Peter Lang Incorporated, International Academic Publishers  
 The work of the French sociologist Pierre Bourdieu has emerged, over the last two decades, as one of the most substantial and innovative bodies of theory and research in contemporary social science. *The Craft of Sociology*, both a textbook and an original contribution to epistemology in social science, focuses on a basic problem of sociological research: the necessity of an epistemological break with the preconstructed objects social practice offers to the researcher. Pierre Bourdieu and his co-authors argue in the epistemological tradition of scholars like Bachelard, Canguilhem, Koyre, a tradition that identifies the construction of the object as being the fundamental scientific act. Their way of discussing the issue makes it accessible not only to academics and experts of epistemology, but also to advanced students of social science, using for illustration a wide range of texts from the various social sciences as well as from philosophy of science. The book includes an interview with Pierre Bourdieu and an introduction by the editor to his sociological methodology.

*Moonwalking with Einstein* Guiding Beam

The international bestseller, longlisted for the Dublin Literary Award 2021. Fernando Aramburu's *Homeland* is an epic and heartbreaking story of two best friends whose families are divided by the conflicting loyalties of terrorism. 'It's been a long time since I've read a book that was so persuasive and moving' - Mario Vargas Llosa, author of *Time of the Hero*. The Basque Country, Spain, 2011. Miren and Bittori have lived side by side in a small Basque town all their lives. Their husbands play cards together, their children play and eventually go out drinking together. The terrorist threat posed by ETA seems to affect them little. When Bittori's husband starts receiving threatening letters - demanding money, accusing him of being a police informant - she turns to her friend for help. But Miren's loyalties are torn: her son has just been recruited as a terrorist and to denounce them would be to condemn her own flesh and blood. Tensions rise, relationships fracture, and events move towards a tragic conclusion . . . 'Is Aramburu the Tolstoy of the Basque country, author of a Spanish language War and Peace?' - Guardian

*Historia General del Piru* Houghton Mifflin Harcourt

On 19 August 1936 Hercules the boxer stands on the quayside at Coruña and watches Fascist soldiers piling up books and setting them alight. With this moment a young carefree group of friends are transformed into a broken generation. Out of this incident during the early months of Spain's tragic civil war, Manuel Rivas weaves a colourful tapestry of stories and unforgettable characters to create a panorama of twentieth-century Spanish history. For it is not only the lives of Hercules the boxer and his friends that are tainted by the unending conflict, but also those of a young washerwoman who sees souls in the clouded river water and the stammering son of a judge who uncovers his father's hidden library. As the singed pages fly away on the breeze, their stories live on in the minds of their readers.

*Life in the Argentine Republic in the Days of the Tyrants* Penguin

Strategy is about identifying why your business matters, not just analysing the competition. Cynthia Montgomery reveals how leaders can embrace the crucial role of *The Strategist* to really define and drive the objectives and advantages to power their companies forward.

**Napoleon the Little** Colchis Books

The #1 New York Times bestseller, USA Today Book of the Year and now a major motion picture starring Emily Blunt. Rachel takes the same commuter train every morning and night. Every day she rattles down the track, flashes past a stretch of cozy suburban homes and stops at the signal that allows her to daily watch the same couple having breakfast on their deck. She's even started to feel like she knows them. Jess and Jason, she calls them. Their life—as she sees it—is perfect. Not unlike the life she recently lost. And then she sees something shocking. It's only a minute until the train moves on, but it's enough. Now everything's changed. Unable to keep it to herself, Rachel goes to the police. But is she really as unreliable as they say? Soon she is deeply entangled not only in the investigation but in the lives of everyone involved. Has she done more harm than good?

"Braudel's Mediterranean is a tour de force, one of the classics of this century's historical writing."—Charles Tilly, author of *As Sociology Meets History*

[The Strategist: Be the Leader Your Business Needs](#) Vintage

Netflix's series adaptation of *One Hundred Years of Solitude* premieres December 11, 2024! One of the twentieth century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. Rich and brilliant, it is a chronicle of life, death, and the tragicomedy of humankind. In the beautiful, ridiculous, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility, the variety of life, the endlessness of death, the search for peace and truth—these universal themes dominate the novel. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an account of the history of the human race.

[The Feast of the Goat](#) Pan Macmillan

From Simon & Schuster, *TNT: The Power Within You* is Claude Bristol and Harold Sherman's guide on how to release the forces inside you and get what you want! *TNT: The Power Within You* is Claude Bristol and Harold Sherman's revolutionary book that includes chapters on such topics as "that something" within you that can profoundly impact others and help you take advantage of your inherent powers.

[How Democracies Die](#) HarperCollins UK

The classic story and spellbinding events of the birth of Israel is now available in a mass market paperback.

[The Girl on the Train](#) بلومانيا للنشر والتوزيع

E. H. Gombrich's *Little History of the World*, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the *Little History* brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

[In the Closet of the Vatican](#) New York ; Toronto : J. Cape and H. Smith

A feel-good novel for fans of *A Man Called Ove* and *The Rosie Project*, about an eccentric, language-loving bachelor and the cat that opens his eyes to life's little pleasures *The Silver Linings Playbook* author Matthew Quick: "A delightfully absurd, life-affirming celebration. I literally stood up and cheered as I read the last page." When Samuel, a lonely linguistics lecturer, wakes up on New Year's Day, he is convinced that the year ahead will bring nothing more than passive verbs and un-italicized moments—until an unexpected visitor slips into his Barcelona apartment and refuses to leave. The appearance of Mishima, a stray, brindle-furred cat, becomes the catalyst that leads

Samuel from the comforts of his favorite books, foreign films, and classical music to places he's never been (next door) and to people he might never have met (a neighbor with whom he's never exchanged a word). Even better, the Catalan cat leads him back to the mysterious Gabriela, whom he thought he'd lost long before, and shows him, in this international bestseller for fans of *The Rosie Project*, *The Solitude of Prime Numbers*, and *A Man Called Ove*, that sometimes love is hiding in the smallest characters.

[The Spanish Labyrinth](#) Macmillan + ORM

At the height of his powers, Pablo Picasso was the artist as revolutionary, breaking through the niceties of form in order to mount a direct challenge to the values of his time. At the height of his fame, he was the artist as royalty: incalculably wealthy, universally idolized—and wholly isolated. In this stunning critical assessment, John Berger—one of this century's most insightful cultural historians—trains his penetrating gaze upon this most prodigious and enigmatic painter and on the Spanish landscape and very particular culture that shaped his life and work. Writing with a novelist's sensuous evocation of character and detail, and drawing on an erudition that embraces history, politics, and art, Berger follows Picasso from his childhood in Malaga to the Blue Period and Cubism, from the creation of *Guernica* to the pained etchings of his final years. He gives us the full measure of Picasso's triumphs and an unsparing reckoning of their cost—in exile, in loneliness, and in a desolation that drove him, in his last works, into an old man's furious and desperate frenzy at the beauty of what he could no longer create.

[The Sailor Who Fell from Grace with the Sea](#) Penguin

This book is the first that describes the practices of any stock exchange; it makes evident a high development of practices, with puts, calls, pools, and manipulations; and it appeared as early as the seventeenth century. Not inappropriately the stock exchange described is that of Amsterdam, a city which at the date of the volume's publication—1688—was still the leading financial center of the world. The book, to be sure, is hardly a systematic account of the institution; the author pursued moral, philosophical, and rhetorical objectives, and, while saying a lot that seems now to be of little value, manages somehow to leave unsaid a great deal that would be of interest for us. Nevertheless, it represents, even in its peculiar form, a really important source of information about the stock exchange, and indeed about the Dutch business world of that period.

[The Count of Monte Cristo](#) Hachette UK

NEW YORK TIMES BESTSELLER • "Comprehensive, enlightening, and terrifyingly timely."—The New York Times Book Review (Editors' Choice) WINNER OF THE GOLDSMITH BOOK PRIZE • SHORTLISTED FOR THE LIONEL GELBER PRIZE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Time • Foreign Affairs • WBUR • Paste Donald Trump's presidency has raised a question that many of us never thought we'd be asking: Is our democracy in danger? Harvard professors Steven Levitsky and Daniel Ziblatt have spent more than twenty years studying the breakdown of democracies in Europe and Latin America, and they believe the answer is yes. Democracy no longer ends with a bang—in a revolution or military coup—but with a whimper: the slow, steady weakening of critical institutions, such as the judiciary and the press, and the gradual erosion of long-standing political norms. The good news is that there are several exit ramps on the road to authoritarianism. The bad news is that, by electing Trump, we have already passed the first one. Drawing on decades of research and a wide range of historical and global examples, from 1930s Europe to contemporary Hungary, Turkey, and Venezuela, to the American South during Jim Crow, Levitsky and Ziblatt show how democracies die—and how ours can be saved. Praise for *How Democracies Die* "What we desperately need is a sober, dispassionate look at the current state of affairs. Steven Levitsky and Daniel Ziblatt, two of the most respected scholars in the field of democracy studies, offer just that."—The Washington Post "Where Levitsky and Ziblatt make their mark is in weaving together political science and historical analysis of both domestic and international democratic crises; in doing so, they expand the conversation beyond Trump and before him, to other countries and to the deep structure of American democracy and politics."—Ezra Klein, *Vox* "If you only read one book for the rest of the year, read *How Democracies Die*. . . . This is not a book for just Democrats or Republicans. It is a book for all Americans. It is nonpartisan. It is fact based. It is deeply rooted in history. . . . The best commentary on our politics, no contest."—Michael Morrell, former Acting Director of the Central Intelligence Agency (via Twitter) "A smart and deeply informed book about the ways in which democracy is being undermined in dozens of countries around the world, and in ways that are perfectly legal."—Fareed Zakaria, CNN
