Making Her Own Decisions is a memoir written to provide readers with a unique insight into prison relationships. J. LaMarr not only discusses the forbidden possibility of falling in love, but he also offers a testament that prison relationships can grow and evolve into meaningful and satisfying unions. In his book, J. LaMarr talks about the manipulation and deception involved in many of the relationships that he has been in throughout his incarceration, and also on becoming committed and dedicated towards making them work. He also offers advice to those who are considering becoming involved with anyone in such an unfortunate position. Above all, Making Her Own Decisions is a true testament that not all prison relationships fail.

James calls him Dad. I just call him evil. There are too many secrets behind these walls, but one of them has been revealed because now the cat's out of the bag. And with it comes secrets and anger long buried. No one hurt us and gets away with it. James and I would see to it that he paid for his sins. So would his little princess. She would feel every ounce of pain he ever inflicted on us. He broke the most important woman in our lives. And we would make him watch us break the one in his. Her life at Hawk Academy had just started, and we weren't finished playing. No! We'd only just begun. Author's Note: This is book TWO in a THREE book series. It is from Trent's POV. Each part of the series is told from a different viewpoint. Please be advised this series contains material not suitable for all readers. There are dark scenes which could be disturbing to some readers.

Beyond Blame Charity Seraphina Fields
Only God can bring a dead man back to life. On the outside, Cody Bates appeared as any other normal kid on the playground. But abuse, prescription drugs, and bullying had produced anything but a normal human being. Before long, his preteen drug addiction and young offender incarcerations transitioned into narcotic trafficking, gangs, murder, and life in a maximum-security prison. Organized crime, counter-surveillance, and violent stiff-arm tactics became Cody's way of life as he fought desperately for the things of this world—money, power, women, and drugs. To counter the crippling emptiness that consumed him day after day, he resorted to the only solution he

had: cocaine. As his health deteriorated and his addiction worsened, he fell deeper into psychosis where he encountered the demonic faces, whispers, and sirens no one but him could see and hear. The future appeared bleak as he fell deeper into the devil's hands. It seemed obvious to everyone that there was only one way this could all end. But there are things far worse than death for a man intent on destroying everything and everyone in his path.

"Passion, redemption, and a battered old suitcase full of secrets: the New York Times-bestselling author of *A Hundred Summers* returns with another engrossing tale of lost love and female ambition that crosses generations.

Manhattan, 1964. Vivian Schuyler, newly graduated from Bryn Mawr College, has recently defied the privilege of her storied old Fifth Avenue family to do the unthinkable for a budding Kennedy-era socialite: break into the *Mad Men* world of razor-stylish *Metropolitan* magazine.

But when she receives a bulky overseas parcel in the mail, the unexpected contents draw her inexorably back into her family's past, and the hushed-over crime passionnel of an aunt she never knew, whose existence has been wiped from the record of history. Berlin, 1914.

Violet Schuyler Grant endures her marriage to the philandering and decades-older scientist Dr. Walter Grant for one reason: for all his faults, he provides the necessary support to her liminal position as a young American female physicist in prewar Germany. The arrival of Dr. Grant's magnetic former student at the beginning of Europe's fateful summer interrupts this delicate detente. Lionel Richardson, a captain in

the British Army, challenges Violet to escape her husband's perverse hold, and as the world edges into war and Lionel's shocking true motives become evident, Violet is tempted to take the ultimate step to set herself free and seek a life of her own conviction with a man whose cause is as audacious as her own. As the iridescent and fractured Vivian digs deeper into her aunt's past and the mystery of her ultimate fate, Violet's story of determination and desire unfolds, shedding light on the darkness of her years abroad and teaching Vivian to reach forward with grace for the ambitious future--and the love--she wants most."--

Along the Lines of Youth Lulu.com
 Ill never forget the last words my fiancé said to me before I watched him die. You want me to end all of your problems, Amber? Ill end them all right now! He spat his words through clenched teeth, his jaw was locked. Kirks normally composed personality had disappeared, replaced with that of a hysterical man who was right in front of me. His wrath had quickly diminished what I knew of the easy-going man I was scheduled to marry in two months. He struggled and clawed against the air, moving toward our bedroom. The breath locked in my lungs when he reappeared clutching his fathers 9mm Smith & Wesson. His forehead was slick with sweat as he buried the muzzle into his right temple. A pang of futility pierced through me, blanching the color from my face. The pulsing terror was so acute I was virtually paralyzed. My mind struggled to defy this indefinable moment as Kirk wielded that gun. I was frantically holding onto his life by willpower alone, but my wits were sapped. Wrestling with reality, my vision distorted, watching my life played out like a movie on fast-forward, jumping from one random event to another. I wasnt in a real-life drama but a nightmare. How can this be happening?

Kirks legs quavered as he tried to stabilize himself. I could feel my throat begin to swell when he narrowed his eyes and tightly pursed his lips. I struggled to escape the rising panic that twisted within my newly pregnant belly and coursed up to my fingertips. His nostrils flared as his index finger curled around the trigger. Oh no. Please, God, no.

 One of the earliest troubadours, Marcabru was a remarkable artist and entertainer, and a figure of crucial importance to the development of the European courtly lyric. His blistering attacks on contemporary court society reveal an intellectual insider's view of the clash between clerical morality and the emerging secular ethics of love and courtesy. His fervent, often acerbic engagement with contemporary events also provides a unique southern perspective on political upheavals and crusading movements in twelfth-century Occitania and northern Spain. This new critical edition, the first for nearly 100 years, makes his complete corpus accessible to a wide readership, supplying translations, full critical apparatus, and copious textual notes, with a substantial glossary of Marcabru's

extraordinarily inventive vocabulary, which makes his songs an exceptional resource for students of the Occitan language. The introduction supplies historical information, discussion of the poet's language, and an analysis of the manuscript transmission. It also raises fresh issues of troubadour versification techniques in this formative period, and engages in a new way with the current debate about editorial methodology and medieval textual criticism. SIMON GAUNT is Professor of French language and Literature at King's College, London; RUTH HARVEY is Senior Lecturer in French at Royal Holloway University of London; LINDA PATERSON is Reader in French at the University of Warwick.

Theologians and religious figures often draw a distinction between religion of the “head” and religion of the “heart,” but few stop to ask what the terms “head” and “heart” actually denote.

Many assume that this distinction has a scriptural basis, and yet many Biblical authors used the word “heart” as a synonym for “mind.” In fact, there isn’t a strict separation of the two concepts until the modern period, as in Pascal’s famous claim that “the heart has its reasons that reason can not know.” Since then, many other philosophers and theologians have made a similar distinction. The fact that this distinction has been so persistent makes it an important area of study. *Head and Heart: Perspectives from Religion and Psychology* takes an inter-disciplinary approach, linking the thinking of theologians and philosophers with theory and research in present-day psychology. The tradition of using framing questions that have been developed in theology and philosophy can now be brought into dialogue with scientific approaches developed within cognitive psychology and neuroscience. Though these scientific approaches have not generally used the terms “head” and “heart,” they have arrived at a similar distinction in other ways. There is a notable convergence upon the realization that humans have two modes of cognition at their disposal that correspond to “head” and “heart.” The time is therefore ripe to bring the approaches of theology and science in to dialogue—an important dialogue that has been heretofore neglected. *Head and Heart* draws on the unique expertise in relating theology and psychology of the University of Cambridge’s Psychology and Religion Research Group (PRRG). In addition to providing historical and theoretical perspectives, the contributors to this volume will also address practical issues arising from the group’s applied work in deradicalisation and religious education. Contributors include Geoff Dumbreck,

Nicholas J. S. Gibson, Malcolm Guite, Liz Gulliford, Russell Re Manning, Glendon L. Moriarty, Sally Myers, Sara Savage, Carissa A. Sharp, Fraser Watts, Harris Wiseman, and Bonnie Poon Zahl.

Gazing Into The Void AuthorHouse

The committed relationship is the perfect vehicle for accessing life's greatest gifts. Deep pleasure, profound intimacy, personal fulfillment, and creative expression are some of the many gifts that the committed relationship is capable of providing. But for most couples these possibilities fail to materialize. Instead, partners silently slip into habits of interaction, which choke off their ability to access their immense potential. In *Going All The Way*, authors Brian and Marcia Gleason offer a model of relationship called the “Exceptional Marriage”. Safety and security are the trademarks of a passable marriage. The Gleason's suggest a better option. An exceptional marriage creates space for partners to come alive. Such a relationship involves a radical commitment to support each other's truth and greatness. In their broader vision of a committed relationship the Gleason's encourage and invite couples to claim their human potential through unlocking their full range of sincere and transformative emotions. In most marriages, these responses are hidden, avoiding precisely those areas where the greatest potential for growth and fulfillment exist. According to the Gleason's, a relationship is a living experience which allows couples to move between needs for security and connection and the human impulses toward adventure and creativity. By letting go of their “control patterns” partners can free up their capacity to laugh, cry, shout, tremble and soar together and individually.

Going All The Way is a sincere invitation for couples to claim their emotional birthright and to have a truly Exceptional Marriage.

Gender Hate Online addresses the dynamic nature of misogyny: how it travels, what technological and cultural affordances support or obstruct this and what impact reappropriated expressions of misogyny have in other cultures. It adds significantly to an emergent body of scholarship on this topic by bringing together a variety of theoretical approaches, while also including reflections on the past, present, and future of feminism and its interconnections with technologies and media. It also addresses the fact that most work on this area has been focused on the Global North, by including perspectives from Pakistan, India and Russia as well as intersectional and transcultural analyses. Finally, it addresses ways in which women fight back and reclaim online spaces, offering practical applications as well as critical analyses. This edited collection therefore addresses a substantial gap in scholarship by bringing together a body of work exclusively devoted to this topic. With perspectives from a variety of disciplines and geographic bases, the volume will be of major interest to scholars and students in the fields of gender, new media and hate speech.

Why does God feel so far away? Why is my worship so empty? Has God left me? David Bowden knows these questions firsthand, having wrestled for years with God's apparent absence and studying what the Bible says about it. In this new book, Bowden tackles the subject head-on, finding the key to understanding it in the Bible's depiction of a God who is infinitely far from us, free to move where he wants, but who chooses to come near in the person of Jesus. A resource of encouragement for those who struggle with feeling God's absence and a wake-up call to those who take God's presence for granted, *When God Isn't There* will forever change your understanding of why God sometimes seems to vanish and how he can be found again. Praise for the work of David Bowden "Awesome and inspiring."—Blake Mycoskie, Founder and Chief Shoe Giver at TOMS Shoes "David brings a fresh, engaging and highly impactful approach to Scripture. His passion for the Word is both contagious and inspirational." —Roy Peterson, President of American Bible Society
