A revolutionary new system for generating the next big marketing ideas and opportunities According to Philip Kotler, the widely acknowledged "father" of modern marketing, and Fernando Trias de Bes the marketing techniques pioneered in the 1960s and '70s have worked too well. Fierce competition among products with little or nothing to distinguish one from another, along with modern product positioning and targeted marketing techniques, have led to increasing market segmentation. If the trend continues, individual market segments soon will be too small to be profitable. In *Lateral Marketing*, Kotler and Trias de Bes unveil a revolutionary new model to help readers expand beyond vertical segmentation and generate fresh marketing ideas and opportunities. Philip Kotler (Chicago, IL) is the S. C. Johnson & Son Distinguished Professor of International Marketing at Northwestern University's Kellogg School of Management. Fernando

Trias de Bes (Barcelona, Spain) is the founder of Salvetti & Llombart whose clients include Pepsico, Sony, Hewlett-Packard, Nestlé, Credit Suisse, and other top corporations.

With the many models of worship available, choosing a style to worship God can be a bit overwhelming. Is it better to go with traditional or contemporary models? Christians may find themselves asking how early believers worshiped and whether they can provide insight into how we should praise God today. Rooted in historical models and patristic church studies, *Ancient-Future Worship* examines how early Christian worship models can be applied to the postmodern church. Pastors and church leaders, as well as younger evangelical and emerging church groups, will find this last book in the respected *Ancient-Future* series an invaluable resource for authentic worship.

Ten years of imprisonment have left Tariq bitter, but to save his brothers' lives, he'll submit to his endless personal hell, even if it means giving up his own hope for freedom. When Mira Dawson obtains the Firebrand opal, she's sure the rumors about its magical qualities must be fiction. Until, that is, she touches the stone and a dark and dangerous warrior appears in her living room, offering to pleasure her beyond her wildest dreams. Soon, fantasy becomes a temptation she can't deny. The only question left is...will the pleasure be worth the price? Because as Mira's been warned, nothing...not even fantasies...are free.
