Although many writers blend autobiography and fiction, few have been so forthright in admitting it as Gustave Flaubert. In reference to his legendary novel and protagonist, he wrote: "Madame Bovary, c'est moi." Madame Bovary has become an icon for casual readers and feminists alike, but, as Dacia Maraini argues, she is one of

the most problematic, though fascinating, female protagonists in modern literature. In this lively, learned, and very personal study, Maraini explores the profound and contradictory relationship between the writer Flaubert and the character his readers have grown to love. Maraini argues that in their desire to claim Emma Bovary as a standard-bearer of revolt, women have often overlooked the bitter, pitiless way in which Flaubert evokes Emma's insignificance and vulgarity. Searching for Emma guides the reader through Flaubert's novel and many of his letters,

seeking out the sources of his obsessive cruelty toward Emma. Maraini relates Flaubert's contempt for Emma to his relationship with his mistress, Louise Colet, to his general terror of women, and to his own self-loathing. It was entirely in spite of himself, Maraini writes, that Flaubert created the female Don Quixote so admired for her restlessness and determination. Searching for Emma offers a novelist's insight into the complex relationship between author and character, and into the deepest motivations of fiction.

Traditional studies of Roman art have sought to identify an indigenous style distinct from Greek art and in the process have neglected the large body of Roman work that creatively recycled Greek artworks. Now available in paperback, this fresh reassessment offers instead a cultural history of the functions of the visual arts, the messages that these images carried, and the values that they affirmed in late Republican Rome and the Empire. The analysis begins at the point at which the characteristic features of Roman art started to emerge, when the Romans were exposed to Hellenistic culture through their conquest of Greek lands in the third century B.C. As a result, the values and social and political structure of Roman society changed, as did the

functions and character of the images it generated. This volume, presented in very clear and accessible language, offers new and fascinating insights into the evolution of the forms and meanings of Roman art. "Zanker, one of the foremost ancient Roman art historians, has produced an excellent general study of Roman art and its reception. . . . This book would be ideal for students at all levels interested in Roman art, history, and culture."—Choice

The Guardian Duke Turtleback Books "Reader, where are you?", wondered, in the mid-1880s, Mikhail Saltykov-Shchedrin, one of the Russian writers that paid the most attention to the readership of his time. Saltykov-Shchedrin's call did not go unanswered. Over the past two centuries, various

disciplines – from the social sciences to psychology, literary criticism, semiotics, historiography and bibliography – alternately tried to outline the specific features of the Russian reader and investigate his function in the history of Russian literary civilization. The essays collected in this volume follow in the tradition but, at the same time, present new challenges to the development of the discipline. The contributors, coming from various countries and different cultures (Russia, the US, Italy, France, Britain), discuss the subject of reading in Russia – from the age of Catherine II to the Soviet regime – from various perspectives: from aesthetics to reception, from the analysis of individual or collective practices, to the exploration of the social function of reading, to the

spread and evolution of editorial formats. The contributions in this volume return a rich and articulated portrait of a culture made of great readers.

Traditionally architectural models were static creations but now through CAAD, models can be created which are dynamic and easily manipulated. This book shows how the electronic medium can be used to critically reconstruct unbuilt projects, looking in particular at projects by the famous Italian rationalist, Giuseppe Terragni. Four villas and several monument buildings are visually represented, their structures and functions examined and assessed using CAAD.

Roma/Seicento verso il barocco

Cambridge University Press

Il progetto espositivo *Roma/Seicento: verso il barocco*, inaugurato a Pechino il 29 aprile presso il National Museum of China, è il secondo appuntamento che l'Italia onora nell'ambito della collaborazione bilaterale sottoscritta nel Memorandum d'intesa "Italia-Cina" (7 ottobre 2010), accordo di Stato sul partenariato per la promozione del patrimonio culturale dei due Paesi. La

straordinaria esposizione, successiva a quella dal titolo Il Rinascimento a Firenze: capolavori e protagonisti che attraversava il Quattrocento fino al primo Cinquecento fiorentino, prosegue nel percorso di approfondimento tematico delle grandi stagioni dell'Arte Italiana e presenta al pubblico cinese, per la prima volta, opere d'arte irripetibili, appartenenti al patrimonio culturale italiano nelle sue diverse forme espressive, giunte integre fino a noi grazie alla eccellente azione di tutela che impegna quotidianamente il nostro Ministero. All'evento espositivo, allestito presso il Museo Nazionale della celebre Piazza Tienanmen, sono presenti opere di proprietà statale, dai maggiori musei e dalle più importanti chiese di Roma, di proprietà ecclesiastica, dalla chiesa di

Santa Maria in Trastevere, e di proprietà comunale, dal Museo del Barocco di Ariccia, nonché di altri Enti presenti sul territorio romano e laziale. Grazie all'impegno congiunto delle competenti autorità italiane e cinesi, l'inaugurazione di questa mostra testimonia e consolida ancora una volta i vincoli di amicizia che legano le moderne Repubbliche sulla scorta di un'eredità culturale antichissima e di una storia millenaria in cui la bellezza è diventata cultura. dall'introduzione di Dario Franceschini, Ministro dei Beni e delle Attività Culturali e del Turismo

VIII century, seventy-eight of which are published for the first time.

Studies on Petrarch and Boccaccio Tuttle Publishing

First published in 1991. It was the lyric poetry of Petrarch that popularized the sonnet in European literature, that set the standard for love poetry for centuries to follow. Compared to the large volume of prose, poetry and notes in Latin, the corpus of Petrarch's Italian writings is small: the 366 poems that make up the *Canzoniere*, the 2000 or so verses of the *Trionfi*, and an undetermined number of poems, drafts and fragments that comprise what we call the *Rime* disperse. This collection includes indexes of first lines in both Italian and English. Lucifer (2015-) #13 Ashgate Publishing, Ltd.

A portrait of the artist as a young man, an examination of the influence of his hometown

Tolstoy Parlor Press LLC

Princess Snow is missing. Her home planet is filled with violence and corruption at the hands of King Matthias and his wife as they attempt to punish her captors. The king will stop at nothing to get his beloved daughter back—but that's assuming she wants to return at all. Essie has grown used to being cold. Temperatures on the planet Thanda are always sub-zero, and she fills her days with coding and repairs for the seven loyal drones that run the local mines. When a mysterious young man named Dane crash-lands near her home, Essie agrees to help the pilot repair his ship. But soon she realizes that Dane's arrival

was far from accidental, and she's pulled into the heart of a war she's risked everything to avoid. In her enthralling debut, R.C. Lewis weaves the tale of a princess on the run from painful secrets . . . and a poisonous queen. With the galaxy's future—and her own—in jeopardy, Essie must choose who to trust in a fiery fight for survival.

Catalogo cumulativo 1886-1957 del Bollettino delle pubblicazioni italiane ricevute per diritto di stampa dalla Biblioteca nazionale centrale di Firenze Pifferi

A Regency-era romantic adventure where a Duke is ordered to assume guardianship over a bold young woman whose refuses to believe her parents lives were lost during a treasure hunt. The first in a three-book series.

Practices of Reading and Literary Communication, 1760-1930 McGill-Queen's Press - MQUP

As its title suggests, this book captures the essence of Japanese life and culture in 100 words. From well-known concepts like zen, kawaii and anime to their lesser-known counterparts waiting to be discovered by the West, Japan in 100 Words covers it all. Readers will learn more about: Chochin—decorative lanterns seen everywhere from shrines and temples to izakaya Fugu—the very carefully prepared delicacy of poisonous blowfish J-pop—the now widely popular musical genre Karoshi—literally translated as "overwork death" Omiai—the Japanese version of an arranged marriage And much more! The beautiful full-color illustrations bring

these ideas, places and objects to life—making it the perfect addition to any Japanophiles library or a fun and useful introductory guide for a first-time visitor to Japan.

Apographai Little, Brown Books for Young Readers

In Marco Polo was in China Hans Ulrich Vogel undertakes a thorough study of Yuan currencies, salts and revenues, by comparing Marco Polo manuscripts with Chinese sources and thus offering new evidence for the Venetian's stay in Khubilai Khan's empire.

The Science of Culture and the Phenomenology of Styles Vertigo

MAFIA. CAMORRA. 'NDRANGHETA. The Sicilian mafia, known as Cosa Nostra, is far from being Italy's only dangerous criminal fraternity. The country hosts

two other major mafias: the camorra from Naples; and, from the poor and isolated region of Calabria, the mysterious 'ndrangheta, which has now risen to become the most powerful mob group active today. Since they emerged, the mafias have all corrupted Italy's institutions, drastically curtailed the life-chances of its citizens, evaded justice, and set up their own self-interested meddling as an alternative to the courts. Yet each of these brotherhoods has its own methods, its own dark rituals, its own style of ferocity. Each is uniquely adapted to corrupt and exploit its own specific environment, as it collaborates with, learns from, and goes to war with the other mafias. Today, the shadow of organized crime hangs over a country racked by debt, political paralysis, and

widespread corruption. The 'ndrangheta controls much of Europe's wholesale cocaine trade and, by some estimates, 3 percent of Italy's total GDP. *Blood Brotherhoods* traces the origins of this national malaise back to Italy's roots as a united country in the nineteenth century, and shows how political violence incubated underworld sects among the lemon groves of Palermo, the fetid slums of Naples, and the harsh mountain villages of Calabria. *Blood Brotherhoods* is a book of breathtaking ambition, tracing for the first time the interlocking story of all three mafias from their origins to the present day. John Dickie is recognized in Italy as one of the foremost historians of organized crime. In these pages, he blends archival detective work, passionate narrative,

and shrewd analysis to bring a unique criminal ecosystem—and the three terrifying criminal brotherhoods that have evolved within it—to life on the page.

Roman Art Schocken

This second collection by Roger Bagnall brings together a further two dozen of his studies, this time covering Hellenistic, Roman, and Byzantine Egypt, published over the last thirty years. Many of the articles deal with issues of historical and papyrological method: the restoration of papyrus texts, the direction of archaeological work in Egypt, economic models for Roman Egypt, the usefulness of postcolonial theory, and approaches to the defective literary tradition for the Library of Alexandria. Others concentrate on

particular bodies of evidence, ranging from inscriptions to ascetic literature, from registers to women's letters.

Catalog of the Avery Memorial Architectural Library of Columbia University Routledge

Chaucer and Boccaccio PublicAffairs

The Atlas of Italian Amphibians and Reptiles presents the distribution, ecology and conservation status of the 37 species of amphibians and the 50 species of reptiles found in Italy. A 10x10 km UTM grid map is supplied for each species, on the basis of more than 70.000 records contributed by 900 collaborators during the Societas Herpetologica Italica survey project, started in 1994. Entries, illustrated with

photos, are subdivided into the following headings: taxonomy, general distribution, comments on the distribution map, habitat, altitudinal distribution, annual activity cycle, reproduction and status of the Italian populations. General sections on biogeography, history of herpetology in Italy, paleoherpetology and herpetological fauna of the small Italian islands are also included. Italian and English text.
