An encyclopedia describing and giving the history of angels from the time when the earth was created forward, using texts from Hebrew, Arabic, ancient and contemporary works.

The Book of Immediate Magic - Part 1

U of Nebraska Press

Now you can learn how to evoke and communicate with 50 spirit entities and make use of their abilities, when you get Summoning Spirits by

Konstantinos. Evoking spirits is one of the most powerful magical techniques you can use- but, until now, most of the material available on evocation has been virtually unusable because it was written by those with little practical evocation experience. Summoning Spirits was written by a practicing magician who has successfully performed many evocations. With his guidance and

clear directions, performing evocations will be easy and safe for anyone.

·Learn to safely evoke powerful spirits to aid you with any task ·Create sigils charged with the energy of spirits to magnify the effects of your evocations

·Make an etheric egregore, a manufactured spirit that will perform the task of your choice

·Perform easy exercises to train your magical

abilities and to develop clairvoyance and clairaudience · Construct, prepare, and use special magical tools to aid your evocations · Summoning Spirits is a complete manual for evoking entities to effect positive changes in your life. Learn how the spirits that dwell on the other planes can be evoked to the astral and physical planes to help you obtain mystical abilities, locate hidden

"treasure," and even command a spirit "army" to protect your home while you're away. Summoning Spirits describes the specific attributes and abilities of 50 entities that you can evoke to uncover valuable knowledge, and who will help you succeed in nearly any task, magical or mundane. Whether you need help to face life's challenges or to work a minor miracle, you will find

the art of magical evocation a tremendously potent tool for change. Included are information and theory, as well as full instructions for all the rituals you will need to prepare for and then evoke spirits. No other book makes this ancient magical technique as easy to understand and use, as does this one. That's why you must get Summoning Spirits. *The Magic of the Sword of*

Moses Glinda Porter
 "Lampert harnesses the power of this complex belief system for healing and security."--
 "Publishers Weekly." Use talismans, amulets, visualizations, and prayers to ward off the evil eye and other misfortunes, and repel negative energies. Learn meditations to heal the body and aura, to bring harmony and tranquility, to express and receive love, and more.

Kabbalistic practices are also included for dream interpretation, divination, and sexual magick.
The Art of Magical Evocation
 Llewellyn Worldwide
 This book presents twenty chapters by experts in their fields, providing a thorough and interdisciplinary overview of the theory and practice of magic in the West. Its chronological scope extends from the Ancient Near East to

twenty-first-century North America; its objects of analysis range from Persian curse tablets to US neo-paganism. For comparative purposes, the volume includes chapters on developments in the Jewish and Muslim worlds, evaluated not simply for what they contributed at various points to European notions of magic, but also as models of alternative development in ancient Mediterranean legacy.

Similarly, the volume highlights the transformative and challenging encounters of Europeans with non-Europeans, regarding the practice of magic in both early modern colonization and more recent decolonization .

Triangulum Academic Publishing
The "Shadow Tree Series" comprises a unique collection of Western

Esoteric studies and practices which Jacobus G. Swart, spiritual successor to William G. Gray and co-founder of the Sangreal Sodality, has actuated and taught over a period of forty years. In "The Book of Immediate Magic - Part 1" Jacobus G. Swart perpetuates the fundamental tenets of "Self Creation" in which it is maintained that the "Centre" establishes the

"Circumference," and that personal reality is emanated in harmony with personal "Will." Hence this tome comprises an enhancement and expansion of the magical doctrines and techniques of Practical Kabbalah addressed in "The Book of Self Creation," "The Book of Sacred Names," and "The Book of Seals & Amulets." Jacobus Swart claims that working "Immediate Magic" is neither

impossible nor difficult when we fully understand that consciousness is just one vast ocean, and that thoughts are the waves we make in it. It is all a matter of coordinating consciousness

 Worldwide Jewish Magic and Superstition is a comprehensive review of Jewish magic from the 10th to the 15th

century. Many well-known Jewish traditions are explained in the book, as well as things like Golems, Succubi, the Lillim, other magical creatures, talismans, amulets, charms, and other curious magical objects. There are also chapters dealing with dream interpretation, medical beliefs, necromancy, and other forms of divination.
From Antiquity to the Present

 Using the powerful insights of the Kabbalah, we can bridge the unfathomable distances between our material world and the divine realms where angels dwell.
 In *The Kabbalah & Magic of Angels*, celebrated author Migene González-Wippler presents an in-depth look at angels in the context of the Kabbalah, the comprehensive system underlying Western

religion and spirituality. Providing a complete introduction to Kabbalistic concepts, Migene shows how to apply them to our relationships with numerous angels. Included are ways to contact angels and work with them, from simple spells and magical rituals to full Kabbalistic evocations. You'll discover how to see angels operating in your life and how to visualize them.

Numerous angels are named and fully described so readers will know exactly which angel to work with for any purpose or desire. Ideal for students of Kabbalah and lovers of angels. *A Compendium of Spells, Rituals and Occult Knowledge* Llewellyn Worldwide The essence of Kabbalah is contained within the glyph of the Tree of Life, which represents a map of human

consciousness and which offers a route to the divine. This guide is an introduction to a popular spiritual tradition. *Jewish Magic and Superstition* Manchester University Press Reuchlin's keen interest in Jewish mysticism resulted in the original publication of this work in 1517. The first part of this dialogue reflects on messianism, the second part on the relation of the

Pythagorean system to the Kabbalah, and the third on the "practical Kabbalah." ø The German humanist Johann Reuchlin (1455-1522) defended the value of Jewish scholarship and literature when it was unwise and unpopular to do so. As G. Lloyd Jones points out, "A marked mistrust of the Jews had developed among Christian scholars during the later Middle Ages. It was

claimed that the rabbis had purposely falsified the text of the Old Testament and given erroneous explanations of passages which were capable of a christological interpretation. " Christian scholars most certainly did not advocate learning the Hebrew language. ø Reuchlin was exceptional in pursuing and promoting Hebrew studies, believing that a working knowledge of that language was essential

for a true appreciation of the Bible and rabbinic literature. Refusing to join Christian contemporaries who wished to destroy the Kabbalah and the Talmud, he spoke out against ignorance. Christians could have a useful dialogue with Jews if they gained a thorough knowledge of the writings of Jewish exegetes and philosophers. Toward that end he proposed university endowments

that aroused the fury of opponents and led to the famous "battle of the books." ø Reuchlin's keen interest in Jewish mysticism resulted in the publication of *De arte cabalistica* in 1517. The first part of this dialogue reflects on messianism, the second part on the relation of the Pythagorean system to the Kabbalah, and the third on the "practical Kabbalah." According to Jones, "Reuchlin demonstrates

how Christians can make profitable use of Jewish mystical writings, and therefore shares with the reader his understanding of the art of the Kabbalah." That art will reach more readers in this modern English-language translation by Martin and Sarah Goodman. It reinforces the historical importance of the man who prevented the destruction of Jewish books and anticipated the more

liberal climate of the Reformation. [On the Art of the Kabbalah](#) Hay House, Inc Kabbalah - it is very difficult and to some extent even paradoxical doctrine is very different from the concept of thinking of those ideas, which are peculiar to thinking of the majority of Europeans. On the other hand, the inherent Kabbalah mystery, incompleteness, and symbolic imagery

<p>pronounced mysticism plaque were perhaps the most intriguing its qualities that attracted thereto plurality thinkers prone to the occult. However, the important thing: they all saw in Kabbalah refraction characteristic of western occult ideas and propositions - that all the great diversity of the phenomena of the universe, young and old is a certain unity; that all things and</p>	<p>phenomena are parts ordered whole; that the universe itself and all the hidden relationships between phenomena which, at first glance, seem to be chaotic and did not related to each other, in fact, control the mysterious laws; that letters and numbers are full of meaning important key to understanding the laws of the universe; that inspiration and imagination is</p>	<p>much faster and more reliable can lead to the attainment of the ultimate truth than the proverbial common sense; that man - is both God and the Universe in miniature; and finally, the most important thing - that there is a spiritual path, going that people can free themselves from the purely human limitations, and therefore - to become a superman and understand God.</p>
---	---	---

Kabbalah, of course, not the only doctrine, setting out these and similar ideas; they can be found in the system of the Tarot, Despite the fact that the Kabbalists of the past centuries people were purely religious, and perform religious commandments and ceremonies, this, however, did not prevent the fact that Kabbalah eventually gained many of the features and properties of magic. Abraham Abulafia, one of the greatest Kabbalists and mystics of the XIII century, was convinced that the Kabbalah - a very effective means to achieve the magical purposes, and therefore warned fellow of errors slipping into magic. However, the Kabbalistic doctrine of climbing opportunities from lowest to highest, and the reunification of the earthly and the heavenly is a very valuable tool for the mystic, the aspirant for bliss in communion with God, and for the magician who wants to subjugate all the spiritual and physical strength, and sees itself as the Person of God capable to understand the supreme art of magic. In this sense, of great interest is a special aspect of the teachings - the so-called practical Kabbalah is based on the belief that with the help

of special rituals, prayers and internal volitional acts a person can actively intervene in the history of the process (eg, zoom Messiah), for each "stimulation from below" (from the man) always corresponds to the "arousal from above" (from God).

The Book of Seals & Amulets

Godsfield Press
Broomsticks and cauldrons, familiars and spells: magic and witchcraft conjures a

vivid picture in our modern-day imagination. While much of our understanding is rooted in superstition and myth, the history of magic and witchcraft offers a window into the past. It illuminates the lives of ordinary people in the past and shines a light on the fascinating pop culture of the premodern world. Blowing away folkloric cobwebs, this enlightening new history

dispels many of the misconceptions surrounding witchcraft and magic that we still hold today. From Ancient Greece and Rome through to the Middle Ages and the Early Modern Era, historian Frances Timbers shines a light on the impact of Christianity and popular culture in the construction of the figure of the 'witch'. The development of demonology and ceremonial magic is

brought together with the West's troubled past with magic and witchcraft to chart the birth of modern Wiccan and Neopagan movements in England and North America. Witchcraft is a metaphor for oppression in an age in which persecution is an everyday occurrence somewhere in the world. Fanaticism, intolerance, prejudice, authoritarianism, and religious and political

ideologies are never attractive. Beware the witch hunter! *Kabbalah Magic in 90 Minutes* Glorian Publishing
A practical guide to the famed medieval book of pre-kabbalistic Jewish magic, freshly interpreted and revealed for the first time with instructions on how to use the spells. The *Sword of Moses* is one of the earliest Jewish magic books, which describes a rite for

adjuring angels to assist in controlling and wielding the "Sword of Moses" for magical purposes. The rite involves a short period of purification and then the adjuring of four sets of angels, each higher than the last. These angels in turn give the magician the power to control the Sword through a series of divine names that work as magical spells. The spells, 137 in all, have a wide variety of

uses, including healing, harm, love, sex, exorcising demons, divination, and more. This work was first translated by Moses Gaster in 1896, but he removed many of the spells, making the text unusable for magic. The Magic of the Sword of Moses is the first book to show in detail, exactly how a magician can use the Sword--how to do the purification ritual, adjure the angels,

and pronounce and use the divine names for each spell. Qabbalistic Magic Paulist Press Practical Kabbalah for Magic & Protection Friedman/Fairfax Pub **Exposing & Neutralizing Harmful Spiritual Forces in Light of Torah & Kabbalah** Friedman/Fairfax Pub "What a fascinating book! From theory to practice, it's all here. . . . This book will be a treasured

addition to any magickal library."-- Oberon Zell-Ravenheart, author of Grimoire for the Apprentice Practical, inspirational, and comprehensive, The Big Book of Practical Spells is a useful tool and resource for beginners and experienced devotees of the magical arts. Here in one majestic volume is a basic introduction to magic; a psychic glossary; a primer on the four elements,

colors, and magical supplies (including minerals and botanicals); and a compendium of spells for any situation you may face. With Judika Illes as your guide, you will learn how to enhance your psychic power, cleanse your aura, protect yourself from malevolent powers, and create and use a wide variety of spells. There are spells for marriage, fertility, pregnancy prevention,

babies and children, money, healing, and transitioning to the next life. These are spells that will help make life easier, more productive, and stress free. "Judika Illes underscores the fact that magic is real and available to everyone. As she says: "Magic is your birthright." And there is no negative magic included-- nothing harmful to you or anyone else. Now you have no excuse not to

use it."-- Raymond Buckland, author of Buckland's Complete Book of Witchcraft *The Cambridge History of Magic and Witchcraft in the West* Simon and Schuster Discover how to use the spiritual teachings of the Tree of Life to learn more about yourself, improve your experience on Earth, and fulfill your life purpose. The Qabalah is a Western non-religious

mystic tradition (differing from the Kabbalah, which is an aspect of Jewish mysticism) offering teachings on the nature of divinity, the creation, the origin and fate of the soul, and the role of human beings. It consists of meditative, devotional, and mystical practices, including astrology, tarot, and magic. The central organizational system of the Qabalah is the Tree of Life - a mystical

symbol consisting of ten interconnected spheres and considered to be a map of the universe and the psyche, the order of the creation of the cosmos, and a path to spiritual illumination. This introductory book breaks down the ideas of the Tree of Life into an easy to follow path, and shows how to use it effectively in our lives. Readers will learn: - the meaning of each of the

spheres - a ritual and a meditation for each sphere - the gods, archangels, crystals, and magical tools connected to each sphere and how to work with them - how to set up a personal temple and create their own magical symbol - how to chant the Qabalistic prayer to draw down the Archangels for protection This book was previously published in the Hay House Basics series. *The Middle Pillar* Practical

Kabbalah for Magic & Protection
 This is the first translation with commentary of selections from The Zohar, the major text of the Kabbalah, the Jewish mystical tradition. This work was written in 13th-century Spain by Moses de Leon, a Spanish scholar.
