A NONSECTARIAN, NONDENOMINATIONAL ASSESSMENT OF BIBLICAL MIRACLES, PROPHECIES AND MODERN ANOMALOUS PHENOMENA, INCLUDING UFOS AND MARIAN APPARITIONS ALL OVER THE WORLD, TRUE BELIEVERS SAY THAT THE LORD IS SHOWING HIMSELF IN SUPERNATURAL WAYS! Are we living in the "Last Days," as described in the Book of Revelation? Is there evidence that the words of the Bible are true and have special meaning to those willing to accept them as gospel? What is the connection between UFOs, the Scriptures and the Signs, Symbols and Wonders of Biblical proportions that appear to be manifesting all around us? Are we to accept at face value the phantasmagorical stories told by those who claim to have been "taken up" (where?) - such as Whitley Strieber, Betty Andreasson Luca, Raymond Fowler, and contactees like Orfeo Angelucci and George Van Tassel? Strange events are taking place daily, and you should be alerted to them, be you a "true believer," an occasional churchgoer, a devout heretic or even an atheist. We are told that we all have the free will to determine the source of the messages and miracles seemingly supported by an endless array of photos showing weeping holy statues, miraculous apparitions of

the "Lady in White" - who many believe to be "Mother Mary" - as well as Jesus descending from the clouds, as if in a preview of the Second Coming that the righteous say will take place soon. Skeptics counter those beliefs by saying these are merely the holograms, or projections, created by the New World Order (or the CIA?) to confuse the public in a Satanically-based "disinformation" campaign. Here are numerous photos of the "Spinning Sun" taken at Fatima in 1917, just found recently in the Vatican's underground vaults. Also the "ecstasy" trances, walks and levitations of those claiming to be overcome by the Holy Spirit. UFO are definitely part of the equation, says the author, Sean Casteel, who relies not only on his firsthand investigations of the phenomena for over 30 years, but on the testimony of those who have experienced close encounters or claimed to have been abducted by "aliens." Are beautiful angelic beings residing alongside us NOW, disguised as everyday mortals? How can you detect them? Why do most fundamentalists believe that all UFOs are demonic, and do officials in the government and military agree with this theory, believing that if there was full Disclosure that Satan might be unleashed upon the Earth? And what could be the future of organized religion in general? Has the last Pope taken his papal seat only to oversee the fall of the Church? As current as today's headlines, the author examines the killer plagues now sweeping the globe. While COVID-19 gets all the attention, two continents have been devastated by a plague right out of Exodus, as vast swarms of locusts with bright gauzy wings attack from the sky. Many Native Americans say they know what is about to transpire, their tribal prophecies being based upon direct and personal contacts with the "Sky People," who can easily be associated either with angels or extraterrestrials. There is a belief that "they" will come down and save many of the "Chosen Ones," much like the Rapture spoken of by those who are about to welcome Jesus "for real." This is a book for all people, for all faiths, or no faith, and for those willing to sort through the many doctrines to get to the truth about the otherworldly phenomena that could be Heavenly or something darker. We invite you to join us in our quest to find out the truth about the apparitions and manifestations that may soon affect us all. It is a fascinating journey that you cannot afford to miss!

A Guide for Setting Up a Successful Service Business Most businesses are divided into two distinctive categories, which are the product based business and the service based business. Understanding the difference will give the potential business owner a better overview of what is expected from these two very different styles. Is your lack of knowledge in this area making your business life difficult... maybe even miserable? Does it seem like you've tried everything in your power to get a successful business going, and yet, despite your best intentions, you're still plagued with: \*Not knowing service business basics \*Not understanding how to use market research \*Not knowing how to beef up your marketing If this describes you, it's a good thing you are here... First, you are NOT alone! It may seem like it sometimes, but not understanding the ins and outs of service businesses is far more common than you'd think. I ought to know, because I've helped dozens of people with the exact same problem... Why Understanding This Issue Is So Important For Success! This is one area you must pay attention to... The second thing you need to know? It's not your fault!! Most service based forays are labor intensive which the business entity revolves around. This is either packaged as the selling of expertise in a particular field or the selling of the actual "engines" that produce the desired outcome that bring in the revenue. Either way the quality, efficiency, attention and detail that is exercised within the business are the eventual elements that are going to make or break the business foray into the revenue churning mechanism. These are matters that you must understand! Make no mistake about it... "The Costs of NOT Taking Control Are Just Too High!" Your lack of knowledge in the service business area may not be your fault, but is it you want to be a success in this area there are things that you MUST know! The costs of continuing to repeat this pattern are just too steep... I mean, think about all of the money you're wasting because of how this lack of understanding costs money... the time you're losing due to lack of knowledge is also time-consuming... and that's not to mention the toll it's taking on your personal life, like the way the lack of success can impact personal life/relationships. So today — in the next FEW MINUTES, in fact — we're going to help you STOP the blame game, and learn how you can quickly and easily get your service business under control... for GOOD! That is why I've written this book... "This Book Below Will Show You Exactly What You Need To Do To Be A Success In A Service Business!" As a person just like you who has struggled with getting and staying successful, I have searched high and low to find the best strategies to fix this problem and I am fully qualified and equipped to help you finally be a success in a service business! All these different types of basic service providing entities are all in place with one goal in mind and that is to create the platform for revenue earning potential. Therefore in order to understand and identify which would be best suited for the individual business owner, more research should be done to find the style that best suits the individual's needs. Are you ready? A Guide for Setting Up a Successful Service Business This powerful tool will provide you with everything you need to know to be a success and achieve your goal of a great service business. With this product, and it's great information on a successful business it will walk you, step by step, through the exact process we developed to help people put an end to lack of success. **ORDER NOW.**
