"The Presentation Secrets of Steve Jobs" is one of the smartest books I read lately (which something

because I read a lot). Author Carmine Gallo goes through the usual, explaining Jobs' style (1) Create

the Story (2) Deliver the Experience (3) Refine and rehearse So far so good, all of this is well-known.

What sets this book apart is that Gallo shows the actual "improvement Jobs created."

In his 2009 book, The Presentation Secrets of Steve Jobs: How to Be Insanely Great in Front of Any

Audience, Carmine Gallo extensively researched 20 years of Steve Jobs's presentations. From that

research, he proposes 18 lessons to help us improve the way we present to our audiences.
