For thousands of years, the Moon has been the one thing in the night sky that everyone anywhere on our planet recognises. Trace the story of the Moon around the world and through history, from ancient legends about its creation, to its first sighting through a telescope, right up until the Apollo 11 mission and the first Moon landing in 1969.

[The Usborne Introduction to Modern Art](#)  
Usborne Pub Limited

Introduces the study of human material remains from the past; describes the materials archaeologists examine and the

techniques they use; illustrates important finds by continent; and includes a timeline and glossary.

Usborne Pub Limited

365 art-based, on-the-page activities; stimulates the creative left brain; takes a straightforward approach - art is for everyone, every day; and provides inspirational content. Three hundred sixty-five art-based, on-the-page activities-one for each day of the year. A combination of imaginative prompts and step-by-steps are designed to unleash creativity.

Inspirational content devised by expert author Susan Schwake will stimulate the creative left brain; the diverse range of activities include wearing your favorite color and noticing how it makes you feel, feeling different textures, counting the number of different colors in your bedroom, and recording it all in words and pictures in your journal. The straightforward approach of this book encourages the reader to think creatively, even if they don't feel that they have the "right" skills or knowledge. When completed, the reader will have a souvenir of the 365 days in which they discovered their own personal creativity.

[The Usborne Introduction to Art](#) Usborne Books

Explains how actors train for the stage, and looks at set design, props, costumes, lighting, sound, rehearsal, film acting, and the history of Western theater.

**The Usborne Chess Book** Usborne Pub Limited
