Dweller in Truth A Novel HarperCollins Australia
SHORTLISTED CBC BOOK OF THE YEAR, OLDER READERS, ACT
BOOK OF THE YEAR AND YABBA. The people call Prince Narmer
'the Golden One' Handsome and talented, he is destined to be
King of Thinis, the greatest town in Egypt and, for Narmer, the
centre of the world. Then a devastating accident forces him to
give up his right to the throne and sends him journeying across
the ancient Middle East with the mysterious trader, the crippled
Nitho and a tamed wildcat called Bast. And as he travels he
learns that Thinis is actually a very small place indeed. But can
he ever truly forget his homeland? During on last visit to Thinis,

he will discover what it really means to be a leader, and will find
his destiny being fulfilled beyond his wildest expectations ... Set
in a time before the pyramids and based on real historical events,
Pharaoh will sweep readers along on a fascinating journey
through a part of the world we hear so much about today. 'French
leaves readers with the feeling that there are always fascinating
little corners left for students of history to explore.' - Viewpoint
[The Pharaoh's Daughter](#) Houghton Mifflin Harcourt
From the author of the National Book Award finalist *Black
Leopard*, *Red Wolf* and the WINNER of the 2015 Man Booker Prize
for *A Brief History of Seven Killings* "An undeniable success." —
The New York Times Book Review A true triumph of voice and
storytelling, *The Book of Night Women* rings with both profound
authenticity and a distinctly contemporary energy. It is the story
of Lilith, born into slavery on a Jamaican sugar plantation at the

end of the eighteenth century. Even at her birth, the slave women around her recognize a dark power that they- and she-will come to both revere and fear. The Night Women, as they call themselves, have long been plotting a slave revolt, and as Lilith comes of age they see her as the key to their plans. But when she begins to understand her own feelings, desires, and identity, Lilith starts to push at the edges of what is imaginable for the life of a slave woman, and risks becoming the conspiracy's weak link. But the real revelation of the book-the secret to the stirring imagery and insistent prose-is Marlon James himself, a young writer at once breathtakingly daring and wholly in command of his craft.

A Prayer for Owen Meany Little, Brown Books for Young Readers

From the winner of the Nobel Prize for Literature and author of the Cairo Trilogy, comes Akhenaten, a fascinating work of fiction about the most infamous pharaoh of ancient Egypt. In this beguiling novel, originally published in Arabic in 1985, Mahfouz tells with extraordinary insight the story of the "heretic pharaoh," or "sun king,"--the first known monotheistic ruler--whose iconoclastic and controversial reign during the 18th Dynasty (1540-1307 B.C.) has uncanny resonance with modern sensibilities. Narrating the novel is a young man with a passion for the truth, who questions the pharaoh's contemporaries after his horrible death--including Akhenaten's closest friends, his most bitter enemies, and finally his enigmatic wife, Nefertiti--in an effort to discover what really happened in those strange, dark days at Akhenaten's court. As our narrator and each of the subjects he interviews contribute their version of Akhenaten, "the

truth" becomes increasingly evanescent. Akhenaten encompasses all of the contradictions his subjects see in him: at once cruel and empathic, feminine and barbaric, mad and divinely inspired, his character, as Mahfouz imagines him, is eerily modern, and fascinatingly ethereal. An ambitious and exceptionally lucid and accessible book, Akhenaten is a work only Mahfouz could render so elegantly, so irresistibly.

The Forest HarperCollins

'Now then,' thought Abigail, 'something very weird has happened to me. I'm in the last century. I don't know why, and that doesn't matter. I've got to get back.' Every so often, there comes a story so brilliant and lively and moving that it cannot be left in the past. Rediscover the magic of our country's most memorable children's books in the Penguin Australia Children's Classics series of stories too precious to leave behind.

[The Cambridge History of Science: Volume 1, Ancient Science](#)
Simon and Schuster

A fictionalized account of the Biblical tale in which a Hebrew infant, rescued by the daughter of the Pharaoh, passes through a turbulent adolescence to become a prophet of his people, while his sister finds her true self as a priestess to the Egyptian gods.

The Camel Who Crossed Australia Routledge

A powerful novel from master storyteller Jackie French The soldiers she saved called her the Angel of Waterloo. The husband she loved and lost called her Hen. The patients she treated in secret called her Auntie Love. She was Henrietta Bartlett, a surgeon's daughter, a survivor of the Napoleonic Wars. But now the battlefield is just a blood-soaked memory, and Hen dreams of peace, a home, and a society that allows women to practise

medicine. On the other side of the world, the newly founded colony of New South Wales seems a paradise. But Europe's wars cast long shadows ... From bestselling author Jackie French comes the story of one woman's journey from the hell of Waterloo to colonial Australia, where she can forge her own dreams in a land of many nations. PRAISE FOR JACKIE FRENCH 'a master storyteller ... [she] gives women a rich, strong, and brutally honest voice' - Better Reading 'Heartwarming, heartbreaking and hard to put down' - Australian Women's Weekly on *If Blood Should Stain the Wattle*

The Book of the Dead Springer

It was the beginning of the Gulf War. I watched it on TV and did little else. I was doing badly, you see. Everything was going wrong. I just awaited the end. But then I met Victorien Salagnon, a veteran of the great colonial wars of Indochina, Vietnam and Algeria, a commander who had led his soldiers across the globe, a man with the blood of others up to his elbows. He said he would teach me to paint; he must have been the only painter in the French Forces, but out there no one cares about such things. I cared, though. In return, he wanted me to write his life story. And so he talked, and I wrote, and through him I witnessed the rivers of blood that cut channels through France, I saw the deaths that were as numberless as they were senseless and I began finally to understand the French art of war.

The Angel of Waterloo HarperCollins Australia

A story of transportation and life in a new world. At the tender age of eight, chimney sweep tom Appleby is convicted of stealing and sentenced to deportation to Botany Bay. As one of the members of the First Fleet, he arrives in a country that seemingly

has little to offer - or little that the English are used to, anyway. Luckily, not long after tom's arrival in the colony, the fair and kind Sergeant Stanley decides to take on tom as a servant. Together tom, Sergeant Stanley and his son, Rob, build a house, set up an orchard and a vegetable garden for themselves - and thrive, unlike many others in the new colony. Jackie French weaves tom's story in with the story of the development of Australia. She tells of a colony that, despite its natural abundance, cannot offer what the colonists want - familiarity. While the people's health is better than it ever was in England, their morale is low as they wait for news from home. Ages 10+

Unconventional Warfare (Special Forces, Book 1) Pharaoh

"I am doomed to remember a boy with a wrecked voice—not because of his voice, or because he was the smallest person I ever knew, or even because he was the instrument of my mother's death, but because he was the reason I believe in God; I am a Christian because of Owen Meany." In the summer of 1953, two eleven-year-old boys—best friends—are playing in a Little League baseball game in Gravesend, New Hampshire. One of the boys hits a foul ball that kills the other boy's mother. The boy who hits the ball doesn't believe in accidents; Owen Meany believes he is God's instrument. What happens to Owen, after that 1953 foul ball, is extraordinary and terrifying.

A Novel HarperCollins Australia

Charlie's father is dead, and although his mother insists he stay in school, Charlie has no patience for the classroom. All he wants is to make money, to give his mother and baby brother a better life. So when he catches the eye of Squizzy Taylor, a notorious mobster, and is offered a job as Squizzy's courier, it doesn't take

Charlie long to accept—even if he has to go against his own mother's wishes. At first, the job's a thrill—running with messages, illegal liquor, whatever Squizzy orders. It fills Charlie with power. But then come the not-so-savory parts of the job. Collecting Squizzy's debts. Dodging Squizzy's enemies. The very real dangers of the streets. And at some point Charlie has to ask himself—how long before running for a better life means cutting his life short?

Pharaoh Crown

If God is holy, then He can't sin. If God can't sin, then He can't sin against you. If He can't sin against you, shouldn't that make Him the most trustworthy being there is? Bestselling author Jackie Hill Perry, in her much anticipated follow-up to *Gay Girl, Good God*, helps us find the reason we don't trust God— we misunderstand His holiness. In *Holier Than Thou*, Jackie walks us through Scripture, shaking the dust off of “holy” as we've come to know it and revealing it for what it really is: good news. In these pages, we will see that God is not like us. He is different. He is holy. And that's exactly what makes Him trustworthy. As it turns out, God being “holier than thou” is actually the best news in the world, and it's the key to trusting Him.

A Treasures of the Nile Novel Harper Collins

Politics of Piety is a groundbreaking analysis of Islamist cultural politics through the ethnography of a thriving, grassroots women's piety movement in the mosques of Cairo, Egypt. Unlike those organized Islamist activities that seek to seize or transform the state, this is a moral reform movement whose orthodox practices are commonly viewed as inconsequential to Egypt's political landscape. Saba Mahmood's compelling exposition of

these practices challenges this assumption by showing how the ethical and the political are indelibly linked within the context of such movements. Not only is this book a sensitive ethnography of a critical but largely ignored dimension of the Islamic revival, it is also an unflinching critique of the secular-liberal assumptions by which some people hold such movements to account. The book addresses three central questions: How do movements of moral reform help us rethink the normative liberal account of politics? How does the adherence of women to the patriarchal norms at the core of such movements parochialize key assumptions within feminist theory about freedom, agency, authority, and the human subject? How does a consideration of debates about embodied religious rituals among Islamists and their secular critics help us understand the conceptual relationship between bodily form and political imaginaries? *Politics of Piety* is essential reading for anyone interested in issues at the nexus of ethics and politics, embodiment and gender, and liberalism and postcolonialism. In a substantial new preface, Mahmood addresses the controversy sparked by the original publication of her book and the scholarly discussions that have ensued.

His natural life Harper Collins

the thrilling finale to the *Outlands* trilogy. the City has called on Danielle Forest, *Virtual Engineer*, to find the source of a new influenza epidemic that is infecting the City and threatening the *Outlands*. the disease partially kills, and those affected become zombies intent on killing all around them. If the epidemic is not controlled, the deaths are likely to be greater than anything seen since the Black Death. Danielle and her boyfriend, Neil, may be infected with the disease, so they must race against time to find

the source in order for an antidote to be made. But can they find the origin of this terrible disease before it's too late? Ages 16+ [Enriching the Curriculum with Children's Literature](#) Aust Council for Ed Research

the body lay at the bottom of the stairs. He wore red and green pyjamas. It took me a second to realise the red was blood. An old man, his eyes were still open. For one dreadful moment I thought he was still alive. But no one can live with a hole where their throat should be... Danielle Forest, Virtual Engineer, was looking forward to spending some quiet time with her lover, in their stone house in the Outlands. But someone, or some thing, keeps murdering members of nearby Utopias. A family of werewolves is under suspicion and Danielle's friend Ophelia asks her to prove their innocence. Before she can say 'silver bullet', Danielle is a temporary resident of the tree - home to the apparently friendly werewolves - and fully occupied trying to deal with another bloody murder, the angry local community and some amorous water sprites; not to mention her bone-loving hosts. Are the werewolves the killers Danielle seeks Or are humans more vicious by far this thrilling sequel to In the Blood is the second book in the Outlands trilogy. The Night They Stormed Eureka Simon and Schuster

Discover the secret missions behind America's greatest conflicts. Danny Manion has been fighting his entire life. Sometimes with his fists. Sometimes with his words. But when his actions finally land him in real trouble, he can't fight the judge who offers him a choice: jail... or the army. Turns out there's a perfect place for him in the US military: the Studies and Observation Group (SOG), an elite volunteer-only task force comprised of US Air Force Commandos, Army Green Berets, Navy SEALs, and even a CIA agent or two. With the SOG's focus on covert action and psychological warfare, Danny is guaranteed an unusual tour of duty, and a hugely dangerous one. Fortunately, the very same qualities that got him in trouble at home make him a natural-born commando in a secret war. Even if almost nobody knows he's there. National Book Award finalist Chris Lynch begins a new, explosive fiction series based on the real-life, top-secret history of US black ops.

[Pharaoh](#) Cambridge University Press

A story about dreams, gold, rebellion ... and an unlikely friendship across time It's 1854, and the Ballarat goldfields are a place of

dreams and rebellion as Sam, a homeless teenager, is called back to the past to join the Puddlehams, who run 'the best little cook shop on the diggings'. the Puddlehams dream of buying a hotel with velvet seats, while others dream of freedom from the British crown, away from the rule of wealthy landowners and corrupt officials. As the summer days get hotter, and the miners' protests are ignored with catastrophic results, Sam experiences first-hand the power of a united stand which will change her life forever. Ages: 10+

Runner Penguin Group Australia

This volume in the highly respected Cambridge History of Science series is devoted to the history of science, medicine and mathematics of the Old World in antiquity. Organized by topic and culture, its essays by distinguished scholars offer the most comprehensive and up-to-date history of ancient science currently available. Together, they reveal the diversity of goals, contexts, and accomplishments in the study of nature in Mesopotamia, Egypt, Greece, Rome, China, and India. Intended to provide a balanced and inclusive treatment of the ancient world, contributors consider scientific, medical and mathematical learning in the cultures associated with the ancient world.

Lost Roses Anchor

In this follow-up to his acclaimed "A Boy at War," Mazer explores what loyalty, friendship, and patriotism mean in a time of war in this story set against the backdrop of World War II.

An Edible History of Humanity Picador

Otis, Willie, and Hibernia are three children with a lot in common: they've all lost a loved one, they each have secret dreams, and

they won't stop fighting for what they want. And they're also a lot like their hero, famed boxer Joe Louis. Throughout this moving novel, their lives gradually converge to form friendship, family, and love. Their trials and triumphs echo those of Joe Louis, as he fights to become the heavyweight boxing champion. Andrea Pinkney masterfully weaves in factual information about Joe Louis and actual radio commentary from his fights, enriching the narrative of this uniquely rendered and beautifully written novel. *Tom Appleby, Convict Boy* Bloomsbury Publishing USA
NATIONAL BESTSELLER • "Rutherford brings England's New Forest to life" (The Seattle Times) in this companion to the critically acclaimed *Sarum* From the time of the Norman Conquest to the present day, the New Forest, along England's southern coast, has remained an almost mythical place. It is here that Saxon and Norman kings rode forth with their hunting parties, and where William the Conqueror's son Rufus was mysteriously killed. The mighty oaks of the forest were used to build the ships for Admiral Nelson's navy, and the fishermen who lived in Christchurch and Lymington helped Sir Francis Drake fight off the Spanish Armada. The New Forest is the perfect backdrop for the families who people this epic story. The feuds, wars, loyalties, and passions of many hundreds of years reach their climax in a crime that shatters the decorous society of Bath in the days of Jane Austen, whose family lived on the edge of the Forest. Edward Rutherford is a master storyteller whose sense of place and character—both fictional and historical—is at its most vibrant in *The Forest*. "As entertaining as *Sarum* and Rutherford's other sweeping novel of British history, *London*."—The Boston Globe
