"Interesting...Bowlin's calmly rational approach to the subject of conspiracy theories shows the importance of logic and evidence."—Booklist "A page-turning book to give to someone who believes in pizza pedophilia or that the Illuminati rule the world."—Kirkus Reviews The co-hosts of the hit podcast *Stuff They Don't Want You to Know*, Ben Bowlin, Matthew Frederick, & Noel Brown, discern conspiracy fact from fiction in this sharp, humorous, compulsively readable, and gorgeously illustrated book. In times of chaos and uncertainty, when trust is low and economic disparity is high, when political institutions are crumbling and cultural animosities are building, conspiracy theories find fertile ground. Many are wild, most are untrue, a few are hard to ignore, but all of them share one vital trait: there's a seed of truth at their center. That seed carries the sordid, conspiracy-riddled history of our institutions and corporations woven into its DNA. Ben Bowlin, Matt Frederick, and Noel Brown host the popular iHeart Media podcast, *Stuff They Don't Want You To Know*. They are experts at exploring, explaining, and interrogating today's emergent conspiracies—from chem trails and biological testing to the secrets of lobbying and the indisputable evidence of UFOs. Written in a smart, witty, and conversational style, elevated with amazing illustrations, *Stuff They Don't Want You to Know* is a vital book in understanding the nature of conspiracy and using truth as a powerful weapon against ignorance, misinformation, and lies.

This enhanced eBook features read-along narration. Although Matty's art teacher has warned him that too much glue never dries, Matty loves glue. After all, he and his dad make oodles of glue projects at home. One day during art class, Matty finds the fullest bottles of glue, and the fun begins. With a squeeze and a plop, Matty pours a lake of glue before belly-flopping right in the middle and finds himself stuck to the desk. When Matty's dad arrives at the school, instead of being mad, he celebrates his son's creativity and calls him a work of art. With vibrant language and artwork and a wild, silly plot, *Too Much Glue* is sure to appeal to all children who love to get messy.

[Savage Appetites](#) Simon and Schuster

"Over the blazing campfires, where the wind moaned eerily through the thickets of juniper and fir, they spoke of it in the Indian tongue—the strange lake to the southward whose waters never rest. And Nawa, the medicine man, who had lived such countless moons that not even the oldest member of his people could remember a time when Nawa was not old, declared that, if only you arrived at the right time, on the right night, you would see the buffaloes rise out of the middle of the lake and come crowding to the shore; for there, he said, was the sacred spot where the buffaloes began." Ten-year-old Little Wolf, an imaginative and courageous boy, is determined to observe this spectacle, and his quest leads not only to a miraculous vision but also to the salvation of his tribe. This Caldecott Honor picture book and National Book Award nominee was hailed by Booklist as "an eminent picture book and, incidentally, one that proves that black and white can move as forcefully as color." The New York Times praised artist Stephen Gammell for his "spectacular scenes of

tumbling clouds, of earth churned by flying hoofs, of teepees in the early dawn. But most of all he conveys the hulking, surging, rampaging strength of the shaggy buffaloes as they rise out of a shadowy mist, the mist of legend or dream."

Where the Buffaloes Begin Lindhardt og Ringhof

A "necessary and brilliant" (NPR) exploration of our cultural fascination with true crime told through four "enthraling" (The New York Times Book Review) narratives of obsession. In *Savage Appetites*, Rachel Monroe links four criminal roles—Detective, Victim, Defender, and Killer—to four true stories about women driven by obsession. From a frustrated and brilliant heiress crafting crime-scene dollhouses to a young woman who became part of a Manson victim's family, from a landscape architect in love with a convicted murderer to a Columbine fangirl who planned her own mass shooting, these women are alternately mesmerizing, horrifying, and sympathetic. A revealing study of women's complicated relationship with true crime and the fear and desire it can inspire, together these stories provide a window into why many women are drawn to crime narratives—even as they also recoil from them. Monroe uses these four cases to trace the history of American crime through the growth of forensic science, the evolving role of victims, the Satanic Panic, the rise of online detectives, and the long shadow of the Columbine shooting. Combining personal narrative, reportage, and a sociological examination of violence and media in the 20th and 21st centuries, *Savage Appetites* is a "corrective to the genre it interrogates" (The New Statesman), scrupulously exploring empathy, justice, and the persistent appeal of crime.

Stuff They Don't Want You to Know HarperCollins

The transition from President Donald J. Trump to President Joseph R. Biden Jr. stands as one of the most dangerous periods in American history. But as # 1 internationally bestselling author Bob Woodward and acclaimed reporter Robert Costa reveal for the first time, it was far more than just a domestic political crisis. Woodward and Costa interviewed more than 200 people at the center of the turmoil, resulting in more than 6,000 pages of transcripts—and a spellbinding and definitive portrait of a nation on the brink. This classic study of Washington takes readers deep inside the Trump White House, the Biden White House, the 2020 campaign, and the Pentagon and Congress, with vivid, eyewitness accounts of what really happened. Peril is supplemented throughout with never-before-seen material from secret orders, transcripts of confidential calls, diaries, emails, meeting notes and other personal and government records, making for an unparalleled history. It is also the first inside look at Biden's presidency as he faces the challenges of a lifetime: the continuing deadly pandemic and millions of Americans facing soul-crushing economic pain, all the while navigating a bitter and disabling partisan divide, a world rife with threats, and the hovering, dark shadow of the former president. "We have much to do in this winter of peril," Biden declared at his inauguration, an event marked by a nerve-racking security alert and the threat of domestic terrorism. Peril is the extraordinary story of the end of one presidency and the beginning of another, and represents the culmination of Bob Woodward's news-making trilogy on the Trump presidency, along with *Fear and Rage*. And it is the beginning of a collaboration with fellow Washington Post reporter Robert Costa that will remind readers of Woodward's coverage, with Carl Bernstein, of President Richard M. Nixon's final days.

In the kingdom of Axaria, a darkness rises. Some call it a monster, laying waste to the villagers and their homes. Some say it is an invulnerable demon summoned from the deepest abysses of the Immortal Realm. Many soldiers from the royal guard are sent out to hunt it down. Not one has ever returned. When Asterin Faelenhart, Princess of Axaria and heir to the throne, discovers that she may hold the key to defeating the mysterious demon terrorizing her kingdom, she vows not to rest until the beast is slain. With the help of her friends and the powers she wields—though has yet to fully understand—Asterin sets out to complete a single task. The task that countless trained soldiers have failed. To kill it. But as they hunt for the demon, they unearth a plot to assassinate the princess herself instead. Asterin and her companions begin to wonder how much of their lives have been lies, especially when they realize that the center of the web of deceit might very well be themselves. With no one else to turn to, they are forced to decide just how much they are willing to sacrifice to protect the only world they have ever known. That is ... if the demon doesn't get to them first. From young author Coco Ma comes a dazzling new tale of adventure, power, and betrayal, weaving together a stunning world of magic with a killer cast in an explosive, unforgettable debut.

The Witches Salem, 1692 Penguin

In this short story collection, a follow-up to 'scary stories to laugh at in the dark', the second book in a three-part planned series (in homage to Alvin Schwartz's 'Scary Stories to Tell in the Dark'), Lauren Alexis Wood turns her sarcastic and humorous tone a little darker. Too dark? Wait until the third book! Taking queues from idols like Stephen King and attempting thrilling suspense and intensity (in no way is that word being used simply because it was the best Dean Koontz book) from other beloved writers in her book collection, like Dan Simmons, this page-turning collection will still have you laughing in the dark, but, like, a little bit more on-edge.

Scary Stories to Tell If You Dare 2 Penguin

From the celebrated team behind *Creepy Carrots!*, Aaron Reynolds and Caldecott Honor winner Peter Brown, comes a hilarious (and just a little creepy) story of a brave rabbit and a very weird pair of underwear. Jasper Rabbit is NOT a little bunny anymore. He's not afraid of the dark, and he's definitely not afraid of something as silly as underwear. But when the lights go out, suddenly his new big rabbit underwear glows in the dark. A ghoulish, greenish glow. If Jasper didn't know any better he'd say his undies were a little, well, creepy. Jasper's not scared obviously, he's just done with creepy underwear. But after trying everything to get rid of them, they keep coming back!
