Healing is a birthright to all humanity. Our intricate design was meticulously created to operate in a way, in which our minds and bodies have the ability to heal itself. However, when we began to worry and allow our mind to stress, we create an hostile environment that makes it difficult for the body to achieve wholeness. "Dis-ease" and illness happens when the mind, body and spirit reaches an unbalanced state. To restore ourselves to our natural order, we must begin by believing and operating in a way that healing is possible; through our own power of being optimistic and spreading positive energy to all things we come in contact with. "Even a tree has more hope. If it is cut down, it will sprout again and grow new branches." Job 14:7 NLT

Over the hills and far away, a man suddenly finds after being struck by lightning that he is no longer walking in the Cumbrian Fells but is somewhere else entirely. Where that is, however, he does not know. The hills and mountains, lush green forests and the sea pounding at the shore are all unfamiliar and seem to beckon to him, drawing him from the paths and into the land itself. Yet he has little time to familiarise himself with these tantalising new sights and sounds that call to him before an unfortunate accident ends with him destroying a lighthouse and soon after a trading vessel that belongs to a mysterious ruler known only as, "The Keel." Soon he is abducted by the shipwrecked crew and they decide to take him to their master to stand trial for the wanton destruction of his property. There is, however, one problem. The journey overland through the countryside that is a mystery to him will take weeks to cover, and the journey grows hazardous as they walk further across the fertile green plains and mountains of a place he now knows to be called, "Felastia." It all started with the mysterious woman: the red-headed girl who would arrive at his place of work unannounced and ask to be fed. Yet she is more than she looks, for he cannot seem to either shake her from his thoughts, but neither can he find her. She seems to have vanished into thin air. Or has she? But there are others in this land that are waiting for him: mysterious spheres of light that seem to follow his every move, spying on him. There are servants of darkness that seem to be showing an unhealthy interest in him too, for forces are abroad that are seeking him out for purposes known only to themselves, and soon he will find himself embroiled in a war, his part in which is to prove to be the adventure - and journey - of a lifetime. Marked by the strange Shadow creatures and the Green Man himself, a battle rages within him for dominance, and his reluctance to choose a side sees within him the danger that he may fade and become mist, dispersed by the wind and lost to all. Now though the mysterious woman known only to him as Aoife has been found, and it is time for him to pick a side, for she has great need of him, as do the nations of Felastia, for war approaches, and soon events will combine to over-run them all. When We Clicked Light Emerging The Journey of Personal Healing The courageous story of how one American woman transcended normal. That is, she rediscovered the natural human state beneath the past trauma and conditioning of "life as we've always known it." Her transformational story is told through the inner, feminine view of a lifetime of Angel-ET visits, and numerous Kundalini-Koyopa episodes in the physical body. The nonhuman intelligence "spoke" in frequency, and informed her of humanity's evolutionary leap in consciousness at this definitive crossroads in time. She was shown that everyone is wired within to accept, integrate, and move forward with these shifts, but it is a choice.

Through a unique practice of honesty and innocence, she was guided to tune into and translate the resonance which began "filling in" the bulk of what had been conditioned out of most of humanity - the feeling-knowing wisdom of the feminine. The more she adapted to her own signature frequency, the more she felt and understood the universal tones of nonhuman intelligence. It made for a challenging life of attempting to appear normal, even when each visit would wipe out her entire worldview. Ultimately, a critical fork-in-the-road decision needed to be made: Be true to herself and honest with her community about what she was experiencing and remembering; or squish back into the insane, tight masks and clothing of conditioning that we were taught to believe was "life." There is so much more. In the change of cycles, the Maya prophesied the Return of the Plumed Serpent. This story points to a 26,000 year old alignment - in both the cosmos and the human body. The Author states that words and concepts don't really matter in these high-vibratory states - because when they occur, you cannot think. It's more about adapting to high frequencies in the body, healing and releasing the past, practicing present-moment attention, and embracing wave after wave of body-mind-spirit upgrades. Through her lifetime of experiences and the resonant practices given through this field of Love, the author provides a roadmap for you to navigate this revolutionary contact within. Should you choose to grow up and out of the old matrix, this book has plenty of inspiration, pragmatic guidance, and encouragement.

Readers across generations will share and co-experience numerous real life feelings and emotions with writer Bright as his winding trail of life opens in front of them. book endorsement for peter bright; i always thought that peter bright and i had many things in common; we both grew up in ohio, we both had careers in the live event and variety side of television, and the few times we had times to talk i thought we shared a mutual philosophy toward the ups and downs of life. but it wasn't until i read his "overdue" book that i realized just what a rich and storied life peter has had and how much more deeply he had experienced the highs and lows, particularly during his years in the military, than i ever could have imagined. it really amazes me just how little we know about people we think we know, and just how much more we appreciate who they are when we are fortunate enough to have that background filled in by someone as articulate and able to express both facts and feelings as peter has in this book. when i started to read it, i thought all of those common events that we shared would be an interesting parallel track to my life and as such i would have a great frame of reference, but as i read on, i realized just what an amazing story peter has to tell and just how well he tells it. ken ehrlich, executive producer, the grammy awards

ABOUT THE SERIES: THE CHILDREN OF THE ORB A long time ago on a planet far away there lived The Race of Enchanters, beings of Light. As is ever the situation when Light is present, so, also, is Darkness. These Sorcerors, close kin to the Enchanters, seek to influence and destroy all that had been protected and created by the Light. Other magical beings and creatures inhabit these realms and are torn and divided by this constant battle between Light and Dark; events and prophecies are ignored by the Light, The Dark, and the neutral; allegiances change and shift; power over all being the end result, for some. Then comes word of The Prophecy of Light: a being to come in the median of time to lead the Forces of Light to victory. Thus the stage is set in Colabos for Daniel Light and the Children of the Orb. STORY NOTES: The stories of *Two Black Birds* and *The Waters Of Life* (Brothers Grimm) loosely provide a basic framework on which to hang this re-imagined tale about The Children Of The Orb, which also alludes to the origin of the stories we know and love on Planet Earth as having possibly come from beyond our own Earthly experience. "The Quit Smoking Answer" is structured in such a way that all readers follow a process of "cold turkey" cessation through a step-by-step system to become nicotine free. The system shared is quick, easy, and proven, regardless of a person's dependency on nicotine. If you have ever thought, "wouldn't it be nice to quit smoking" than you've set the mood and you're ready to begin. It's easier to quit nicotine than you think! JW Smith, a smoker for 40 years, wrote this book after ending his vicious cycle of numerous failed attempts to quit. His system for nicotine cessation evolved over a subsequent six-week period of preparation to quit. He shares his story about a conversation with his nine year-old granddaughter that finally set the wheels in motion to find a better way - one that works. JW researched smoking cessation methods and used his own experience to forge a new path. This book may very well be destined to be in a category by itself in the nicotine cessation world of recommendations and advice. Why? Because it works! JW makes the case that smoking cessation is not an event, but rather a process. His book will teach you the key cognitive techniques he used to end both the physical and psychological addictions to nicotine. It debunks myths about

nicotine replacement therapy products and instead lays out a natural progression of steps for becoming a nonsmoker. The premise of the book is based on this famous quote; "When you change the way you look at things, the things you look at change." In the beginning of the book it is recommended to establish an environment and path of least resistance. Less resistance to quit is the first key step to becoming nicotine free. It is recommended that readers continue the use tobacco products including e-cigarettes while reading the book over a two or three day period of time- helping again to establish less resistance to quit. He additionally recommends as a first step that you tell no one of your desire to quit - preventing anyone including yourself of sabotaging your intention. As you apply the techniques and methods written about it becomes a natural procession leading up to your very last cigarette or use of chewing tobacco. A transformation of your thinking takes place and ending your addiction will seem like an "almost non-event" - as something just happens to you as you read this book. You will be physically and mentally prepared to end your addiction after reading this one of a kind book. Free from nicotine for life - and all the great rewards that come with it!
